Purple Decades A Reader

Tom Wolfe

Purple Decades A Reader:

The Purple Decades Tom Wolfe, 1982-10 This collection of Wolfe's essays, articles and chapters from previous collections is filled with observations on U.S. popular culture in the 1960s and 1970s **The Purple Decades**, 1996 Tom Wolfe, *the Purple Decades* Tom Wolfe, 1982 **The Purple Decades** Tom Wolfe, 1982 **The Purple Decades** Tom Wolfe, 1984 **The 1970s** Neil A. Hamilton, 2009 Traces the history of the United States during the 1970s as well as presenting primary source material such as memoirs, letters, news articles and speeches **Great Authors of Nonfiction** Britannica Educational Publishing, 2014-01-01 Of the many millions of books written over the course of history only a relatively small percentage have been deemed classics. Authors of classic literature are those who have penned works definitive of a style, movement, era or ethos. Their works are timeless in message and scope. This essential volume chronicles the lives of many literary luminaries including Jane Austen, Charles Dickens, Ernest Hemingway and Virginia Woolf, examining their early histories, journeys to success and greatest tomes. *Age of Contradiction* Howard Brick, 2000 In *Age of Contradiction* Howard Brick provides a rich context for understanding historical events, cultural tensions, political figures, artistic works and trends of intellectual life. His lucid and comprehensive book combines the best methods of historical analysis and assessment with fascinating subject matter to create a three-dimensional portrait of a complicated time. In one of the only books on the 1960s to put ideas at the center of the period's history, Brick carefully explores the dilemmas, the promise and the legacy of American thought in that time. **Thai Stick** Peter Maguire, Mike Ritter, 2013-11-12 The untold history of the underground marijuana trade in Thailand from surfers and sailors to pirates. Located on the left bank of the Chao Phraya River, Thailand's capital, Krungthep, known as Bangkok to Westerners and the City of Angels to Thais, has been home to smugglers and adventurers since the late eighteenth century. During the 1970s it became a modern Casablanca to a new generation of treasure seekers from surfers looking to finance their endless summers to wide-eyed hippie true believers and lethal marauders left over from the Vietnam War. Moving a shipment of Thai sticks from northeast Thailand farms to American consumers meant navigating one of the most complex smuggling channels in the history of the drug trade. Many forget that until the mid 1970s the vast majority of marijuana consumed in the United States was imported and there was little to no domestic production. Peter Maguire and Mike Ritter are the first historians to document this underground industry, the only record of its existence rooted in the fading memories of its elusive participants. Drawing on hundreds of interviews with smugglers and law enforcement agents, the authors recount the buy, delivery, voyage home and product offload. They capture the eccentric personalities of the men and women who transformed the Thai marijuana trade from a GI cottage industry into a professionalized business, moving the world's most lucrative commodities, unraveling a rare history from the smugglers' perspective. Highly recommended for anyone who loves adventure, cannabis, surfing or all of the above. It's every single bit as heady, energetic and captivating as the title implies. **Cannabis Now** **Why We Lost** Daniel P.

Bolger, 2014-11-11 A commander's compelling behind the scenes view of the United States at war after 9/11 from high level strategy to combat on the ground The Wall Street Journal Over his thirty five year career Daniel P Bolger rose through the ranks of the army infantry to become a three star general commanding in both Afghanistan and Iraq Perhaps more than anyone else he was witness to the full extent of these wars from September 11th to withdrawal from the region Not only did Bolger participate in top level planning and strategy meetings he also regularly carried a rifle alongside soldiers in combat actions Writing with hard won experience and unflinching honesty Bolger argues that while we lost in Iraq and Afghanistan we did not have to Intelligence was garbled Key decision makers were blinded by spreadsheets or theories And we never really understood our enemy Why We Lost is a timely forceful and compulsively readable account from a fresh and authoritative perspective filled with heartfelt stories of soldiers and Marines in firefights and close combat It weighs in mightily to the ongoing debate over how the United States should wage war The Washington Post
