Public Prosecutor:

Public Prosecutors in the United States and Europe Gwladys Gilliéron, 2014-04-14 This research examines the role of prosecutors within the United States and in Switzerland and is completed by an overview of the prosecution institutions in France and Germany The research recognizes that despite seemingly very different legal traditions and structures prosecutors in these systems are similar enough that each system might learn from the others Drawing upon the experiences of other nations this research proposes solutions to the problems identified in connection with the position and powers of public prosecutors in the United States Furthermore it outlines the problems related to the increase of prosecutorial power and the lessons the European criminal justice systems surveyed can draw from the experience in the US In terms of methodology this research not only considers formal legal provisions but also systematic structural factors academic literature and statistics revealing how the law and governing principles actually work in practice **The European Public**

Prosecutor's Office L. H. Erkelens, A.W.H. Meij, M. Pawlik, 2014-09-18 In 2013 the European Commission launched its legislative proposal to create a European Public Prosecutor's Office The proposal provoked fierce debates politically as well as on the academic level Many national parliaments opposed and submitted formally their grievances to the Commission Negotiations on the proposal between Member States are still ongoing The T M C Asser Instituut held the first international conference on this unprecedented proposal This book reflects the main results of that conference It provides a concise background of and reasoning for the introduction of this new EU body entrusted with far reaching judicial powers disclosing important legal and policy implications Within its hitherto limited scope the existing system of judicial cooperation between EU Member States will change fundamentally directly affecting the functioning of national courts and public prosecutions offices How will this evolve This book will help answering fundamental questions involved **The European Public**

Prosecutor's Office Lorena Bachmaier Winter, 2018-11-02 This book explores the European Public Prosecutor's Office EPPO the creation of which was approved in the Regulation adopted by the Justice and Home Affairs JHA Council on 12 October 2017 The EPPO will be an independent European prosecution office tasked with investigating and prosecuting those crimes defined in the recently adopted Regulation 2017/1371 on combating fraud against the Union's financial interests by means of criminal law As such it will be a new actor on the EU landscape governed by the principle of loyal cooperation with the national prosecuting authorities This work clarifies some of the challenges that member states will have to face when dealing with a supranational prosecution authority In addition it provides guidelines on how to implement the present Regulation while respecting the fundamental rights of defendants in criminal proceedings The book is of special interest in so far as the analysis and perspective of academics is completed with the contributions of legal experts who have either been involved in the negotiations to establish the European public prosecutor or will be closely linked as public prosecutors to the functioning of the future European public prosecutor's office **The German Prosecution Service** Shawn Marie Boyne, 2013-11-19

Acclaimed as the the most objective prosecutors in the world the German prosecution service has long attracted the attention in the past of comparative law scholars At first glance the institutional position and statutory mandate of German prosecutors indicate that that reputation is well deserved Unfortunately the introduction of charge bargaining has opened the door to criticism that German prosecutors have abandoned their role of objective decision makers Using interview data collected from interviews with German prosecutors themselves as well as quantitative data the book uses the actual voices of German prosecutors to show how real world constraints rather than changes in the law undermine the ability of German prosecutors to objectively seek the truth The book will take readers behind closed doors where prosecutors discuss case decisions and unveil the realities of practice As a result it will critically revise previous studies of German prosecution practices and offer readers a well researched ethnographic analysis of actual German decision making practices and the culture of the prosecution service Unlike prosecutors in America s adversarial system whom critics claim are driven by a conviction mentality and gamesmanship German prosecutors are institutionally positioned to function as at least semi judicial officials dedicated to finding a case s objective truth The book argues that organizational incentives and norms rather than the boundaries of the law determinately shapes how prosecutors investigate and prosecute crime in Germany **The European**

Public Prosecutor's Office Laura Schmeer,2025-09-26 This book offers a comprehensive account of the creation of the European Public Prosecutor s Office and the development of a supranational criminal justice system by national and European institutional actors It analyses the emergence of an EU authority in criminal justice one of the last bastions of national sovereignty It explains how and why core state powers were delegated to this new European law enforcement body and how sovereignty was reconfigured in this context This book reveals the political dimension of the EU criminal justice domain thereby illuminating how sovereignty is understood by national and European decision makers today and negotiated in an intricate process of accommodating conflicting norms and interests [The Training of Judges and Public Prosecutors in Europe](#) Council of Europe,Centro de Estudos Judiciários (Lisbon, Portugal),1996-01-01 Verburg and Armando Leandro
