El-Hi Textbooks & Serials in Print Bowker Editorial Staff,2004-02 Picturing Animals in Britain, 1750-1850 Diana Donald,2007-01-01 From fine art paintings by such artists as Stubbs and Landseer to zoological illustrations and popular prints a vast array of animal images was created in Britain during the century from 1750 to 1850 This highly original book investigates the rich meanings of these visual representations as well as the ways in which animals were actually used and abused What Diana Donald discovers in this fascinating study is a deep and unresolved ambivalence that lies at the heart of human attitudes toward animals The author brings to light dichotomies in human thinking about animals throughout this key period awestruck with the beauty and spirit of wild animals people nevertheless desired to capture and tame them the belief that other species are inferior was firmly held yet at the same time animals in stories and fables were given human attributes though laws against animal cruelty were introduced the overworking of horses and the allure of sport hunting persisted Animals are central in cultural history Donald concludes and compelling questions about them then and now remain unanswered *Wild Mammals in Captivity* Devra G. Kleiman,Katerina V. Thompson,Charlotte Kirk Baer,2010-08-15 Zoos aquaria and wildlife parks are vital centers of animal conservation and management For nearly fifteen years these institutions have relied on *Wild Mammals in Captivity* as the essential reference for their work Now the book reemerges in a completely updated second edition *Wild Mammals in Captivity* presents the most current thinking and practice in the care and management of wild mammals in zoos and other institutions In one comprehensive volume the editors have gathered the most current information from studies of animal behavior advances in captive breeding research in physiology genetics and nutrition and new thinking in animal management and welfare In this edition more than three quarters of the text is new and information from more than seventy five contributors is thoroughly updated The standard text for all courses in zoo biology
