Post-Zionism, Post-Holocaust Elhanan Yakira, 2010 This book contains three essays that examine three forms of anti

Zionism and their use of the Holocaust to delegitimize Israel      Zionism and the State of Israel The Rev Dr Michael Prior Cm, Michael Prior, 2005-08-12 Zionism and the State of Israel provides a topical and controversial analysis of the development of Zionism and the recent history and politics of Israel This thought provoking study examines the ways in which the Bible has been used to legitimize the implementation of the ideological and political programme of Zionism and the consequences this has had      The Bible and Colonialism Michael Prior, 1997-05-01 The biblical claim of the divine promise of land is integrally linked with a divine mandate to exterminate the indigenous people The narrative has supported virtually all Western colonizing enterprises e g in Latin America South Africa Palestine resulting in the suffering of millions of people and loss of respect for the Bible According to modern secular standards of human and political rights what the biblical narrative calls for are war crimes and crimes against humanity In this provocative and compelling study Prior protests at the neglect of the moral question in conventional biblical studies and attempts to rescue the Bible from being a blunt instrument in the oppression of people      **Soft Threats to National Security** Dana Barnett, Efraim Karsh, 2021-11-29 This book explores the Boycott Divestment and Sanctions BDS phenomenon its impact and implications for Israel and the Palestinian Israeli conflict as well as the inextricable linkage between its anti Israeli anti Zionist propaganda and antisemitism unraveled from yet unknown perspectives The edited volume offers groundbreaking research While Israeli public diplomacy focused on security Palestinian diplomacy focused on a fabricated history The book analyzes the old Russian anti Zionist propaganda and its application by the BDS The public space of BDS activity projects a humane facade yet the covert part harbors antisemitic and violent supporters including terror groups and Iran Western universities turned into incubators of pro Palestinian groups that portray Israel as the source of evil The academic boycott of Israel worked to isolate and stigmatize Jewish scholars in America because of a presumed Jewish occupation of the American academe Western liberals wish to build bridges with the Muslim world unable to overcome differences on democracy secularism women s rights etc they focus on what they agree animosity towards Israel So has the UN the ICC Bedouin advocacy and Human Rights Watch The chapters in this book were originally published as a special issue of the journal Israel Affairs      Zionism, Israel, and Asian Nationalism Godfrey H. Jansen, 1971      *Religious Zionism and the Six Day War* Avi Sagi, Dov Schwartz, 2018-12-12 This book offers a new insight into the political social and religious conduct of religious Zionism whose consequences are evident in Israeli society today Before the Six Day War religious Zionism had limited its concern to the protection of specific religious interests with its representatives having little share in the determination of Israel s national agenda Fifty years after it religious Zionism has turned into one of Israeli society s dominant elements The presence of this group in all aspects of Israel s life and its members determination to set Israel s social cultural and international agenda is indisputable Delving into this dramatic transformation the book depicts the Six Day War as a constitutive event that indelibly changed the political and religious consciousness of religious Zionists The perception of real history that had guided this movement from its dawn was replaced

by a sacred history approach that became an actual program of political activity As part of a process that has unfolded over the last thirty years the body and sexuality have also become a central concern in the movement s practice reflection and discourse The how and why of this shift in religious Zionism from passivity and a consciousness of marginality to the front lines of public life is this book s central concern The book will be of interest to readers and scholars concerned with changing dynamic societies and with the study of religion and particularly with the relationship between religion and politics
