Puritan Revolution A Documentary History:

The Puritan Revolution Stuart E. Prall, 2020-11-05 Originally published in 1968 the documents collected in this volume all re set for ease of reading trace the history of the Puritan Revolution from its roots in the early seventeenth century to the Restoration They show how the causes and the course of the upheaval were reflected immediately and polemically in the torrent of books tracts and pamphlets letters speeches sermons petitions paper constitutions and government instruments that accompanied and often precipitated events The documents substantiate the conviction of many scholars that the English Revolution represented a shaking of society comparable to the French and Russian revolutions The Introduction discusses the work of historians of modern day historians of the period and contributes to the debate about the underlying causes of the crisis [The Puritan Revolution](#) Stuart E. Prall, 1968 **The Puritan Revolution: a Documentary History** Stuart E.

Prall (comp), 1968 **The Routledge Companion to the Stuart Age, 1603-1714** John Wroughton, 2013-02-01 Here is an invaluable user friendly and compact compendium packed with facts and figures on the seventeenth century one of the most tumultuous and complex periods in British history From James I to Queen Anne this Companion includes detailed information on political religious and cultural developments as well as military activity foreign affairs and colonial expansion Chronologies biographies documents maps and genealogies and an extensive bibliography navigate the reader through this fascinating and formative epoch as the book details the key events and themes of the era including the English Civil War and its military campaigns the Gunpowder Plot Catholic persecution and the influence of Puritanism imperial adventures in America Asia Africa and the Caribbean Scotland and the Act of Union 1707 the Irish Confederate wars and the Cromwellian conquest of Ireland the Great Fire of 1666 and the rebuilding of London biographies of key figures including women artists architects writers and scientists the Restoration and the revival of drama With complete lists of offices of state an extensive glossary of key constitutional political and religious terminology and up to date thematic annotated bibliographies to aid further research this student friendly reference guide is essential for all those interested in the Stuart Age **Meet the**

Puritans Joel R. Beeke, Fraser E. Jones, Randall J. Pederson, 2025-10-21 Whether you re meeting them for the first time or returning with questions this is the indispensable guide to the lives and works of the Puritans If your impression of the Puritans comes from grim portraits high collars and joyless sermons Meet the Puritans will surprise you in the best way Behind those caricatures lies a warm Christ centered spiritual tradition shaped by people who loved Scripture treasured grace and sought to glorify God in every part of life The Puritans took life seriously because they took God seriously Grace and guilt love and sacrifice heaven and hell weren t abstractions to them they were urgent realities Today when conviction of sin is dismissed as gloom when earnest faith is pitied and when diligent obedience is labeled as legalism we desperately need their witness If you hunger for depth for holiness for real communion with God open these pages Let these lives challenge you and these writings nourish you Take the time to meet the Puritans you ll find in them deep truths godly examples and an

exalted Christ This New Edition Includes 45 New Biographies for a total of 190 English and American Puritans seventeenth century Scottish Presbyterians and Dutch Further Reformation divines 278 New Summaries of Puritan works with annotated bibliographies of modern reprints Comprehensive Revision of the entire previous edition 200 New Titles Added to the select bibliography of secondary sources New Expanded Glossary plus an updated expanded list of Puritan publishers The definitive reference for engaging the Puritan tradition praised by pastors scholars and serious readers alike Substantial enough for study accessible enough for devotional use Meet the Puritans is that rare kind of reference book that invites you to actually read it If you re serious about reading the Puritans or simply looking for a clear starting point this is the place to begin

The A to Z of the Puritans Charles Pastoor, Galen K. Johnson, 2009-09-28 Members of the Church of England until the mid 16th century the Puritans thought the Church had become too political and needed to be purified While many Puritans believed the Church was capable of reform a large number decided that separating from the Church was their only remaining course of action Thus the mass migration of Puritans known as Pilgrims to America took place Although Puritanism died in England around 1689 and in America in 1758 Puritan beliefs such as self reliance frugality industry and energy remain standards of the American ideal The A to Z of Puritans tells the story of Puritanism from its origins until its eventual demise This is done through a chronology an introduction a bibliography and several hundred cross referenced dictionary entries on important people places and events

The English Civil War Martyn Bennett, 2009-11-02 This comprehensive work of reference gives full consideration to the whole conflict including its Welsh Scottish and Irish dimensions Entries include biographies of the key personalities key events battles military institutions of the conflict the run up to the conflict the wars themselves and the aftermath From the St Giles riots in Edinburgh in 1637 to the restoration of Charles II on May 8 1660 this book provides all the facts and figures that an armchair general would ever need

State Formation and Political Legitimacy Ronald Cohen, Judith D. Toland, 2024-12-06 The evolution of the state from earlier forms of political organization is associated with revolutionary changes in the structure of inequality These magnify distinctions in rank and power that outweigh anything previously known in so called primitive societies This volume explains how and why people came to accept and even identify themselves with this new form of authority The introduction provides a new theory of legitimacy by synthesizing and uniting earlier theories from psychological cultural materialist rational choice and Marxist approaches The case studies which follow present a wide range of materials on cultures in both Western and non Western settings and across a number of different historical periods Included are examples from Africa Asia Europe and the New World Older states such as Ur Inca and medieval France are examined along with more contemporary states including Indonesia Tanzania and the revolutionary beginnings of the United States Using a variety of approaches the contributors show in each instance how the state obtained and used its power then attempted to have its power accepted as the natural order under the protection of supra naturally ordained authority No matter how tyrannical or benign the cases show that state power must be justified by

faith and experience that demonstrates its value to the participants Through such analysis the book demonstrates that states must be capable of enforcing their rule but that they cannot deceive populations into accepting state domination Indeed the book suggests that social evolution moves toward less coercive rule and increased democratization Ronald Cohen is a political anthropologist who has taught at the Universities of Toronto McGill Northwestern and Ahmadu Bello and is on the faculty of the University of Florida He has carried out field research in Africa the Arctic and Washington His major works include *The Kanuri of Borno Dominance and Defiance Origins of the State* and a book in preparation on food policy and agricultural transformation in Africa Judith D Toland is a lecturer at University College Northwestern University and the College of Arts and Sciences Loyola University of Chicago She is the director of her own corporate and non profit consulting firm She has done fieldwork in Ayacucho Peru and has written widely on the Inca State

Historical Dictionary of the British and Irish Civil Wars 1637-1660 Martyn Bennett, 2016-02-10 When a large number of the people in Scotland rejected King Charles I's religious policy they set in motion a train of events that resonated throughout England Wales and Ireland and challenged the rule of the king Between 1637 and 1660 the British Isles were embroiled in a series of wars rebellions and revolutions that affected not only all the political and social institutions within them but all of the people living there Radical changes in the political relationships within the four nations sparked a series of wars that brought far reaching political revolution By spring 1649 the king had been executed the monarchy abolished in England and Wales and a republic established The 1650s saw Scotland and Ireland incorporated into the republic as the wars finally ended The republic had a brief life but by 1660 it was ended and the monarchy restored the united nation established in 1653 was again broken into its component parts and the old institutions seemingly returned to preeminence This second edition of *Historical Dictionary of the British and Irish Civil Wars 1637-1660* contains a chronology an introduction and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics and military technology as well as descriptions of the battles of the war This book is an excellent access point for students researchers and anyone wanting to know more about this period in history

Inwrought with figures dim. A reading of Milton's 'Lycidas' David Shelley Berkeley, 2018-12-03 No detailed description available for *Inwrought with figures dim A reading of Milton's Lycidas*

Geomodernisms Laura Doyle, Laura Anne Doyle, Laura A. Winkiel, 2005 Modernism as a global phenomenon is the focus of the essays gathered in this book The term geomodernisms indicates their subjects continuity with and divergence from commonly understood notions of modernism The contributors consider modernism as it was expressed in the non Western world the contradictions at the heart of modernization in revolutionary and nationalist settings and with respect to race and nativism and modernism's imagined geographies psychogeographies of distance and desire as viewed by the subaltern the caste bound the racially mixed the gender determined

Nature as Reason Jean Porter, 2005 This noteworthy book develops a new theory of the natural law that takes its orientation from the account of the natural law developed by Thomas

Aquinas as interpreted and supplemented in the context of scholastic theology in the twelfth and thirteenth centuries Though this history might seem irrelevant to twenty first century life Jean Porter shows that the scholastic approach to the natural law still has much to contribute to the contemporary discussion of Christian ethics Aquinas and his interlocutors provide a way of thinking about the natural law that is distinctively theological while at the same time remaining open to other intellectual perspectives including those of science In the course of her work Porter examines the scholastics assumptions and beliefs about nature Aquinas s account of happiness and the overarching claim that reason can generate moral norms Ultimately Porter argues that a Thomistic theory of the natural law is well suited to provide a starting point for developing a more nuanced account of the relationship between specific beliefs and practices While Aquinas s approach to the natural law may not provide a system of ethical norms that is both universally compelling and detailed enough to be practical it does offer something that is arguably more valuable namely a way of reflecting theologically on the phenomenon of human morality

To Live Ancient Lives Theodore Dwight Bozeman,2014-01-01 To Live Ancient Lives signals a sharp redirection of Puritan studies It provides the first comprehensive study of Puritan primitivism defined as the drive to recover and return to church and society the ordinances of biblical times This work traces a campaign to purify English Christianity of postapostolic accretions from the Henrician Reformation to the Great Migration of 1630 and through the first five decades in New England Taking their bearings from a special past Puritans were not concerned with the future in a modern sense The Great Migration was not intended as an errand to reform the world or inaugurate the millennium but as a flight to a free world in which long lost biblical rules and ways could be reinstituted Drawing on hundreds of sermons and tracts Bozeman demonstrates how the search for the long lost helps to identify Puritanism as a discrete order within Protestant dissent and he locates that movement within the larger spectrum of restorationist Christian movements and of Western mythology Originally published in 1988 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value

The Duke's Province Robert C. Ritchie,2012-12-01 The late seventeenth century in America was important as an era of transition from rough settlement to established provincial life It was a time when social political and economic problems caused strains that led to religious doubt personal anxiety riot and one of the worst rebellions in the colonies New York s situation was further complicated by a series of political changes and a unique bicultural population Originally published in 1977 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value

A Religious History of the American People Sydney E. Ahlstrom,2004-01-01 This classic work winner of the 1973 National

Book Award in Philosophy and Religion and Christian Century's choice as the Religious Book of the Decade 1979 is now issued with a new chapter by noted religious historian David Hall who carries the story of American religious history forward to the present day Praise for the earlier edition An unusual and praiseworthy book It takes a modern almost anthropological view of history in which worship is a part of a web of culture along with play love dress and language B A Weisberger Washington Post Book World The most detailed most polished of the works in its tradition Martin E Marty New York Times Book Review An intellectual delight that one does not so much read as savor America The definitive one volume study by the leading authority Christianity Today No one writing or thinking hereafter about America's past will be able to ignore Ahlstrom's magisterial account of the religious element American Historical Review *Defoe and the Whig Novel* Leon Guilhamet, 2010 Defoe's fictional settings all begin in the reign of the Stuarts but the lack of specificity invariably reflects on the Hanoverian political and social situation which witnessed a crisis in Whig leadership from 1717 to Walpole's resumption of power after the disaster of the South Sea Bubble and the sudden deaths of Stanhope and Sunderland This serious split in Whig leadership probably played a role in Defoe's turning toward fiction But Defoe never abandoned his social and political views This study explores how his social viewpoint actuates his major fiction **England's Fortress** Andrew Hopper, Philip Major, 2016-05-13 Overshadowed in the popular imagination by the figure of Oliver Cromwell historians are increasingly coming to recognize the importance of Thomas Fairfax 3rd Lord Fairfax of Cameron in shaping the momentous events of mid seventeenth century Britain As both a military and political figure he played a central role in first defeating Charles I and then later supporting the restoration of his son in 1660 England's Fortress shines new light on this significant yet surprisingly understudied figure through a selection of essays addressing a wide range of topics from military history to poetry Divided into two sections the volume reflects key aspects of Fairfax's life and career which are nevertheless as interconnecting as they are discrete Fairfax the soldier and statesman and Fairfax the husband horseman and scholar This fresh account of Fairfax's reputations and legacy questions assumptions about neatly demarcated seventeenth century chronological geographic and cultural boundaries What emerges is a man who subverts as much as he reinforces assumed characteristics of martial invincibility political disengagement and literary dilettantism Representing Religious Pluralization in Early Modern Europe Andreas Höfele, 2007 The title of this volume indicates more than a referential relationship Representing Religious Pluralization entails not just the various ways in which the historical processes of pluralization were reflected in texts and other cultural artefacts but also crucially the cultural work that spawned these processes Reflecting driving shaping and subverting religious systems representation becomes a divisive force in Reformation Europe as religious pluralization erupts in a contest over how to conceive to symbolize and to perform religious belief The essays in this book offer a broad range of perspectives on the pluralizing effects of cultural representation as well as on the various attempts at containing them *The English Civil War 1640-1649* Martyn Bennett, 2014-05-12 The English

Civil War 1642-53 is one of the most crucial periods in British history. Martyn Bennett introduces the reader to the main debates surrounding the Civil War which continue to be debated by historians. He considers the repercussions both on government and religion of Parliament's failure to secure stability after the Royalist defeat in 1646 and argues that this opened the way for far more radical reforms. The book deals with the military campaigns in all four nations, placing the war in its full British and Irish context.

Covetous of Truth B.C. Southgate, 2013-03-07

Thomas White in the quartercentenary of his birth is due for historical rehabilitation. English Catholic priest, philosopher, theologian and scientist, he was a renowned and notorious figure in his own day and though long forgotten, his work exemplifies aspects of major current concern to historians of ideas in particular: the significance of the newly revived sceptical philosophy, the complexity of the transition from scholasticism to the new philosophy and the whole role of minor non-canonical figures in the history of thought. White's writings embrace theology, politics and natural philosophy or science and in all these three areas his work, after centuries of comparative neglect, has slowly been resurfacing. His theological significance received intermittent recognition through the eighteenth, nineteenth and early twentieth centuries but more recently his great importance as leader of a whole Blackloist faction of English Catholics has become increasingly clear. Condemned by co-religionists in his own time as a dangerous heretic, he has been assessed by modern scholars as an anticipator of twentieth-century trends in Catholic theology and even as probably after John Henry Newman the most original thinker as yet produced by modern English Catholicism. Blackloism implied not only a theological but also a political position and that position was clarified and publicised by White in his single political treatise *The Grounds of Obedience and Government* published in the mid 1650s. His provocative stance was widely misunderstood and misinterpreted and was soon anyway rendered untenable by the restoration of the monarchy.

Right here, we have countless ebook **Puritan Revolution A Documentary History** and collections to check out. We additionally find the money for variant types and also type of the books to browse. The standard book, fiction, history, novel, scientific research, as with ease as various supplementary sorts of books are readily easy to use here.
