India B.B. Kumar,2016-01-01 The caste though most important social institution of this country is the most misunderstood one It has undergone a lot of changes during last millennium and to a large extent it is a post Turk phenomenon in its present form The perception haziness about the caste and about India s culture and tradition is due to colonial myth making and growing culture and tradition illiteracy of the educated Indians The book deals with various aspects of caste culture and traditions of India *Traditional Ritual as Christian Worship* Burrows, William R.,Shaw, R. Daniel,2018-03-27 A necessary task of missionaries in recent decades has been to help local Christians inculturate or contextualize their faith although the criteria for doing so often came from outside the context in which new believers developed their understanding of Christianity Highlighting the voices of non Western scholars this work recognizes the importance of ritual and ceremony in the life of communities that seek to worship God in ways that reflect culturally appropriate responses to Scripture The contributors some of missiology s leading lights discuss rituals beliefs and practices of diverse peoples supporting the conclusion that orthodox Christianity is hybrid Christianity **Indians in the Americas** William Marder,2005 Many books over the years have promised to tell the true story of the Native American Indians Many however have been filled with misinformation or derogatory views Finally here is a book that the Native American can believe in This well researched book tells the true story of Native American accomplishments challenges and struggles and is a gold mine for the serious researcher It includes extensive notes to the text and over 500 photographs and illustrations many that have never before been published The author after 20 years of research has attempted to provide the world with the most truthful and accurate portrayal of the Native American Indians Every serious researcher and Native American family should have this ground breaking book *Ezekiel's Visionary Temple in Babylonian Context* Tova Ganzel,2021-09-07 Ezekiel s Visionary Temple in Babylonian Context examines evidence from Babylonian sources to better understand Ezekiel s vision of the future temple as it appears in chapters 40 48 Tova Ganzel argues that Neo Babylonian temples provide a meaningful backdrop against which many unique features of Ezekiel s vision can and should be interpreted In pointing to the similarities between Neo Babylonian temples and the description in the book of Ezekiel Ganzel demonstrates how these temples served as a context for the prophet s visions and describes the extent to which these similarities provide a further basis for broader research of the connections between Babylonia and the Bible Ultimately she argues the extent to which the book of Ezekiel models its temple on those of the Babylonians Thus this book suggests a comprehensive picture of the book of Ezekiel s worldview and to contextualize its visionary temple by comparing its vision to the actual temples surrounding the Judeans in exile *Sacred Journey of the Medicine Wheel* Myron Old Bear,2008-10 The nineteen Teaching Sessions presented in this book also explain the specific steps involved in conducting many ancient ceremonies that collectively can create a personal lifestyle that produces peace harmony and balance within the Sacred Circle of Life The words to the songs

associated with those ceremonies are printed in the Appendix
