Christopher B. Balme

Puccini La Boheme Baz Luhrmann The Australian Opera:

Baz Luhrmann Pam Cook, 2019-07-25 This is the first major book length study of the work of Australian film maker Baz Luhrmann one of the most exciting and controversial personalities working in World Cinema today Luhrmann's reputation as an innovator rests on the evidence of the three films known as the Red Curtain Trilogy Strictly Ballroom 1992 William Shakespeare's Romeo Juliet 1996 and Moulin Rouge 2001 which together demonstrate the development of a highly distinctive style and brand Pam Cook who was given unprecedented access to the Luhrmann private archives explores the genesis of the Red Curtain aesthetic from Luhrmann's early experience in theatre and opera to his collaborative working methods and unique production set up Drawing on in depth interviews with Luhrmann and his chief collaborator designer Catherine Martin she traces the roots of their work in an increasingly globalised Australian film culture investigating the relationship of their company Bazmark to the Hollywood studio Twentieth Century Fox and the influences on their style and production methods At the book's heart are substantial analyses of the spectacular Red Curtain films and the historical epic Australia 2008 This lively and original study of one of contemporary cinema's most fascinating figures will appeal to film scholars cultural historians and Luhrmann enthusiasts alike

Baz Luhrmann Tom Ryan, 2014-11-05 Though he has made only five films in two decades Strictly Ballroom William Shakespeare's Romeo Juliet and the Oscar nominated films Moulin Rouge Australia and The Great Gatsby Australian writer director Baz Luhrmann is an internationally known brand name His name has even entered the English language as a verb as in to Baz things up meaning to decorate them with an exuberant flourish Celebrated by some loathed by others his work is underscored by what has been described as an aesthetic of artifice and is notable for both its glittering surfaces and recurring concerns In this collection of interviews Luhrmann discusses his methods and his motives explaining what has been important to him and his collaborators from the start and how he has been able to maintain an independence from the studios that have backed his films He also speaks about his other artistic endeavors including stage productions of La Boheme and A Midsummer Night's Dream and his wife and collaborative partner Catherine Martin who has received two Academy Awards for her work with Luhrmann

The New Grove Book of Operas Stanley Sadie, 1996 This book combines meticulous scholarship with a lightness of touch that will delight the opera goer The fascinating illustrations bring an amusing dimension showing how opera has been staged from its beginnings to modern deconstructed productions The operas are listed in alphabetical order In addition to a full synopsis of every plot there is a cast list and a note of the singers in the original production as well as information about the origins of the work and its literary and social background Each contribution concludes with a brief comment on its place in operatic history There is also a listing by composer a glossary and indexes of the names of operatic characters and the first lines of arias so if you are not sure which opera Gilda or Agathe sings in or are apt to confuse Vespina with Despina your problem is quickly solved

The Cambridge Introduction to Theatre Studies Christopher B. Balme, 2008-09-18 Providing thorough coverage of the

methods and tools required in studying historical and contemporary theatre this Introduction examines the complexities of a rapidly changing and dynamic discipline Following a cross cultural perspective the book surveys the ways theatre and performance are studied by looking initially at key elements such as performers spectators and space The central focus is on methodology which is divided into sections covering theatre theory historiography and textual and performance analysis The book covers all the main theatrical genres drama opera and dance providing students with a comparative integrated perspective Designed to guide students through the academic dimension of the discipline the volume emphasizes questions of methodology research techniques and approaches and will therefore be relevant for a wide variety of theatre studies courses Informative textboxes provide background on key topics and suggestions for further reading are included at the end of each chapter
