Pax Ethnica Karl E. Meyer, Shareen Blair Brysac, 2012-03-13 In a world replete with stories of sectarian violence we are often left wondering Are there places where people of different ethnicities especially with significant Muslim minorities live in peace If so why haven't we heard more about them and what explains their success To answer these questions Karl Meyer and Shareen Brysac undertook a two year exploration of oases of civility places notable for minimal violence rising life expectancy high literacy and pragmatic compromises on cultural rights They explored the Indian state of Kerala the Russian republic of Tatarstan the city of Marseille in France the city of Flensburg Germany and the borough of Queens New York Through scores of interviews they document ways and means that have proven successful in defusing ethnic tensions This pathbreaking book elegantly blends political history sociology anthropology and journalism to provide big ideas for peace

Special Providence Walter Russell Mead, 2013-05-13 God has a special providence for fools drunks and the United States of America Otto von Bismarck America's response to the September 11 attacks spotlighted many of the country's longstanding goals on the world stage to protect liberty at home to secure America's economic interests to spread democracy in totalitarian regimes and to vanquish the enemy utterly One of America's leading foreign policy thinkers Walter Russell Mead argues that these diverse conflicting impulses have in fact been the key to the U.S.'s success in the world In a sweeping new synthesis Mead uncovers four distinct historical patterns in foreign policy each exemplified by a towering figure from our past Wilsonians are moral missionaries making the world safe for democracy by creating international watchdogs like the U.N. Hamiltonians likewise support international engagement but their goal is to open foreign markets and expand the economy Populist Jacksonians support a strong military one that should be used rarely but then with overwhelming force to bring the enemy to its knees Jeffersonians concerned primarily with liberty at home are suspicious of both big military and large scale international projects A striking new vision of America's place in the world Special Providence transcends stale debates about realists vs idealists and hawks vs doves to provide a revolutionary nuanced historically grounded view of American foreign policy

The Op-Ed Novel Bécquer Seguí, 2024-01-09 The Op Ed Novel follows a clutch of globally renowned Spanish novelists who swept into the political sphere via the pages of *El País* Their literary sensibility transformed opinion journalism and their weekly columns changed their novels which became venues for speculative historical claims partisan political projects and intellectual

argument **She Said What?** Maria Braden, 2021-11-21 No longer relegated to reporting on society happenings or household hints women columnists have over the past twenty years surged across the boundary separating the women's or lifestyle sections and into the formerly male bastions of the editorial financial medical and op ed pages Where men previously controlled the nation's new organizations were the chief opinion givers and defined what is newsworthy many women newspaper columnists are now nationally syndicated and tackle the same subjects as their male counterparts bringing with them distinctive styles and viewpoints Through these frank and lively interviews Maria Braden explores the lives and work of columnists Erma Bombeck Jane Brody Mona Charen Merlene Davis Georgie Anne Geyer Dorothy Gilliam Ellen Goodman Molly Ivins Mary McGrory Judith Miss Manners Martin Joyce Maynard Anna Quindlen and Jane Bryant Quinn Profiles describe how these writers got started where they get the nerve to tell the world what they think how they generate ideas for columns and what it's like to create under the pressure of deadlines Representative columns illustrate their distinctive voices and an introductory essay provides a historical overview of women in journalism including pioneering women columnists Fanny Fern Dorothy Thompson and Sylvia Porter Braden finds that today's women columnists frequently raise issues or use examples unique to their gender Because they are likely to have a direct personal connection to current social issues such as abortion child care or sexual harassment they are able to provide fresh perspectives on these provocative topics In doing so they are helping to define what is worthy of attention in the 90s and to shape public response A unique addition to the literature on women in journalism this book will interest general readers as well as students of journalism literature American studies and women's studies Aspiring writers will find here role models and practical guidance **Deadline Artists** John P. Avlon, Jesse Angelo, Errol Louis, 2011-09-21 Now in its fifth hardcover printing Deadline Artists celebrates the relevance of the newspaper column through the simple power of excellent writing It is an inspiration for a new generation of writers whether their medium is print or digital looking to learn from the best of their predecessors Contributors include Jimmy Breslin Ernie Pyle Dorothy Thompson Thomas L. Friedman David Brooks Ernest Hemingway Will Rogers Langston Hughes Woody Guthrie Ambrose Bierce Mark Twain H. L. Mencken Art Buchwald William F. Buckley Dave Barry Anna Quindlen George Will and Pete Hamill **The Princeton Anthology of Writing** John McPhee, Carol Rigolot, 2021-09-14 In 1957 long before colleges awarded degrees in creative nonfiction and back when newspaper writing's reputation was tainted by the fish it wrapped Princeton began honoring talented literary journalists Since then fifty nine of the finest most dedicated and most decorated nonfiction writers have held the Ferris and McGraw professorships This monumental volume harbors their favorite and often most influential works Each contribution is rewarding reading and collectively the selections validate journalism's ascent into the esteem of the academy and the reading public Necessarily eclectic and delightfully idiosyncratic the fifty nine pieces are long and short political and personal comic and deadly serious Students will be provoked by William Greider's pointed critique of the democracy industry eerily entertained by Leslie Cockburn's fraternization with the Cali cartel inspired by

David K Shi's thoughts on race unsettled by Haynes Johnson's account of Bay of Pigs survivors and moved by Lucinda Frank's essay on a mother fighting to save a child born with birth defects. Many of the essays are finely crafted portraits: Charlotte Grimes's biography of her grandmother Blair Clark's obituary for Robert Lowell and Jane Kramer's affecting story of a woman hero of the French Resistance. Other contributions to savor include Harrison Salisbury on the siege of Leningrad, Landon Jones on the 1950s, Christopher Wren on Soviet mountaineering, James Gleick on technology, Gloria Emerson on Vietnam, Gina Kolata on Fermat's last theorem and Roger Mudd on the media. Whether approached chronologically, thematically, randomly, or as the editors order them more intuitively, each suggests a perfect evening reading. Designed for students as well as general readers, *The Princeton Anthology of Writing* splendidly attests to the elegance, eloquence, and endurance of fine nonfiction.

[Encyclopedia of the Essay](#) Tracy Chevalier, 2012-10-12. This groundbreaking new source of international scope defines the essay as nonfictional prose texts of between one and 50 pages in length. The more than 500 entries by 275 contributors include entries on nationalities, various categories of essays such as generic, such as sermons, aphorisms, individual major works, notable writers, and periodicals that created a market for essays and particularly famous or significant essays. The preface details the historical development of the essay, and the alphabetically arranged entries usually include biographical sketch, nationality, era, selected writings, list of additional readings, and anthologies.

[Encyclopedia of Journalism](#) Christopher H. Sterling, 2009-09-23. Written in a clear and accessible style that would suit the needs of journalists and scholars alike, this encyclopedia is highly recommended for large news organizations and all schools of journalism.

Starred Review. *Library Journal*: Journalism permeates our lives and shapes our thoughts in ways we've long taken for granted. Whether we listen to National Public Radio in the morning, view the lead story on the Today show, read the morning newspaper headlines, stay up to the minute with Internet news, browse grocery store tabloids, receive Time magazine in our mailbox, or watch the nightly news on television, journalism pervades our daily activities. The six-volume *Encyclopedia of Journalism* covers all significant dimensions of journalism, including print, broadcast, and Internet journalism. U.S. and international perspectives, history, technology, legal issues, and court cases, ownership, and economics. The set contains more than 350 signed entries under the direction of leading journalism scholar Christopher H. Sterling of The George Washington University. In the A to Z volumes 1 through 4, both scholars and journalists contribute articles that span the field's wide spectrum of topics, from design, editing, advertising, and marketing to libel, censorship, First Amendment rights, and bias to digital manipulation, media hoaxes, political cartoonists, and secrecy and leaks. Also covered are recently emerging media, such as podcasting, blogs, and chat rooms. The last two volumes contain a thorough listing of journalism awards and prizes, a lengthy section on journalism freedom around the world, an annotated bibliography, and key documents. The latter edited by Glenn Lewis of CUNY Graduate School of Journalism and York College. CUNY comprises dozens of primary documents involving codes of ethics, media and the law, and future changes in store for journalism education. Key Themes: Consumers and
