Association Men, 1911

The Sun Rose and Angels Cried

Willie G, 2019-09-03 The story you are about to read is true yes there are stretchers strewn about but the basic story is all too real This story is told through the eyes of Lorraine's little brother Poncho and what he was going through at the time Every morning when I wake up my sister Lorraine invades my mind There's nothing I can do to stop it It wasn't always that way At one time the only thought I had when awakened in the morning was that I did not want to be awakened I hated having to get up How did this happen I don't know and there isn't a doctor in the world who can say they know definitively If they claim they know they're not telling the truth I do know this it started sometime after my sister became pregnant She did not know what to do And at that time in our history in the 60s and early 70s what to do was simple enough marry the guy who knocked

you up For my sister and I m sure for many other women it was not that simple Abortion to most it s either a bad thing or a good thing it s good versus evil It s God versus Satan I ve heard that abortion is a social concern I ve heard that abortion is an economic concern I ve heard that abortion is a religious concern I ve heard that abortion is a convenience and that s a concern I ve heard that abortion is a stigma and that s a concern I ve heard that abortion is murder plain and simple I ve heard that abortion is a woman s right after all it s her body plain and simple But it s not so simple is it In the 60s and early 70s abortion was illegal And having one was dangerous unless you had access to the right people And having access to the right people usually meant you had money and lots of it You were paying for a service and to have that service kept secret My family was not rich Then came Roe v Wade and abortion became legal But legal doesn t mean acceptable You see accepting something that was unacceptable especially morally unacceptable takes time For an individual it may take no more time than a ride to the clinic but for groups it takes time days weeks months years This I call delayed acceptance Still for some acceptance never comes When I wake up in the morning I think about my sister s decision And I wonder if she made the decision And I wonder something more nefarious Did someone decide for her And I wonder if things would have been different if Roe v Wade had been there in time
