Early Modern Literature and England's Long Reformation David Loewenstein, Alison Shell, 2020-12-17 Assessing early modern literature and England's Long Reformation this book challenges the notion that the English Reformation ended in the sixteenth century or even by the seventeenth century Contributions by literary scholars and historians of religion put these two disciplines in critical conversation with each other in order to examine a complex messy and long drawn out process of reformation that continued well beyond the significant political and religious upheavals of the sixteenth century The aim of this conversation is to generate new perspectives on the constant remaking of the Reformation or Reformations as some scholars prefer to characterize the multiple religious upheavals and changes both Catholic and Protestant of the early modern period This interdisciplinary book makes a major contribution to debates about the nature and length of England's Long Reformation Early Modern Literature and England's Long Reformation is essential reading for scholars and students considering the interconnections between literature and religion in the early modern period The chapters in this book were originally published as a special issue of the journal **Reformation**

Edinburgh Companion to Sir Walter Scott Fiona Robertson, 2012-09-25 Sir Walter Scott 1771 1832 is widely recognised as one of the central and defining figures in Scottish literature and in European and American Romanticism Fabled in his own lifetime as the Wizard of the North and as the long anonymous Author of *Waverley* he played a unique role in the dissemination of an idea of Scottish culture and history From his early work as a collector and editor of traditional ballads to the widespread popularity and fame of his poetry and novels and to his important writings on history economics folklore and literature Scott refashioned the literary culture of his day and continues to shape our own *The Edinburgh Companion to Sir Walter Scott* the first collection of its kind devoted to his work draws on the innovative research and scholarship which have revitalised the study of the whole range of his exceptionally diverse writing in recent years Chapters written by leading international scholars provide an indispensable guide to his work in different genres and reflect the topics and concerns which are most exciting in Scott scholarship today including his place in literary and popular culture his experimentation and originality his relationship to Romanticism and the revaluation of lesser known works **The Revolution in Time** Tony Claydon, 2020 *The Revolution in Time* explores the idea that people in Western Europe changed

the way they thought about the concept of time over the early modern period by examining reactions to the 1688 1689 revolution in England and how people understood their own place in history and modernity through political and social transformation Worship, Civil War and Community, 1638-1660 Chris R. Langley, 2015-10-23 This is the first study of the interaction between warfare and national religious practice during the British Civil Wars Using hundreds of neglected local documents this work explores the manner in which civil conflict invasion and military occupation affected religious practice As Churches elsewhere in Britain and Ireland were dismantled and the country was invaded by a foreign English army mid seventeenth century Scotland provides an important yet neglected point of entry in exploring the intersection between early modern warfare and religious practice The book establishes a fresh way of looking at the conflicts of the mid seventeenth century No other study has explored how soldiers were quartered or marched in close proximity to parish worship how their presence affected worship patterns and how the very idea of conflict in the mid seventeenth century impacted upon the day to day lives of worshippers Using the signing of the National Covenant in 1638 as its starting point this perspective emphasises flexibility in religious practice and the dialogue between local communities religious leaders and troops as a critical element in the experience of war Persuasion and Conversion Torrance Kirby, 2013-08-22 The early modern public sphere emerges out of a popular culture of persuasion fostered by the Protestant Reformation By 1600 religious identity could no longer be assumed as given within the hierarchical institutions and elaborate apparatus of late medieval sacramental culture Reformers insisted on a sharp demarcation between the inner subjective space of the individual and the external public space of institutional life Gradual displacement of sacramental culture was achieved by means of argument textual interpretation exhortation reasoned opinion and moral advice exercised through both pulpit and press This alternative culture of persuasion presupposes a radically distinct notion of mediation The common focus of the essays collected here is the dynamic interaction of religion and politics which provided a crucible for the emerging modern public sphere **Cardiganshire County History Volume 2** Geraint H. Jenkins, Richard Suggett, Eryn Mant White, 2019-09-15 Cardiganshire County History Volume 2 is published by the University of Wales Press on behalf of the Ceredigion Historical Society in association with the Royal Commission on the Ancient and Historical Monuments of Wales This volume provides a comprehensive and authoritative account written by distinguished authors in fifteen chapters of the wide range of social economic political religious and cultural forces that shaped the ethos and character of the county of Cardiganshire over a period of 600 years This was a period of great turbulence and change It witnessed conquest and castle building the impact of the Glyndŵr rebellion the coming of the Protestant Reformation and the turmoil of civil war Over time the inhabitants of the county developed a sense of themselves as a distinctive people who dwelt in a recognisable entity From very early on literate people took pride in their native patch in the eyes of the learned Sulien d 1091 and his sons the land of Ceredig was a sacred patria Poets and scribes burnished the reputation of the county and a vibrant poem by Siŵn Morys in 1577 maintained that it

was the best of shires and the fold of the generous ones
