The Seven Pillars of Creation William P. Brown, 2010-02-26 In their highly selective and literal reading of Scripture creationists champion a rigidly reductionistic view of creation in their fight against soulless scientism Conversely many scientists find faith in God to be a dangerous impediment in the empirical quest for knowledge As a result of this ongoing debate many people of faith feel forced to choose between evolution and the Bible s story of creation But as William Brown asks which biblical creation story are we talking about Brown shows that through a close reading of biblical texts no fewer than seven different biblical perspectives on creation can be identified By examining these perspectives Brown illuminates both connections and conflicts between the ancient creation traditions and the natural sciences arguing for a new way of reading the Bible in light of current scientific knowledge and with consideration of the needs of the environment In Brown s argument both scientific inquiry and theological reflection are driven by a sense of wonder which in his words unites the scientist and the psalmist Brown s own wonder at the beauty and complexity of the created world is evident throughout this intelligent well written and inspirational book

Hasan-I-Sabah James Wasserman, 2020-09-14 This publication includes the first English translation of the 1310 biography of Hasan i Sabah by Rashid al Din The Biography of Our Master Sar Guzasht i Sayyidna Hasan i Sabah was born in northern Persia around 1050 and died in 1124 He was an Ismaili missionary or dai who founded the Nizari Ismailis after the usurpation of the Fatimid Imamate by the military dictator of Egypt It may be said that Hasan founded and operated the world s most successful mystical secret society while building a political territory in which to maintain his independence The small empire he created would be home to him his followers and their descendants for 166 years Today under the leadership of the Aga Khan the Nizari Ismailis are one of the preeminent Muslim sects in the world numbering some twenty million members in twenty five countries The medieval Nizaris were also known as Assassins or Hashishim They became embedded in European consciousness because of their contact with the Knights Templar and other Crusaders and visitors to the Near East Several

Europeans reported back with strange and largely false tales of the Assassins In the fourteenth century they were widely popularized by the famed Venetian traveler and writer Marco Polo in *The Travels of Marco Polo* He added a whole new level of myth in his account of the sect included in this volume along with extensive commentary Of greatest interest is the idea that the Assassins were the spiritual initiators of the Knights Templar If this is true Hasan i Sabah would be in part responsible for the European Renaissance that would reclaim the spiritual centrality of the Hermetic writings and the Gnostic Esoteric trends that continue to this day Essential reading for an understanding of modern esoteric secret societies and today s headlines coming from the Middle East Includes 9 maps *The Garden of Eden Myth* Walter

A Short History of Myth (Myths series) Karen Armstrong, 2010-10-29 What are myths How have they evolved And why do we still so desperately need them A history of myth is a history of humanity Karen Armstrong argues in this insightful and eloquent book our stories and beliefs our curiosity and attempts to understand the world link us to our ancestors and each other This is a brilliant and thought provoking introduction to myth in the broadest sense from Palaeolithic times to the Great Western Transformation of the last 500 years and why we dismiss it only at our peril

Splitting the Day of the Lord Wayne Brouwer, 2018-10-24 As ancient Israel s size and influence declined her prophets began to increasingly predict a new act from God that would accomplish three things on a global scale 1 a purifying judgment that would reset the scales of justice and remove the degrading effects of evil 2 the carving out of a remnant community deeply devoted to Yahweh expanding to include international participation and 3 the ushering in of a messianic age in which goodness harmony and righteousness would pervade every dimension of life on earth Jesus disciples connected the prophetic Day of the Lord with his coming and redemptive work Yet many questioned whether the full impact was made manifest in Jesus since wars did not cease broad judgment on sin and evil was not unleashed and the full blessings of the predicted messianic age were not evident Jesus did something that no one had anticipated however by splitting the Day of the Lord into two divine acts instead of one This is what distinguishes Christianity from its Jewish roots as well as its Islamic successor neither of which acknowledge this unique aspect of Jesus person and work or the reworking of how and when the Day of the Lord would take place

God the Creator Ben C. Ollenburger, 2023-04-18 Christians today are focused on two important creation topics how the world came to be and how we should care for it A highly respected Old Testament theologian recommends that before discussing these questions we focus on God the Creator and God s ongoing work in creation We should explore what the Bible tells us and let the text set the agenda for our reflections Combining his storytelling gift with rigorous biblical exegesis and deep reflection Ben Ollenburger describes the action of God the Creator as presented throughout the Old Testament He shows how creation

is about more than origins It is about God acting against the hostile forces of chaos that can be historical political and military About how God created a well ordered world and how human transgression ruptures God s relationship with humans and threatens creation About how God responds as Creator to those threats by disturbing and reordering the disorder bringing about what God intended a world ordered in the social political and natural realms that is characterized by the justice righteousness and peace required for human flourishing *The Creation of Man and Woman* Gerard P. Luttikhuisen,2000-06-01 This volume deals with the three stories about the creation of man and woman in the Hebrew Bible Genesis 1 26 27 2 7 and 2 18 25 and with diverse interpretations of these narratives in Judaism and Christianity particularly in ancient Jewish and Christian texts Old Testament Apocrypha and Pseudepigrapha Philo the apostle Paul Patristic Rabbinic and Gnostic texts Other chapters are devoted to John Milton s recreation of Eve and Adam to a psycho analytical reconsideration of the biblical creation stories and to divine creation as a model for human creation in theatre and other art forms
