Myths and Facts 1982 Leonard J. Davis, Moshe Decter, 1982 **Fratricide in the Holy Land** Avner Falk, 2005-02-17

This is the first English language book ever to apply psychoanalytic knowledge to the understanding of the most intractable international struggle in our world today the Arab Israeli conflict Two ethnic groups fight over a single territory that both consider to be theirs by historical right essentially a rational matter But close historical examination shows that the two parties to this tragic conflict have missed innumerable opportunities for a rational partition of the territory between them and for a permanent state of peace and prosperity rather than perennial bloodshed and misery Falk suggests that a way to understand and explain such irrational matters is to examine the unconscious aspects of the conflict He examines large group psychology nationalism group narcissism psychogeography the Arab and Israeli minds and suicidal terrorism and he offers psychobiographical studies of Ariel Sharon and Yasser Arafat two key players in this tragic conflict today **Peace**

Arab-Israeli Conflict Transformed Hemda Ben-Yehuda, Shmuel Sandler, 2012-02-01 The Middle East conflict be it between the state of Israel and Arab states or between Jews and Palestinians is a staple of international news Utilizing both theoretical approaches and empirical evidence Hemda Ben Yehuda and Shmuel Sandler argue that despite the recent upswing in violence particularly over the Palestinian issue conflict has gradually been giving way since the 1970s to a more orderly regime of conflict management By integrating ethnonational theoretical literature into their analysis the authors move beyond the current International Relations debate over the relative merits of realist neo realist approaches versus neo liberal institutional approaches Ethnic state disputes are the primary source for failing to terminate the Arab Israeli conflict

Salvation Is from the Jews Roy H. Schoeman, 2019-04-15 The book traces the role of Judaism and the Jewish people in God's plan for the salvation of mankind from Abraham through the Second Coming as revealed by the Catholic faith and by a thoughtful examination of history It will give Christians a deeper understanding of Judaism both as a religion in itself and as a central component of Christian salvation To Jews it reveals the incomprehensible importance nobility and glory that Judaism most truly has It examines the unique and central role Judaism plays in the destiny of the world It documents that throughout history attacks on Jews and Judaism have been rooted not in Christianity but in the most anti Christian of forces Areas addressed include the Messianic prophecies in Jewish scripture the anti Christian roots of Nazi anti Semitism the links between Nazism and Arab anti Semitism the theological insights of major Jewish converts and the role of the Jews in the Second Coming Perplexed by controversies new and old about the destiny of the Jewish people Read this book by a Jew who became a Catholic for a well written provocative ground breaking account Some of the answers most have never heard before Ronda Chervin Ph D Hebrew Catholic

God Kelly Ryan Harriger, 2009-05 Does God really exist Or is He just a grandiose delusion passed down through the millennia to help us deal with our nagging need to find a purpose for our existence The author grew up in a believing household never questioning the existence of God but as he grew older and more interested in his faith he developed a driving need to know whether or not his faith was justified A totally blind faith one that couldn't be supported with any hard evidence just wouldn't do If God was real then He must have left a trail of evidence for a rational thinker to follow But if there wasn't any trail to follow then all faith would be blind and any faith would do as it would become little more than a set of guidelines to follow in an attempt to lead a spiritual and moral life The author began his exploratory journey with a set of questions that needed to be answered Do any of the world's religious scriptures reveal information that has parallels in scientific discovery Do any of

the world's religious scriptures offer specific prophecies that have unfolded in recorded history And lastly did any of the world's religious scriptures provide a blueprint for living that could drastically change one's life from the inside out As he sought answers to these questions he discovered an overwhelming amount of supporting evidence but it came with a catch it all pointed in one decisive direction KELLY RYAN HARRIGER lives in Pennsylvania He spent most of his working career in Los Angeles California as a professional writer in the world of advertising marketing and entertainment before returning to his boyhood home in Pennsylvania where he now works as a marketing and advertising consultant for small businesses and non profit groups *Myths and Facts* 1985 Leonard J.
