The A to Z of the Fashion Industry Francesca Sterlacci,Joanne Arbuckle,2009-10-26 The history of clothing begins with the origin of man and fashionable dress can be traced as far back as 25 000 years ago Recent scientific explorations have uncovered graves in northern Russia with skeletons covered in beads made of mammoth ivory that once adorned clothing made of animal skin The Ancient Egyptians Greeks and Romans each made major contributions to fashion s legacy from their textile innovations unique clothing designs and their early use of accessories cosmetics and jewelry During the Middle Ages fashion trends emerged as trade and commerce thrived allowing the merchant class to afford to emulate the fashions worn by royals However it is widely believed that fashion didn t become an industry until the industrial and commercial revolution during the latter part of the 18th century Since then the industry has grown exponentially Today fashion is one of the biggest businesses in the world with hundreds of billions of dollars in turnover and employing tens of millions of workers It is both a profession an industry and in the eyes of many an art The A to Z of the Fashion Industry examines the origins and history of this billion dollar industry This is done through a chronology an introductory essay a bibliography and hundreds of cross referenced entries on designers models couture houses significant articles of apparel and fabrics trade unions and the international trade organizations

The A to Z of Westerns in Cinema Paul Varner,2009-09-28 When the earliest filmgoers watched The Great Train Robbery in 1903 many of them shrieked in terror at the very last clip when one of the

outlaws turns directly toward the camera and fires a gun seemingly directly at the audience The puff of smoke was sudden and it was hand colored so that it looked real Today we can look back at that primitive movie and see all the elements of what would evolve into the Western genre Perhaps it is the Western's early origins The Great Train Robbery was the first narrative commercial movie or its formulaic yet entertaining structure that has made the Western so popular Whatever the case may be with the recent success of films like 3 10 to Yuma and The Assassination of Jesse James by the Coward Robert Ford the Western appears to be in no danger of disappearing The story of the western is told in The A to Z of Westerns in Cinema through a chronology a bibliography and an introductory essay However it is the hundreds of cross referenced dictionary entries on cinematographers composers producers films like Butch Cassidy and the Sundance Kid Dances With Wolves The Good The Bad and the Ugly High Noon The Magnificent Seven The Searchers Tombstone and Unforgiven such actors as Gene Autry Kirk Douglas Clint Eastwood Henry Fonda James Stewart and John Wayne and directors like John Ford and Sergio Leone that will have you reaching for this book again and again

Adolescents A to Z Tiffany Field, 2011-09-15 In the book Adolescents A to Z Tiffany Field has reviewed recent research on adolescence issues from A to Z Parents often feel the need to consult a reference book

regarding problems their adolescents are experiencing Although encyclopedia like books have been written on adolescents medical problems those do not include behavior problems Books that cover behavior problems are not organized in alphabetical order but rather the problems are imbedded in different age sections or in general discussions forcing the parent to read all the material to find the specific problem Most discussions of adolescents problems even by well known authors are largely based on anecdotal material and clinical experience rather than research data The volume Adolescents A to Z solves both of these problems It is not only organized alphabetically for the reader s easy access but its entries are based on current research data Some anecdotal material is used for interest value but the content is drawn from literature searches
