Carthaginian Armies of the Punic Wars, 264-146 BC Gabriele Esposito, 2023-11-23 The Carthaginians were undoubtedly the most formidable enemies of the ever expanding Roman Republic due to their sophisticated and often well led military forces Although the citizens of Carthage itself a seafaring mercantile state by tradition may not have had the same military ethos as the Romans they compensated by fielding varied multinational armies consisting of subject allied and mercenary contingents many of them recruited from the most famous warrior peoples of the Mediterranean These included the incomparable Numidian light cavalry the famed slingers of the Balearic islands fierce Celts and skilled Spanish swordsmen not forgetting the famous war elephants During the first of the three conflicts that they fought against the Roman Republic the famous Punic Wars the Carthaginians completely reformed their land forces along Hellenistic lines and invited an experienced Spartan officer to command it During the Second Punic War they obtained a series of stunning victories over the Romans under the brilliant leadership of their own Hannibal Barca marauding through Italy for some fifteen years Gabriele Esposito reconstructs the history organization and weapons of the Carthaginian military forces across the Punic Wars 264 146 BC The weapons armor and tactics of each of the various ethnic

The Punic Wars Nigel Bagnall, 2005-07 The Punic Wars triggered an era of astonishing human misfortune Resulting from a mighty power struggle between the military confederation of Rome and the trading empire of Carthage between 264 241 B C 218 201 B C and 149 146 b c the wars were fought over a period of 118 years Massive man made devastation on both sides left RB C ome s population radically depleted and Carthage razed and erased from the map Sir Nigel Bagnall brings his military experience and a modern professional eye to bear in analyzing the Punic Wars here He marshals classic military strategists such as Livy Polybius and Diodorus to plot the wars campaigns in Spain Africa Sicily and the Peloponnese and follows Hannibal s daring but unsuccessful strike into the heart of Italy But Bagnall goes beyond military strategy to discuss the force structures and politics of Rome and Carthage at their heights And he contrasts their conduct of battle at strategic operational and tactical levels to show how they were governed by the same military principles used by nations today His thought provoking final chapter relates these wars lessons to modern times in an impressive argument for adapting the experience of the past to the needs of the future While the history of the Punic Wars dates back over 2000 years Bagnall s comprehensive account demonstrates that this ancient conflict is remarkable both for its scope and its contemporary relevance

The Roman Army of the Punic Wars 264-146 BC Nic Fields, 2007-05-22 Long before the Second Punic War 218 201 BC Rome s influence extended no further than the Alps and the wars that it fought consisted of small scale raids and cattle rustling with perhaps the occasional battle between armies Nevertheless within a century the seeds of an empire had been sown in Iberia Africa and the Greek east and the Roman Republican army became the most successful of its day establishing standards of discipline organization and efficiency that set a bench mark for the later armies of Rome With the evolution of the Roman Republic came the adoption of the Manipular legion a formation taken from the hoplite phalanx and first used in mass deployment against the North African nation of Carthage during the Punic Wars In

Carthaginians had disputed the island of Sicily for several centuries without reaching a decisive result The Etruscans maintained an alliance with Carthage which allowed them for some time to control the Tyrrhenian until a naval defeat marked the beginning of Etruscan decadence and allowed Greek expansion into the western Mediterranean Sicily became a battleground not only between Greeks and Carthaginians but also between the powerful Delos League headed by Athens and its rival Sparta From that conflict the city of Syracuse emerged as the main Sicilian force and managed to reject some Carthaginian offensives In the 3rd century BC the conflict seemed to have reached a point of equilibrium with some advantage for Carthage which controlled most of Sicily Then a third force emerged on the horizon Rome The new power had subdued the Italian peninsula after several centuries of fighting and even Pyrrhus and the cities of Magna Grecia were defeated by the Roman legions that now stopped at the edge of the sea directed their first looks towards Sicily **An**
