Putting Workfare In Place Local Labour Markets And The New Deal:

Putting Workfare in Place Peter Sunley, Ron Martin, Corinne Nativel, 2011-07-20 This book is the first comprehensive and authoritative analysis of the New Deal and examines how far the programme has succeeded in responding to the diversity of conditions in local labour markets across the UK Argues that profound differences in local labour market conditions have exerted a telling influence on the New Deal's achievements Includes extensive new research data on the current conditions of local labour markets in the UK and local impacts of the New Deal Illustrated by a large series of original maps and figures Based on numerous interviews with local and regional policy actors *The Politics of Unemployment Policy in Britain* Jay Wiggan, 2024-07-26 This book provides an account of the evolution of social security and employment policy and governance in Britain between 1973 and 2023 It explains how this remaking of policy and governance shaped and was shaped by the transformation of the labour market and power of claimants and workers Advancing a class centred explanation the text situates contemporary working age active labour market policy as the contingent outcome of a long struggle over curtailment of labour autonomy and the challenges arising from policy success for securing social cohesion state legitimacy and better economic conditions for growth *Employment Relations under Coalition Government* Steve Williams, Peter Scott, 2016-06-10 Drawing on a wide range of up to date research *Employment Relations under Coalition Government* critically examines developments in UK employment relations during the period of Conservative Liberal Democrat government between 2010 and 2015 against the background of the 2007-08 financial crisis subsequent economic recession and in the context of the primacy accorded to neo liberal austerity Contributions cover a series of important and relevant topics in a rigorous yet accessible manner labour market change and the rise of zero hours contracts and other forms of precarious employment policy development relating to young people's employment the coalition's welfare to work agenda its programme of employment law reform and its approach to workplace equality and health and safety labour migration the experience of the trade unions under the coalition and their responses and developments in employment relations in the public services This book addresses the broader issues relating to the coalition period such as the implications of political and regulatory change for employment relations including the greater devolution of powers to Scotland and Wales and locates UK developments in comparative perspective The book concludes with an assessment of the prospects for employment relations in the aftermath of the May 2015 Conservatives election victory **Social Policy Review 23** Chris Holden, Majella Kilkey, Gaby Ramia, 2011 This edition of Social Policy Review presents an extensive analysis of the coalition government's social policies and is essential reading for social policy academics and students and for anyone who is interested in the implications of government policy Handbook of Local and Regional Development Andy Pike, Andres Rodriguez-Pose, John Tomaney, 2010-11-17 The Handbook of Local and Regional Development provides a comprehensive statement and reference point for local and regional development The scope of this Handbook's coverage and

contributions engages with and reflects upon the politics and policy of how we think about and practise local and regional development encouraging dialogue across the disciplinary barriers between notions of local and regional development in the Global North and development studies in the Global South This Handbook is organized into seven inter related sections with an introductory chapter setting out the rationale aims and structure of the Handbook Section one situates local and regional development in its global context Section two establishes the key issues in understanding the principles and values that help us define what is meant by local and regional development Section three critically reviews the current diversity and variety of conceptual and theoretical approaches to local and regional development Section four address questions of government and governance Section five connects critically with the array of contemporary approaches to local and regional development policy Section six is an explicitly global review of perspectives on local and regional development from Africa Asia Pacific Europe Latin America and North America Section seven provides reflection and discussion of the futures for local and regional development in an international and multidisciplinary context With over forty contributions from leading international scholars in the field this Handbook provides critical reviews and appraisals of current state of the art conceptual and theoretical approaches and future developments in local and regional development Clusters and Regional Development Bjorn Asheim, Philip Cooke, Ron Martin, 2006-09-27 Using international examples leading scholars present the first critical analysis of cluster theory assessing the cluster notion and drawing out not only its undoubted strengths and attractions but also its weaknesses and limitations Over the past decade the cluster model has been seized on as a tool for promoting competitiveness innovation and growth on local regional and national scales However despite its popularity there is much about it that is problematic and in some respects the rush to employ cluster ideas has run ahead of many fundamental conceptual theoretical and empirical questions Addressing key questions on the nature use and effectiveness of cluster models Clusters and Regional Development provides the missing thorough theoretical and empirical evaluation

Britain Melanie Tebbutt, 2017-09-16 This new study explores how British youth was made and how it made itself over the nineteenth and twentieth centuries Urbanisation and industrialisation brought challenges that altered how young people were both perceived and understood As adults found it difficult to comprehend the rapidity of societal change focus on the young intensified and they became a symbol of uncertainty about the future Highlighting both change and striking continuity Melanie Tebbutt traces the origins and development of key themes and debates in the history of modern British youth Current issues such as the ageing of western societies high levels of youth unemployment and the potential for social and political unrest make this a timely study **When children become parents** Daguerre, Anne, Nativel, Corinne, 2006-11-01

Teenage parenthood is recognised as a significant disadvantage in western industrialised nations It has been found to increase the likelihood of poverty and to reinforce inequalities This book explores for the first time the links between welfare state provision and teenage reproductive behaviour across a range of countries with differing welfare regimes Drawing on both welfare state and feminist literature as well as on new empirical evidence the book compares public policy responses to teenage parenthood in each family of welfare regime Nordic Liberal and Continental Western European analyses the different socio political contexts in which teenage pregnancy is constructed as a social problem and identifies best practice in Europe and the USA Countries included in the study are the UK USA New Zealand France Italy Poland Denmark Norway the Canadian province of Quebec and Russia The contributors are all internationally recognised experts in the fields of welfare and or gender studies When children become parents is important reading for a wide audience of students policy makers practitioners and academics in sociology social policy social geography education psychology and youth and gender studies

Poverty and Insecurity Shildrick, Tracy, MacDonald, Robert, 2012-12-19 Winner of the British Academy Peter Townsend Prize for 2013 How do men and women get by in times and places where opportunities for standard employment have drastically reduced Are we witnessing the growth of a new class the Precariat where people exist without predictability or security in their lives What effects do flexible and insecure forms of work have on material and psychological well being This book is the first of its kind to examine the relationship between social exclusion poverty and the labour market It challenges long standing and dominant myths about the workless and the poor by exploring close up the lived realities of life in low pay no pay Britain Work may be the best route out of poverty sometimes but for many people getting a job can be just a turn in the cycle of recurrent poverty and of long term churning between low skilled poor work and unemployment Based on unique

qualitative life history research with a hard to reach group of younger and older people men and women the book shows how poverty and insecurity have now become the defining features of working life for many The Futures of the City Region Michael Neuman, Angela Hull, 2013-09-13 Does the city region constitute a new departure in urbanisation If so what are the key elements of that departure The realities of the urban in the 21st century are increasingly complex and polychromatic The rise of global networks enabled by supranational administrations both governmental and corporate strongly influences and structures the management of urban life How we conceive the city region has intellectual and practical consequences First in helping us grasp rapidly changing realities and second in facilitating the flow of resources ideas and learning to enhance the quality of life of citizens Two themes interweave through this collection within this broad palette First are the socio spatial constructs and their relationship to the empirical evidence of change in the physical and functional aspects of urban form Second is what they mean for the spatial scales of governance This latter theme explores territorially based understandings of intervention and the changing set of political concerns in selected case studies In efforts to address these issues and improve upon knowledge this collection brings together international scholars building new data driven cross disciplinary theories to create new images of the city region that may prove to supplement if not supplant old ones The book illustrates the dialectical interplay of theory and fact time and space and spatial and institutional which expands on our intellectual grasp of the theoretical debates on city regions through practical knowing citing examples from Europe the United States Australasia and beyond This book was originally published as a Special Issue of Regional Studies **Cities and Regions in Crisis** Martin Jones, 2019 This book offers a new geographical political economy approach to our understanding of regional and local economic development in Western Europe over the last twenty years It suggests that governance failure is occurring at a variety of spatial scales and an impedimenta state is emerging This is derived from the state responding to state intervention and economic development that has become irrational ambivalent and disoriented The book blends theoretical approaches to crisis and contradiction theory with empirical examples from cities and regions The Politics of Housing Booms and Busts Leonard Seabrooke, 2009-06-25 This book demonstrates how housing systems are built from political struggles over the distribution of welfare and wealth The contributors analyze varieties of residential capitalism through a range of international case studies as well as investigating the links between housing finance and the current international financial crisis **Towards Safe City Centres?** Gesa Helms, 2016-02-24 Examining the rising interest in quality of life offences anti social behaviour and incivilities in urban public spaces this study explores the rising importance of policing crime control and community safety policies in the context of the ongoing urban restructuring in old industrial cities This is achieved through an extensive exploration into the making and remaking of urban spaces in the city of Glasgow In so doing this book puts forward a strong and innovative theoretical argument Framed in a critical Marxist perspective that draws on debates within German speaking critical theory and Marxism this study argues for the centrality of human social

praxis in our understanding of contemporary cities It engages with questions over the production of social space a fragmented social totality and human agency which so far have only received limited attention in Anglo American debates

Clusters, Networks and Innovation Stefano Breschi, Franco Malerba, 2005-12-22 Governments and regional authorities often express the belief that the key to prosperity and economic expansion is related to the ability of countries to sustain regional clusters of competitiveness and innovation The book reviews the most important conceptual approaches to the analysis of the emergence growth and evolution of clusters of innovation Drawing from the different experiences of industrial districts and high tech regions such as Silicon Valley Boston's biotech region and Hsinchu Taipei the contributions in this book offer a broad interpretative framework and policy implications for the creation and strengthening of competitive clusters Themes include the wide variety of existing clusters and the diversity in their emergence and growth the international mobility of factors and demand linkages the role of different network types and the social setting the accumulation of capabilities in key large actors and the importance of spinoffs and new firm formation the role of different learning regimes and sectoral specificities the importance of social networks labour mobility and face to face contacts as vehicles of knowledge spillovers Broad implications are drawn for the design of policies to encourage successful economic clusters in developed and developing clusters
