Purloined Poe Lacan Derrida And Psychoanalytic Reading:

The Purloined Poe John P. Muller, William J. Richardson, William John Richardson, 1988 In 1956 Jacques Lacan proposed as interpretation of Edgar Allan Poe's Purloined Letter that at once challenged literary theorists and revealed a radically new conception of psychoanalysis Lacan's far reaching claims about language and truth provoked a vigorous critique by Jacques Derrida whose essay in turn has spawned further responses from Barbara Johnson Jane Gallop Irene Harvey Norman Holland and others The Purloined Poe brings Poe's story together with these readings to provide in the words of the editors a structured exercise in the elaboration of textual interpretation The Purloined Poe reprints the full text of Poe's story followed by Lacan's Seminar on The Purloined Letter along with extensive commentary by the editors Marie Bonaparte's and Shoshana Felman's discussions of traditional and contemporary approaches to psychoanalysing texts precede Alan Bass's new translation of Derrida's Purveyor of Truth The subsequent essays join the Lacan Derrida debate and offer alternative readings by literary theorists philosophers psychologists and psychoanalysts The Purloined Poe convenes much of the most important current scholarship on The Purloined Letter and presents a rich sampling of poststructuralist discourse

On the History and Transmission of Lacanian Psychoanalysis addresses key questions about the history and transmission of Jacques Lacan's work in North America through discussions with experienced psychoanalysts who are also trained psychiatrists, psychologists, and psychotherapists. Chris Vanderwees presents conversations with clinicians about their psychoanalytic formation and about the development of Lacanian psychoanalysis in North America over the past several decades. With oral narrative brought out through the technique of free association, then transcribed and annotated, each discussion is a trace of Vanderwees' encounter with each clinician and the result of collaborative efforts involving speech, writing, translation, and transmission. The conversational tone makes these discussions accessible not only for those already well versed in Lacan's thinking but also for anyone discovering his work for the first time. The range of contributions spans both French and English speaking Canada, the United States, and Mexico. Complemented by *On the Theory and Clinic of Lacanian Psychoanalysis*, this book of conversations conveys the diversity of historical and pedagogical perspectives on theory and practice as inspired by Lacan's system of thought. It will be of great interest to all psychoanalytic practitioners as well as academics and scholars of psychoanalysis.
