Public Space And The Culture Of Childhood:

Public Space and the Culture of Childhood Gill Valentine, 2017-03-02 Children are at the heart of popular and public debates in North America and Europe about the culture of public space On the one hand there is increased anxiety about children's vulnerability to stranger danger on the other there is a rising tide of fear about out of control and dangerous youth This book addresses both these debates about children's role in public space setting them within an academic framework and drawing on a range of interdisciplinary work on childhood young people and parenting It is therefore relevant to practitioners and policy makers concerned with the nature and future of public space and to academics researching or teaching about childhood family or public space in the disciplines of sociology social policy and geography *Young People and the Shaping of Public Space in Melbourne, 1870-1914* Simon Sleight, 2016-02-11 Baby booms have a long history In 1870 colonial Melbourne was perspiring juvenile humanity with an astonishing 42 per cent of the city's inhabitants aged 14 and under a demographic anomaly resulting from the gold rushes of the 1850s Within this context Simon Sleight enters the heated debate concerning the future prospects of Young Australia and the place of the colonial child within the incipient Australian nation Looking beyond those institutional sites so often assessed by historians of childhood he ranges across the outdoor city to chart the relationship between a discourse about youth youthful experience and the shaping of new urban spaces Play street work consumerism courtship gang related activities and public parades are examined using a plethora of historical sources to reveal a hitherto hidden layer of city life Capturing the voices of young people as well as those of their parents Sleight alerts us to the ways in which young people shaped the emergent metropolis by appropriating space and attempting to impress upon the city their own desires Here a dynamic youth culture flourished well before the discovery of the teenager in the mid twentieth century here young people and the city grew up together **The Wiley-Blackwell Companion to Cultural Geography** Nuala C. Johnson, Richard H. Schein, Jamie Winders, 2016-10-03 Named a 2014 Choice Outstanding Academic Title Combining coverage of key themes and debates from a variety of historical and theoretical perspectives this authoritative reference volume offers the most up to date and substantive analysis of cultural geography currently available A significantly revised new edition covering a number of new topics such as biotechnology rural food media and tech borders and tourism whilst also reflecting developments in established subjects including animal geographies Edited and written by the leading authorities in this fast developing discipline and features a host of new contributors to the second edition Traces the historical evolution of cultural geography through to the very latest research Provides an international perspective reflecting the advancing academic traditions of non Western institutions especially in Asia Features a thematic structure with sections exploring topics such as identities nature and culture and flows and mobility *Public Spaces* Joao Teixeira Lopes, Ray Hutchison, 2016-11-17 This volume is about the plurality and complexity of modern urban public spaces The authors move far beyond the nostalgia of traditional streets squares and gardens to mobilize contemporary

sociological knowledge based on the mediated relations between spatial morphology and everyday life in cities across several continents Children, Youth and the City Kathrin Horschelmann, Lorraine van Blerk, 2013-06-17 More than half of the global and around eighty per cent of the western population grow up in cities Here Horschelmann and van Blerk provide a vivid picture of children and youths in the city how they make sense of it and how they appropriate it through their social actions Considering the causes and forms of social inequalities in relation to class gender ethnicity sexuality ability and geographical location this book discusses specific issues such as poverty homelessness and work Each chapter draws on examples and cases from both the developed and developing world and throughout the chapters it contrasts experiences of growing up in the city focuses on urban youth culture consumption and globalization considers contemporary movements towards the role of children and youths in planning processes Horschelmann and van Blerk argue that youths must be recognised as urban social agents in their own right Their informative book though dealing with complex theoretical arguments relates key ideas to this topical subject in a clear and coherent manner making this book an excellent resource for students of human geography urban studies and childhood studies *Public Space Reader* Miodrag Mitrašinić, Vikas Mehta, 2021-03-30 Recent global appropriations of public spaces through urban activism public uprising and political protest have brought back democratic values beliefs and practices that have been historically associated with cities Given the aggressive commodification of public resources public space is critically important due to its capacity to enable forms of public discourse and social practice which are fundamental for the well being of democratic societies Public Space Reader brings together public space scholarship by a cross disciplinary group of academics and specialists whose essays consider fundamental questions What is public space and how does it manifest larger cultural social and political processes How are public spaces designed socially and materially produced and managed How does this impact the nature and character of public experience What roles does it play in the struggles for the just city and the Right to The City What critical participatory approaches can be employed to create inclusive public spaces that respond to the diverse needs desires and aspirations of individuals and communities alike What are the critical global and comparative perspectives on public space that can enable further scholarly and professional work And what are the futures of public space in the face of global pandemics such as COVID 19 The readers of this volume will be rewarded with an impressive array of perspectives that are bound to expand critical understanding of public space **Geographies of Children, Youth and Families** Louise Holt, 2010-12-21 This edited collection brings together international experts of geographies of children youth and families The book provides an overview of current conceptual and theoretical debates drawing upon cutting edge research from across the globe The volume is an invaluable course text for undergraduate and postgraduate students of geography the social sciences and education *Childhood in a Global Perspective* Karen Wells, 2015-02-02 The second edition of this compelling and popular book offers a unique global perspective on children's lives throughout the world It shows how the

notion of childhood is being radically re shaped in part as a consequence of globalization Taking an engaging historical and comparative approach the book explores social issues such as how children are constituted as raced classed and gendered subjects how children s involvement in war is connected to the globalization of capitalism and organized crime and how school and work operate as sites for the governing of childhood The book discusses wide ranging topics including children s rights the family children and war child labour and young people s activism around the globe In addition to updated literature throughout the revised edition includes new chapters on migration and trafficking and the role of play The book will continue to be of great value to students and scholars in the fields of sociology geography social policy and development studies It will also be a valuable companion to practitioners of international development and social work as well as to anyone interested in childhood in the contemporary world

The Routledge Handbook on the Influence of Built Environments on Diverse Childhoods Kate Bishop, Katina Dimoulas, 2024-07-01 Children and young people are often discussed as if they are homogenous groups The reality is of course very different with an enormous variation within each of these groups and in any domain of experience pertaining to childhood or adolescence Driven by personal sociocultural geographic or economic circumstances many children and young people worldwide are experiencing a totally different reality to those who fit with more mainstream patterns of childhood This has substantial implications for their sociophysical environmental experience and our understanding of their physical environmental needs The aim of this book is to draw attention to these alternate realities for a number of these groups of children and young people highlighting the unique and different considerations associated with their particular circumstances in each instance and identifying the repercussions for their physical environmental needs Ultimately this book creates an evidence based discussion which can be used by designers planners and policy makers and those delivering services and programs to children and young people as a basis to make informed decisions on how to work with the groups of children and young people in our book for better environmental provision

Child and Youth Agency in Science Fiction Ingrid E. Castro, Jessica Clark, 2019-10-15 Child and Youth Agency in Science Fiction Travel Technology Time intersects considerations about children s and youth s agency with the popular culture genre of science fiction As scholars in childhood studies and beyond seek to expand understandings of agency in children s lives this collection places science fiction at the heart of this endeavor Retellings of the past narratives of the present and new landscapes of the future each explored in science fiction allow for creative reimaginings of the capabilities movements and agency of youth Core themes of generation embodiment family identity belonging gender and friendship traverse across the chapters and inform the contributors readings of various film literature television and virtual media sources Here children and youth are heterogeneous and agency as a central analytical concept is interrogated through interdisciplinary intersectional intergenerational and posthuman analyses The contributors argue that there is vast power in science fiction representations of children s agency to challenge accepted notions of neoliberal agency enhance

understandings of agency in childhood studies and further contextualize agency in the lives voices and cultures of youth
