Mad Muse Jeffrey Berman, 2019-09-03 Many of the well respected scholarly studies of autobiographical writing have little or nothing to say about mental illness This book uncovers the mysterious relationship between mood disorders and creativity through the lives of seven writers demonstrating how mental illness is sometimes the driving force behind creativity

Depression and Narrative Hilary Clark, 2008-10-09 Depression and Narrative examines stories of depression in the context of recent scholarship on illness and narrative which up to this point has largely focused on physical illness and disability Contributors from a number of disciplinary perspectives address these narrative accounts of depression by both sufferers and those who treat them as they appear in memoirs diaries novels poems oral interviews fact sheets blogs films and television shows Together they explore the stories we tell about depression its contested causes its gendering the transformations in identity that it entails and the problems it presents for communication associated as it is with stigma and shame Unlike certain physical illnesses such as cancer depression is stigmatized sometimes as a nonproblem the sufferer should snap out of it and sometimes as the slippery slope to madness Thus depression narratives have their work cut out for them This book highlights the work these stories do including bringing meaning to sufferers explaining depression justifying therapies and treatments and reducing the burden of shame accounting for a suffering that is in the end unaccountable

Feminist Activism in the 1990s Gabriele Griffin, 2005-11-01 Feminist activism is often taught as an historical phenomenon and many students entering courses on women's studies are not familiar with current feminist work in the field This book documents a wide variety of different forms of feminist activism in the 1990s from organisations such as Rights for Women and Southall Black Sisters to Asian Women's Work in Refuges It raises questions about the meaning of feminist activism and its interpretation within women's studies and other academic disciplines The chapters suggest against much current representation within women's studies and elsewhere that feminism is still alive With a comprehensive introduction providing an historical overview of the development of feminist activism from second wave feminism onwards this text is intended to be of use as a resource for all students of women's studies and related courses

Mother Millett Kate Millett, 2020-05-05 Kate Millett's tremulous and hauntingly beautiful memoir begins with a telephone call from Minnesota where her mother is dying Her return home to a severe intelligent and controlling matriarch is the catalyst for a meditation on her upbringing in middle America and her subsequent outcast status as a political activist artist and lesbian Mother Millett is an intensely personal journey through the author's interior life a subject she has visited over the years in such classic texts as *Sita* and *The Loony*

Bin Trip In these pages are reflections on a life of political engagement beginning with the sexual politics of the feminist movement proceeding to the struggle for gay liberation and culminating in her campaign for housing rights on the Lower East Side of New York where she and her neighbors currently face eviction Throughout Millett confronts her fears of losing her mother the anchor to a world she has long ago rejected but which continues to define her Echoing Philip Roth's Patrimony Millett writes with great poignancy about caring for the person who brought her into the world a role reversal that brings with it both devastation and grace
