Looking For The Last Percent The Controversy Over Census Undercounts:

Differential Undercounts in the U.S. Census William P. O'Hare, 2019-02-13 This open access book describes the differences in US census coverage also referred to as differential undercount by showing which groups have the highest net undercounts and which groups have the greatest undercount differentials and discusses why such undercounts occur In addition to focusing on measuring census coverage for several demographic characteristics including age gender race Hispanic origin status and tenure it also considers several of the main hard to count populations such as immigrants the homeless the LGBT community children in foster care and the disabled However given the dearth of accurate undercount data for these groups they are covered less comprehensively than those demographic groups for which there is reliable undercount data from the Census Bureau This book is of interest to demographers statisticians survey methodologists and all those interested in census coverage

The Misuse, Misrepresentation, and Politicization of Statistics in American Society Robert E. Parker, 2022-07-18 The Misuse Misrepresentation and Politicization of Statistics in American Society critically examines the early measurement efforts of several government agencies responsible for some of the most widely watched social indicators on unemployment life expectancy crime and population It argues that official statistics are dubious at best better seen not so much as objective barometers of social life but rather as socially constructed metrics that are easily manipulated and often politicized This book argues that official statistics powerfully frame social reality ultimately helping to determine who counts and what matters in society It makes the case that as with other types of official accounts data derived from government sources needs to be regarded skeptically and systematically investigated This book concludes that official statistics are a kind of sanctioned cover up of everyday reality hiding the true extent of joblessness distorting the real increase in life expectancy obscuring where crime actually happens and understating the undeniable growth of minority populations

The Oxford Handbook of Contextual Political Analysis Robert E. Goodin, Charles Tilly, 2008-06-20 The Oxford Handbooks of Political Science is a ten volume set of reference books offering authoritative and engaging critical overviews of the state of political science Each volume focuses on a particular part of the discipline with volumes on Public Policy Political Theory Political Economy Contextual Political Analysis Comparative Politics International Relations Law and Politics Political Behavior Political Institutions and Political Methodology The project as a whole is under the General Editorship of Robert E Goodin with each volume being edited by a distinguished international group of specialists in their respective fields The books set out not just to report on the discipline but to shape it The series will be an indispensable point of reference for anyone working in political science and adjacent disciplines The Oxford Handbook of Contextual Political Analysis sets out to synthesize and critique for the first time those approaches to political science that offer a more fine grained qualitative analysis of the political world The work in the volume has a common aim in being sensitive to the thoughts of contextual nuances that disappear from large scale quantitative modelling or explanations based on abstract general universal laws of

human behavior It shows that context matters in a great many ways philosophical context matters psychological context matters cultural and historical contexts matter place population and technology all matter By showcasing scholars who specialize in the analysis of all these contexts side by side the Oxford Handbook of Contextual Political Analysis shows how political scientists can take those crucial contextual factors systematically into account

On Gender, Labor, and Inequality Ruth Milkman, 2016-07-15 Ruth Milkman's groundbreaking research in women's labor history has contributed important perspectives on work and unionism in the United States *On Gender Labor and Inequality* presents four decades of Milkman's essential writings tracing the parallel evolutions of her ideas and the field she helped define Milkman's introduction frames a career spanning scholarly project her interrogation of historical and contemporary intersections of class and gender inequalities in the workplace and the efforts to challenge those inequalities Early chapters focus on her pioneering work on women's labor during the Great Depression and the World War II years In the book's second half Milkman turns to the past fifty years a period that saw a dramatic decline in gender inequality even as growing class imbalances created greater than ever class disparity among women She concludes with a previously unpublished essay comparing the impact of the Great Depression and the Great Recession on women workers A first of its kind collection *On Gender Labor and Inequality* is an indispensable text by one of the world's top scholars of gender equality and work

The Oxford Encyclopedia of American Political and Legal History, 2012-04-17 The Oxford Encyclopedia of American Political and Legal History brings together in one authoritative reference work an unparalleled wealth of information about the laws institutions and actors that have governed America throughout its history Embracing the interconnectedness of politics and law The Encyclopedia addresses all aspects of both spheres from presidents and Supreme Court justices to specifics of policy history critical legislation and party formation Entries capture the unique nature of the nation's founding principles embodied in the Constitution the expansive nature of American democracy political conflict and compromise and the emergence of the modern welfare and regulatory state all of which evince the tensions contradictions and possibilities manifest throughout America's history Clearly demonstrating how US politics and law have evolved since the colonial era The Encyclopedia encourages readers to anticipate further changes With over 450 articles by expert scholars each signed entry features numerous cross references and discussion of political and legal history as well as additional sources for further study This two volume A to Z compendium is a reference work of unparalleled depth and scope and will introduce a new generation of readers to the complexities of this dynamic field of study It also features extensive cross referencing a topical outline and a subject index

[After Whiteness](#) Mike Hill, 2004 What comes after white becomes a minority in the United States

[Health Care and Information Ethics](#) Audrey R. Chapman, 1997 This volume brings together experts in the fields of information ethics and health care to explore the implications of these challenges as they impact what kind of care will be available who will receive health care and how the care is monitored

Search for the Causes of Schizophrenia Wagner

F. Gattaz, Heinz Häfner, 2012-12-06 This book comprises the conferences and discussions presented at the 4th symposium on the SEARCH FOR THE CAUSES OF SCHIZOPHRENIA which took place in Guarujá Brazil November 1998 This series of symposia started in 1986 on the occasion of the 600th anniversary of the University of Heidelberg followed by two others in 1989 and 1993 From these meetings resulted three volumes that have been widely used as a reference for comprehensive reviews on the state of the art in schizophrenia research They reflect the progresses resulting from the most relevant studies on the etiology of the disease The spirit of the 4th Search for the Causes remains the same again we gathered some of the most prominent researchers on schizophrenia to contribute not only with their own data but also summing up the state of the art and the perspectives in their areas of work The topics covered in 6 parts are Epidemiology Risk factors and antecedents Genetics Neuropathology and neurochemistry Brain imaging and function and Treatment and rehabilitation In this 4th volume were introduced in each topic a chapter on the Balance of the Century to summarize what did we learn and what we did not in the last 100 years of schizophrenia research We hope that this volume can help us to see how far we are in the Search for the Causes of Schizophrenia and how much further we still have to go before our problem can be solved

Applied Bayesian Modeling and Causal Inference from Incomplete-Data Perspectives Andrew Gelman, Xiao-Li Meng, 2004-09-03 This book brings together a collection of articles on statistical methods relating to missing data analysis including multiple imputation propensity scores instrumental variables and Bayesian inference Covering new research topics and real world examples which do not feature in many standard texts The book is dedicated to Professor Don Rubin Harvard Don Rubin has made fundamental contributions to the study of missing data Key features of the book include Comprehensive coverage of an important area for both research and applications Adopts a pragmatic approach to describing a wide range of intermediate and advanced statistical techniques Covers key topics such as multiple imputation propensity scores instrumental variables and Bayesian inference Includes a number of applications from the social and health sciences Edited and authored by highly respected researchers in the area

Comparing Canada Luc Turgeon, Martin Papillon, Jennifer Wallner, Stephen White, 2014-09-15 Debating how Canada compares both regionally and in relation to other countries is a national pastime This book examines how political scientists apply diverse comparative strategies to better understand Canadian political life Using a variety of methods the contributors use comparison to examine topics as diverse as Indigenous rights Canadian voting behaviour activist movements climate policy and immigrant retention While the theoretical perspectives and kinds of questions asked vary greatly as a whole they demonstrate how the art of comparing is an important strategy for understanding Canadian identity politics political mobilization political institutions and public policy Ultimately this book establishes how adopting a more systematic comparative outlook is essential not only to revitalize the study of Canadian politics but also to achieve a more nuanced understanding of Canada as a whole

Journal of Economic and Social Measurement, 2006 **Reference Manual on Scientific Evidence**, 2000 **Changes in Censuses from**

Imperialist to Welfare States Rebecca Jean Emigh,Dylan Riley,Patricia Ahmed,2016-01-26 Changes in Censuses from Imperialist to Welfare States the second of two volumes uses historical and comparative methods to analyze censuses or census like information in the United Kingdom the United States and Italy starting in England over one thousand years ago

Damned Lies and Statistics Joel Best,2012-07-08 Here by popular demand is the updated edition to Joel Best s classic guide to understanding how numbers can confuse us In his new afterword Best uses examples from recent policy debates to reflect on the challenges to improving statistical literacy Since its publication ten years ago *Damned Lies and Statistics* has emerged as the go to handbook for spotting bad statistics and learning to think critically about these influential numbers

The Schematic State Debra Thompson,2016-10-20 Invitation Orientation Transnational biological racialism The death and resurrection of race The multicultural moment The multiracial moment The future of counting by race Appendix A List of interviews archival sources

The Politics of Multiracialism Heather M. Dalmage,2012-02-01 This is the first book to critically look at the political issues and interests surrounding the broadly defined Multiracial Movement and at what is being said about multiracialism Many of the multiracial family organizations that exist across the United States developed socially ideologically and politically during the conservative Reagan years While members of the Multiracial Movement differ widely in their political views the concept of multiracialism has been taken up by conservative politicians in ways that are often inimical to the interests of traditionally defined minorities Contributors look at the Multiracial Movement s voice and at the political controversies that attend the notion of multiracialism in academic and popular literature internet discourse census debates and discourse by and about pop culture celebrities The work discusses how multiracialism hybridity and racial mixing have occurred amidst existing academic discussions of authenticity community borders identity politics the social construction of race and postmodern fragmentation How the Multiracial Movement is shaping and transforming collective multiracial identities is also explored

The Population of the United States Donald J. Bogue,Douglas L. Anderton,Richard E. Barrett,2010-07-06 This third edition written with two new coauthors combines 1990 census data with information from the Current Population Survey the National Health Interview Survey and numerous other sources even including demographic data not available in any other published source

Opportunities and Challenges for Applied Demography in the 21st Century Nazrul Hoque,David A. Swanson,2013-01-13 Applied demography continues its rapid pace of evolution in concert with the emerging trends of the 21st century One significant area of change is the extension of applied demography beyond the United States this book includes material dealing with applied demography in Australia Canada Estonia and Mexico Opportunities and Challenges for Applied Demography in the 21st Century presents a score of selected papers from the second post 2000 national conference on Applied Demography held in San Antonio Texas in January 2010 under the sponsorship of the Institute for Demographic and Socioeconomic Research at The University of Texas at San Antonio Coverage includes the assembly of data by government agencies with a focus on issues facing the United States

demographic issues associated with globalization business demography and health demography as well as a section examining methodological advances in the areas of estimation and projection **The End of the Hamptons** Corey Dolgon, 2005-05 From polo players to migrant workers an inside peek at one of America's most exclusive communities
Journal of Economic Literature , 2001
