Khatri, 2024-10-14 Tyrian Purple unravels the fascinating story of one of history s most prized dyes exploring its historical
significance complex production process and economic impact This comprehensive work delves into how a rare pigment
extracted from sea snails shaped Mediterranean economies and social hierarchies for over a millennium The book traces the
journey of Tyrian purple from its discovery by the Phoenicians around 1570 BCE to its decline following the fall of
Constantinople in 1453 CE Readers will be intrigued to learn that Tyrian purple was once more valuable than gold and its
production was monopolized by the Roman Empire The book combines archaeological findings ancient texts and modern

scientific analyses to provide a multifaceted view of this luxury commodity It explores the chemistry behind the dye s colorfast properties and examines the Murex species of sea snails from which it was extracted seamlessly integrating concepts from marine biology and dye chemistry Structured chronologically Tyrian Purple presents a scholarly yet accessible narrative that weaves together historical facts scientific analysis and cultural studies This interdisciplinary approach offers valuable insights into ancient trade networks technological innovation and the socioeconomic structures that shaped early civilizations making it an engaging read for both academics and general audiences interested in the intersection of science and history *Catalogue of the Library* Mercantile Library Association (San Francisco, Calif.),1874
