Punch In The Air A Cartoon History Of F:

Mr. Punch's History of Modern England Vol. I—1841-1857 (of 4) (Illustrations) Charles Larcom Graves
,2014-11-25 Example in this ebook The title of this work indicates at once its main source and its limitations The files of Punch have been generally admitted to be a valuable mine of information on the manners customs and fashions of the Victorian age and of the wealth of material thus provided liberal use has been made But it must not be forgotten that Punch has always been a London paper and that in so far as English life is reflected in his pages London always comes first though in this volume and especially during the Hungry Forties Lancashire comes a very good second For pictures of provincial society such for example as that given in Cranford or in the novels of Trollope or of life in Edinburgh or Dublin the chronicler of Victorian England must look outside Punch The country cousin is not forgotten but for the most part comes into view when he is on a visit to London not when he is on his native heath Yet even with these deductions the amount of material is embarrassingly rich And this is due not only to the multiplicity of subjects treated but to the manner in which they were discussed Of Punch in his early days at any rate the criticism recently applied to Victorian writers in general by a writer in Blackwood holds good They had a great deal to say and they said it sometimes in too loud a voice Such was their virtue to which their vice was akin Their vice was the vice of rhetoric They fell to the temptation of many words They wrote too often as the tub thumper speaks without much self criticism and with a too fervent desire to be heard immediately and at all costs In the forties Punch doubled the roles of jester and political pamphleteer and in the latter capacity indulged in a great deal of vehement partisan rhetoric The loudest the most passionate and moving as well as the least judicial of his spokesmen was Douglas Jerrold The choice of dividing lines between periods must always be somewhat artificial but I was confirmed in my decision to end the first volume with the year of the Indian Mutiny by the fact that it coincided with the death of Douglas Jerrold who from 1841 to 1857 had more than any other writer been responsible for the Radical and humanitarian views expressed in Punch My task would have been greatly simplified by the exclusion of politics altogether But to do that would have involved the neglect of what is after all perhaps the most interesting and in many ways the most honourable phase of Punch's history his championship of the poor and oppressed and his efforts to bridge the gap between the Two Nations the phrase which was used and justified in the finest passage of Disraeli's *Sybil* and which I have chosen as the title for the first part of the present volume To write a Social History of England at any time without reference to the political background would be difficult it is practically impossible in a chronicle based on Punch in the forties and fifties In the second part I have endeavoured to redress the balance Here one recognizes the advantages of Punch's London outlook in dealing with the Court and fashion and the acute contrasts furnished between Mayfair on the one hand and the suburbs and slums on the other No attempt has been made to represent Punch as infallible whether as a recorder a critic or a prophet He was often wrong unjust and even cruel notably in his view of Peel and Lincoln and in his conduct of the No Popery crusade though he seldom

failed to make amends even to the extent of standing in a white sheet over Lincoln's grave To be continue in this ebook

Artist of Wonderland Frankie Morris, 2023-01-01 Best known today as the illustrator of Lewis Carroll's Alice books John Tenniel was one of the Victorian era's chief political cartoonists This extensively illustrated book is the first to draw almost exclusively on primary sources in family collections public archives and other depositories Frankie Morris examines Tenniel's life and work producing a book that is not only a definitive resource for scholars and collectors but one that can be easily enjoyed by everyone interested in Victorian life and art social history journalism and political cartoon and illustrated books From his sunny childhood and early enthusiasm for sports theatre and medievalism to his flirtation with high art and fifty year relationship with the London journal Punch Tenniel is shown to have been the sociable and urbane humourist revealed in his drawings There follow three parts on Tenniel's work in which Morris examines Tenniel's methods and his earlier book illustrations the Alice pictures and the Punch cartoons She addresses such little understood subjects as Tenniel's drawings on wood his relationship with Lewis Carroll and his controversial Irish cartoons and examines the salient characteristics of his approximately 4 500 drawings for books and journals The definitive study of both the man and the work *Artist of Wonderland* gives an unprecedented view of the cartoonist who mythologised the world for generations of Britons **Punch** Mark

Air Pictorial, 1962 **Punch or the London Charivari** Anonymous, 2025-08-07 Reprint of the original first published in 1843 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **Readers' Guide to Periodical Literature**, 1945 **Making History** Richard Cohen, 2022-04-19 A supremely entertaining The New Yorker exploration of who gets to record the world's history from Julius Caesar to William Shakespeare to Ken Burns and how their biases influence our understanding about the past There are many stories we can spin about previous ages but which accounts get told And by whom Is there even such a thing as objective history In this witty wise and elegant The Spectator book Richard Cohen reveals how professional historians and other equally significant witnesses such as the writers of the Bible novelists and political propagandists influence what becomes the accepted record Cohen argues for example that some historians are practitioners of Bad History and twist reality to glorify themselves or their country Scholarly lively quotable up to date and fun Hilary Mantel author of the bestselling Thomas Cromwell trilogy *Making History* investigates the published works and private utterances of our greatest chroniclers to discover the agendas that informed their and our views of the world From the origins of history writing when such an activity itself seemed revolutionary through to television and the digital age Cohen brings captivating figures to vivid light from Thucydides and Tacitus to Voltaire and Gibbon Winston Churchill and Henry Louis Gates Rich in complex truths and surprising anecdotes the result is a revealing exploration of both the aims and art of history making one that will lead us to rethink how we learn about our past and about ourselves
