Mahoe, 2021-05-25 Here for the first time is a large collection of Hawaiian songs in an authoritative text with translation music not included The texts have never before been written consistently with the glottal stops indicating syllabic breaks between vowels and macrons indicating long vowels and stresses that make the words pronounceable by those unfamiliar with the Hawaiian language Many of the songs have not been translated before or have only been freely adapted rather than translated These 101 songs are all postmissionary and owe their musical origin to missionary hymns although only a few are religious None are technically chants though some are chants that have been edited and set to music They date from the mid 1850s most are from the time of the monarchy to 1968 the date of Mary Kawena Pukui's translation of Christmas songs Nearly all of these songs are sung today and are well known to Hawaiian singers Included are love songs and Christmas songs There is an exhaustive introduction which includes classification and arrangement of the songs a note on the composers and analysis of the structure symbolism and meanings of the songs and a note on the translations and on the poetic vocabulary of the Hawaiian words Na Mele O Hawai'i Nei Noelani Māhoe, 1970 **Na Mele O Hawai'i Nei** S. change without violence Relying on the extraordinary database she has assembled at the Amendments Project Lepore recounts centuries of attempts mostly by ordinary Americans to realize the promise of the Constitution Yet nearly all those efforts have failed Although nearly twelve thousand amendments have been introduced in Congress since 1789 and thousands more have been proposed outside its doors only twenty seven have ever been ratified More troubling the Constitution has not been meaningfully amended since 1971 Without recourse to amendment she argues the risk of political violence rises So does the risk of constitutional change by presidential or judicial fiat Challenging both the Supreme Court s monopoly on constitutional interpretation and the flawed theory of originalism Lepore contends in this gripping and unfamiliar story of our own past that the philosophy of amendment is foundational to American constitutionalism The framers never intended for the Constitution to be preserved like a butterfly under glass Lepore argues but expected that future generations would be forever tinkering with it hoping to mend America by amending its Constitution through an orderly deliberative and democratic process Lepore s remarkable history seeks too to rekindle a sense of constitutional possibility Congressman Jamie Raskin writes that Lepore has thrown us a lifeline a way of seeing the Constitution neither as an authoritarian straitjacket nor a foolproof magic amulet but as the arena of fierce logical passionate and often deadly struggle for a more perfect union At a time when the Constitution s vulnerability is all too evident and the risk of political violence all too real We the People with its shimmering prose and pioneering research hints at the prospects for a better constitutional future an amended America

Hawaiian Grammar Samuel H.

Elbert, Mary Kawena Pukui, 2021-05-25 Without question this is the definitive grammar of the Hawaiian language. Indeed it is the first attempt at a comprehensive treatment of the subject since W D Alexander published his concise *Short Synopsis of the Most Essential Points in Hawaiian Grammar* in 1864. This grammar is intended as a companion to the *Hawaiian Dictionary* by the same authors. The grammar was written with every student of the Hawaiian language in mind, from the casual interested layperson to the professional linguist and grammarian. Although it was obviously impossible to avoid technical terms, their use was kept to a minimum and a glossary is included for those who need its help. Each point of grammar is illustrated with examples, many from Hawaiian language literature.
