BBC Music Magazine *The Bleeding of Mozart* Lucien Karhausen, 2011 Mozart Otto Erich Deutsch, 1966-06-01 A Stanford University Press classic **Mozart's Music of Friends** Edward Klorman, 2016-04-21 This study analyzes chamber music from Mozart's time within its highly social salon performance context Mozart's Death William Stafford, 1991-10-23 There is a macabre fascination in the spectacle of one so brilliant dying so young in such tragic circumstances Was Mozart poisoned Was he irresponsible and childish dying from debauchery and dissipation Did his wife contribute to his downfall Was he driven to destruction by being ostracised as a rebel Did his genius render him incapable of normal human contact and worldly prudence Did he die because he had accomplished his mission as an artist and burnt himself out Was he the victim of a run of bad luck From 1791 to the present such stories have flourished this book examines their development and the evidence for them *Mozart's Piano Concertos* Neal Zaslaw, 1996 A celebration and exploration of a monumental achievement **Ten Masterpieces of Music** Harvey Sachs, 2021-10-26 Some pieces of music survive Most fall into oblivion What gives the ten masterpieces selected for this book their exceptional vitality In this penetrating volume Harvey Sachs acclaimed biographer and historian of classical music takes readers into the hearts of ten extraordinary works of classical music in ten different genres showing both the curious novice and the seasoned listener how to recognize appreciate and engage with these masterpieces on a historical and compositional level Far from what is often thought classical music is neither dead nor dying As a genre it is constantly evolving its pieces passing through countless permutations and combinations yet always retaining that essential life force The works collected here composed in the years between 1784 and 1966 are a testament to this fact As Sachs skillfully demonstrates they have endured not because they were exceptionally well made or interesting but because they were created by composers Mozart and Beethoven Schubert Schumann Berlioz Verdi and Brahms Sibelius Prokofiev and Stravinsky who had a particular genius for drawing music out of their deepest wellsprings Through music Sachs writes they universalized the intimate In describing how music actually sounds *Ten Masterpieces of Music* seems to do the impossible animating the process of composing as well as the coming together of disparate scales and melodies trills and harmonies It tells us too how particular compositions came to be often revealing that the pieces we now consider classic were never intended to be so In poignant exquisite prose Sachs shows how Mozart a former child prodigy under constant pressure to produce new music hastily penned Piano Concerto No 17 in G major one of his finest piano concertos for a teenage student and likewise demonstrates how Goethe's *Faust* Part One became a springboard for the musical imagination of the French composer Berlioz As Sachs explains these pieces are not presented as candidates for a new Top Ten They represent neither the most well known nor the most often performed works of each composer Instead they were chosen precisely because he had something profound to say about them about their composers about how each piece fits into its composer's life and about how each of these lives can be contextualized by time and place In fact Sachs encourages readers to form their own favorites and teaches them how to discern special

characteristics that will enhance their own listening experiences With Ten Masterpieces of Music it becomes evident that Sachs has lived with these pieces for a veritable lifetime His often soaring descriptions of the works and the dramatic lives of the men who composed them bring a heightened dimension to the musical perceptions of all listeners communicating both the sheer improbability of a work becoming a classic and why certain pieces these ten among them survive the perilous test of time

Mozart: Così Fan Tutte** Bruce Alan Brown, 1995-11-24 At once the most light hearted and disturbing of Mozart and Da Ponte's Italian comic works the opera has provoked widely differing reactions from listeners for more than two centuries This study provides a detailed account of the libretto's complex origins in myth and Italian literary classics Mozart's Operas Daniel Hartz, 1990 Renowned Mozart scholar Daniel Hartz brings his deep knowledge of social history theater and art to a study of the last and great decade of Mozart's operas Mozart specialists will recognize some of Hartz's best known essays here but six pieces are new for the collection and others have been revised and updated with little known documents on the librettist's composer's and stage director's craft All lovers of opera will value the elegance and wit of Professor Hartz's writing enhanced by thirty seven illustrations many from his private collection The volume includes Hartz's classic essay on Idomeneo 1781 the work that continued to inspire and sustain Mozart through his next and final six operas Thomas Bauman brings his special expertise to a discussion of Die Entführung aus dem Serail 1782 The ten central chapters are devoted to the three great operas composed to librettos by Lorenzo da Ponte Le nozze di Figaro 1786 Don Giovanni 1787 and Così fan tutte 1790 The reader is treated to fresh insights on da Ponte's role as Mozart's astute and stage wise collaborator on the singers whose gifts helped shape each opera and on the musical connections among the three works Parallels are drawn with some of the greatest creative artists in other fields such as Molière Watteau and Fragonard The world of the dance one of Hartz's specialties lends an illuminating perspective as well Finally the essays discuss the deep spirituality of Mozart's last two operas Die Zauberflöte and La Clemenza di Tito both 1791 They also address the pertinence of opera outside Vienna at the end of the century the fortunes and aspirations of Freemasonry in Austria and the relation of Mozart's overtures to the dramaturgy of the operas
