Nachman Krochmal Guiding Th Perplexed Of The Modern Age:

Psychoanalytic Reflections on Current Issues Howard B. Siegalis, Laura Barbanel, Irwin Hirsch, Judith Lasky, 1991-06-01 Jewish History David N. Myers, 2017-04-18 How have the Jews survived For millennia they have defied odds by overcoming the travails of exile persecution and recurring plans for their annihilation Many have attempted to explain this singular success as a result of divine intervention In this engaging book David N Myers charts the long journey of the Jews through history At the same time it points to two unlikely and decidedly this worldly factors to explain the survival of the Jews antisemitism and assimilation Usually regarded as grave dangers these two factors have continually interacted with one other to enable the persistence of the Jews At every turn in their history not just in the modern age Jews have adapted to new environments cultures languages and social norms These bountiful encounters with host societies have exercised the cultural muscle of the Jews preventing the atrophy that would have occurred if they had not interacted so extensively with the non Jewish world It is through these encounters indeed through a process of assimilation that Jews came to develop distinct local customs speak many different languages and cultivate diverse musical culinary and intellectual traditions Left unchecked the Jews well honed ability to absorb from surrounding cultures might have led to their disappearance And yet the route toward full and unbridled assimilation was checked by the nearly constant presence of hatred toward the Jew Anti Jewish expression and actions have regularly accompanied Jews throughout history Part of the ironic success of antisemitism is its malleability its talent in assuming new forms and portraying the Jew in diverse and often contradictory images for example at once the arch capitalist and revolutionary Communist Antisemitism not only served to blunt further assimilation but in a paradoxical twist affirmed the Jew s sense of difference from the host society And thus together assimilation and antisemitism at least up to a certain limit contribute to the survival of the Jews as a highly adaptable and yet distinct group **Abraham Geiger's Liberal Judaism** Ken Koltun-Fromm, 2006-07-13 German rabbi scholar and theologian Abraham Geiger 1810 1874 is recognized as the principal leader of the Reform movement in German Judaism In his new work Ken Koltun Fromm argues that for Geiger personal meaning in religion rather than rote ritual practice or acceptance of dogma was the key to religion s moral authority In five chapters the book explores issues central to Geiger s work that speak to contemporary Jewish practice historical memory biblical interpretation ritual and gender practices rabbinic authority and Jewish education This is essential reading for scholars rabbis rabbinical students and informed Jewish readers interested in Conservative and Reform Judaism Published with the generous support of the Lucius N Littauer Foundation Jewish Materialism Eliyahu Stern, 2018-01-01 Cover Half Title Title Copyright Dedication Contents Preface Acknowledgments Note on Transliteration Introduction Materialisms 1 Tradition 2 Social Materialism 3 Scientific Materialism 4 Practical Materialism 5 The Materialization of Spirit Conclusion Jewish Body Politics Notes Bibliography Index A B C D E F G H I J K L M N O P Q R S T U V W Y Z **The A to Z of Judaism** Norman Solomon, 2009 This book includes a

chronology and an introduction that presents an overview of all aspects of Judaism Numerous cross referenced dictionary entries detail important people writings institutions concepts Hebrew words philosophy theology and religious law and an extensive bibliography provides access for further study Jacket **The A to Z of Judaism** Norman Solomon,2009-08-13 Judaism the religion of the Jewish people is one of the first recorded monotheistic religions and as such is one of the oldest religious traditions still practiced today While its influences can be seen in the religions of both Christianity and Islam many of its beliefs traditions and practices are unknown The second edition of The A to Z of Judaism doesn't just present religious beliefs in a traditional sense but investigates the complex intermingling of religion devotion lifestyle and culture as it is found in diverse Jewish populations around the world and as it has evolved over the course of recent human history Judaism like many other cultural institutions has rarely remained static instead continually investigating and questioning itself metamorphosing in relation to the world By means of a chronology an introductory essay a bibliography and numerous cross referenced dictionary entries on important persons writings institutions concepts Hebrew words philosophy theology and religious law author Norman Solomon provides an important reference source for the study of Judaism *The Jewish God Question* Andrew Pessin,2018-11-15 The Jewish God Question explores what a diverse array of Jewish thinkers have said about the interrelated questions of God the Book the Jewish people and the Land of Israel Exploring topics such as the existence of God God's relationship to the world and to history how to read the Bible Jewish mysticism the evolution of Judaism and more Andrew Pessin makes key insights from the Jewish philosophical tradition accessible and engaging Short chapters share fascinating insights from ancient times to today from Philo to Judith Plaskow The book emphasizes the more unusual or intriguing ideas and arguments as well as the most influential The Jewish God Question is an exciting and useful book for readers wrestling with some very big questions **Fixing God's Torah** B. Barry Levy,2001 Many scholars and observant Jews assume that rabbinic Judaism includes a dogmatic commitment to the notion that the Bible text particularly the Torah text is letter perfect This study offers a very different picture of the textual reality *Historical Dictionary of Judaism* Norman Solomon,2024-10-15 What we now call Judaism is the religion of the rabbis it is rooted in scripture the Hebrew Scriptures but it is not to be identified with Old Testament theology Judaism in its many manifestations has continued to evolve rereading its ancient texts and extracting new meaning while addressing contemporary issues such as the status of women and attitudes to sexual orientation History or rather our perception of it has changed substantially Previously unknown documents and artefacts have surfaced while scholars have proposed far reaching changes to the way we read and evaluate ancient texts Nowadays we have a more nuanced understanding of how to evaluate statements in the Talmud and other rabbinic writings and we are better able to contextualize them not only in Greco Roman antiquity but also in the Sasanian environment in which the Babylonian Talmud was formed Historical Dictionary of Judaism Fourth Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 800 cross

referenced entries on important personalities in Jewish religious history including biblical personalities with an emphasis on how they are understood in Jewish Christian and Islamic tradition This book is an excellent access point for students researchers and anyone wanting to know more about Judaism Out of the Shtetl Nancy Sinkoff,2003 **Moses Mendelssohn's Hebrew Writings** ,2018-05-22 The first annotated English translation of the Hebrew writings of the great eighteenth century Berlin philosopher *The Limits of Orthodox Theology* Marc B. Shapiro,2022-03-16 This book takes issue with the widespread assumption that Maimonides famous Thirteen Principles are the last word in Orthodox Jewish theology **Devotional Intelligence and Jewish Religious Thinking** Phillip Stambovsky,2019-07-05 This groundbreaking neo Maimonidean work establishes on independently philosophical grounds the intellectual warrant of Jewish religious thinking as devotional intelligence It demonstrates the purchase and intellectual authority of such thinking by appeal to two dialectically interrelated principles on the one hand the metaphysical principle that knowing is of being and on the other sacral attunement a normative principle Part I distinguishes this study from leading work in contemporary philosophy of Judaism It introduces the game changing bid to privilege intelligence in the onto epistemological Aristotelian sense over epistemologically orchestrated post Enlightenment reason when it comes to assessing the intellectual soundness of religious thinking Part II distills contemporary elements of Aristotle s onto epistemological psychology of intelligence that Maimonides incorporated in his philosophy of Jewish religious thinking Further it finds in Hegel a bridge between Maimonides account of devotional intelligence and a modern Maimonidean science of knowing dedicated to religious thinking Part III turns to sacral attunement foregrounding the normative devotional aspect of devotional intelligence It probes the intentionality of both onto epistemological attunement and the sacred relative to the factor of the transcendent In the process it identifies and applies elements of an existential phenomenology of fundamental attunement that thematize defining realities of the sacral attunement unique to normative Jewish covenantal praxis A related analysis of the sacred in religious thinking follows which segues to a chapter on the factor of the transcendent as a seminal constituent of meaning in both the sciences and religion Part IV applies and amplifies key findings in light of a signature Jewish devotional theme the divine names approached from a signally Maimonidean apophatic position indexed to the factor of the transcendent as the unconditioned condition Kant of intelligible meaning as such Distinguishing what the divine names indicate from what they refer to the essay concludes by substantiating the intellectual warrant of Jewish religious thinking as a devotional intelligence of the relation of identity in difference between the attributive names and the Tetragrammaton

Historicizing "Tradition" in the Study of Religion Steven Engler,Gregory Price Grieve,2012-02-13 This collection of essays analyzes tradition as a category in the historical and comparative study of religion The book questions the common assumption that tradition is simply the passing down or imitation of prior practices and discourses It begins from the premise that many traditions are at least in part social fabrications often deliberately serving particular ideological ends Individual

chapters examine a wide variety of historical periods and religions Congolese Buddhist Christian Confucian Cree Esoteric Hawaiian Hindu Islamic Jewish New Religious Movement and Shinto Different sections of the book consider tradition s relation to three sets of issues legitimation and authority agency and identity modernity and the West **Socrates and the Fat Rabbis** Daniel Boyarin, 2009-09-28 What kind of literature is the Talmud To answer this question Daniel Boyarin looks to an unlikely source the dialogues of Plato In these ancient texts he finds similarities both in their combination of various genres and topics and in their dialogic structure But Boyarin goes beyond these structural similarities arguing also for a cultural relationship In Socrates and the Fat Rabbis Boyarin suggests that both the Platonic and the talmudic dialogues are not dialogic at all Using Michael Bakhtin s notion of represented dialogue and real dialogism Boyarin demonstrates through multiple close readings that the give and take in these texts is actually much closer to a monologue in spirit At the same time he shows that there is a dialogism in both texts on a deeper structural level between a voice of philosophical or religious dead seriousness and a voice from within that mocks that very high solemnity at the same time Boyarin ultimately singles out Menippean satire as the most important genre through which to understand both the Talmud and Plato emphasizing their seriocomic peculiarity An innovative advancement in rabbinic studies as well as a bold and controversial new way of reading Plato Socrates and the Fat Rabbis makes a major contribution to scholarship on thought and culture of the ancient Mediterranean **Transfinite Life** Bruce Rosenstock, 2017-11-20 Oskar Goldberg was an important and controversial figure in Weimar Germany He challenged the rising racial conception of the state and claimed that the Jewish people were on a metaphysical mission to defeat race based statism He attracted the attention of his contemporaries Walter Benjamin Gershom Scholem Thomas Mann and Carl Schmitt among others with the argument that ancient Israel s sacrificial rituals held the key to overcoming the tyranny of technology in the modern world Bruce Rosenstock offers a sympathetic but critical philosophical portrait of Goldberg and puts him into conversation with Jewish and political figures that circulated in his cultural environment Rosenstock reveals Goldberg as a deeply imaginative and broad minded thinker who drew on biology mathematics Kabbalah and his interests in ghost photography to account for the origin of the earth Caricatured as a Jewish proto fascist in his day Goldberg s views of the tyranny of technology biopolitics and the new vitalism remain relevant to this day Ahad Ha'am Elusive Prophet Steven J Zipperstein, 2012-08-27 An incisive biography of the guiding intellectual presence and chief internal critic of Zionism during the movement s formative years between the 1880s and the 1920s Ahad Ha am One of the People was the pen name of Asher Ginzberg 1856 1927 a Russian Jew whose life intersected nearly every important trend and current in contemporary Jewry His influence extended to figures as varied as the scholar of mysticism Gershom Scholem the Hebrew poet Hayyim Nahman Bialik and the historian Simon Dubnow Theodor Herzl may have been the political leader of the Zionist movement but Ahad Ha am exerted a rare perhaps unequalled authority within Jewish culture through his writings Ahad Ha am was a Hebrew essayist of extraordinary knowledge and skill a public intellectual

who spoke with refreshing and also according to many exasperating candour on every controversial issue of the day He was the first Zionist to call attention to the issue of Palestinian Arabs He was a critic of the use of aggression as a tool in advancing Jewish nationalism and a foe of clericalism in Jewish public life His analysis of the prehistory of Israeli political culture was incisive and prescient Steven J Zipperstein offers all those interested in contemporary Jewry in Zionism and in the ambiguities of modern nationalism a wide ranging perceptive reassessment of Ahad Ha am s life against the back drop of his contentious political world This influential figure comes to life in a penetrating and engaging examination of his relations with his father with Herzl and with his devotees and opponents alike Zipperstein explores the tensions of a man continually torn between sublimation and self revelation between detachment and deep commitment to his people between irony and lyricism between the inspiration of his study and the excitement of the streets As a Zionist intellectual Ahad Ha am rejected both xenophobia and assimilation seeking for the Jews a usable past and a plausible future

The Study of Judaism Aaron W. Hughes, 2013-09-04 The relationship between Jewish studies and religious studies is a long and complicated one full of tensions and possibilities Whereas the majority of scholars working within Jewish studies contend that the discipline is in a very healthy state many who work in theory and method in religious studies disagree For them Jewish studies represents all that is wrong with the modern academic study of religion too introspective too ethnic too navel gazing and too willing to reify or essentialize data that it constructs in its own image In this book Aaron W Hughes explores the unique situation of Jewish studies and how it intersects with religious studies noting particular areas of concern for those interested in the field s intellectual health and future flourishing Hughes provides a detailed study of origins principles and assumptions documenting the rise of Jewish studies in Germany and its migration to Israel and the United States Current issues facing the academic study of Judaism are discussed including the role of private foundations that seek inroads into the academy

Chronicles and Commentaries Eliezer Segal, 2015-06-30 The controversial history of sermons the physics and philosophy of rainbows lions in the synagogue hares in the Greek Bible the gold standard God in human disguise these are but a few of the many topics that are introduced in this lively miscellany of glimpses into exotic frontiers of Jewish literature history and tradition In the present compendium of short studies Eliezer Segal once again introduces the public to the fruits of Judaic scholarship while employing a charming style that combines learning and wit Chronicles and Commentaries is the latest addition to the author s distinguished series of collections that includes Why Didn t I Learn That in Hebrew School 1999 Ask Now of the Days that Are Past 2005 A Meeting Place for the Wise 2008 and On the Trails of Tradition 2011 The new digital edition from Quid Pro Books features proper ebook formatting active Contents and all the illustrations from the paperback edition

Judaism and Its Bible Frederick E. Greenspahn, 2023-08 Judaism and Its Bible explores the profoundly deep and complex relationship between Jews Judaism and the Hebrew Bible The Hebrew Bible has been ubiquitous in Jewish life and thought Jews read it interpret it and debate it They translate the Bible even as they deem those

translations inadequate and they cite the Bible as the basis for observances that are not even mentioned in it Jews quote the Bible as authority for their tradition s preservation and innovation as both the word of God and the language of humans and as justification for both pro and anti rabbinic movements Fascinating and comprehensive Judaism and Its Bible describes the extraordinary two and a half millennia journey of a people and its book that has changed the world
