Stuck Anneli Rufus, 2008-12-26 The brilliant mind behind *Party of One* examines the striking social trend people are stuck and they want to change but San Francisco Chronicle In this book Anneli Rufus identifies an intriguing aspect of our culture Many of us are stuck Be it in the wrong relationship career or town or just with bad habits we can't seem to quit we even say we want to make a change but Merging interviews personal anecdotes and cultural criticism *Stuck* is a wise and passionate exploration of the dreams we hold dearest for ourselves and the road to actually achieving them When faced with the possibility of change our minds can play tricks on us We tell ourselves I can't make it Or It's not worth the effort How is it that in a time of unprecedented freedom and opportunity so many of us feel utterly powerless and unsure In this book Rufus exposes a complex network of causes for our immobilization from fear and denial to powerful messages in popular culture or mass media that conspire to convince us that we're helpless in the face of our cravings But there can be a light at the end of the tunnel Rufus also tells the stories of people who have managed to become unstuck and of others who after much reflection have decided that where they are is best After all she writes what looks to you like a rut others might say is true absorption in a topic a relationship a career a pursuit a place What looks to you like boredom others call commitment And even contentment A brilliant glimpse into what truly motivates or doesn't motivate us *Stuck* will inspire you to take a look at yourself in an entirely new light

You Are Here Whitney Phillips, Ryan M. Milner, 2021-03-02 How to understand a media environment in crisis and how to make things better by approaching information ecologically Our media environment is in crisis Polarization is rampant Polluted information floods social media Even our best efforts to help clean up can backfire sending toxins roaring across the landscape In *You Are Here* Whitney Phillips and Ryan Milner offer strategies for navigating increasingly treacherous information flows Using ecological metaphors they emphasize how our individual me is entwined within a much larger we and how everyone fits within an ever-shifting network map Phillips and Milner describe how our poisoned media landscape came into being beginning with the Satanic Panics of the 1980s and 1990s which they say exemplify network climate change and proceeding through the emergence of trolling culture and the rise of the reactionary far right as well as its amplification by journalists during and after the 2016 election They explore the history of conspiracy theories in the United States focusing on those concerning the Deep State explain why old media literacy solutions fail to solve new media literacy problems and suggest how we can navigate the network crisis more thoughtfully effectively and ethically We need a network ethics that looks beyond the messages and the messengers to investigate toxic information's downstream effects
