Naked Heart Talking On Poetry Mysticism And The Erotic:

Naked Heart William Everson, 1992 A volume in the series Studies in Twentieth Century American Poetry and Poetics Index **Christian Mystics** Matthew Fox, 2011 As Matthew Fox notes when an aged Albert Einstein was asked if he had any regrets he replied I wish I had read more of the mystics earlier in my life The 365 writings here allow readers of all faiths and no faith to experience these readings *American Poetry after Modernism* Albert Gelpi, 2015-03-09 Albert Gelpi's *American Poetry after Modernism* is a study of sixteen major American poets of the postwar period from Robert Lowell to Adrienne Rich Gelpi argues that a distinctly American poetic tradition was solidified in the later half the twentieth century thus severing it from British conventions **William Everson** Steven Herrmann, 2015-12-10 In 1991 author and Jungian psychotherapist Steven Herrmann was called by the poet shaman William Everson to collaborate on writing a book It is from that event that the subtitle of this book emerged *The Shaman's Call* Its aim is to instill in readers that if one follows one's calling from the shamanic archetype with the right attitude it could culminate in true cosmic awareness And it would interconnect the psyche with nature or what C G Jung called the Self Such awareness is made clear through the transfiguring power of American poet shamans who transmit what they are called by nature to convey that an experience of the Self is a life altering experience The calling can be transmitted by way of an animal power to a person through dreams transformative relationships in depth psychotherapy religious experiences art scientific endeavor or through the hearing reading or writing of shamanic poetry During the conversations with Everson emerged a vision of the way shamanism has been portrayed in American poetry from Herman Melville's *Moby Dick* to Walt Whitman's *Leaves of Grass* to Emily Dickinson's *The Complete Poetry* to what Everson achieved in his seminal poems *October Tragedy* *The Encounter* and *Black Hills* and in his literature course at the University of California Santa Cruz The conversations form a link between the 80 year old poet shaman and the 35 year old Jungian author Steven Herrmann who was just beginning to find his own wings as a poet The Expanded edition commemorates William Everson's birth on September 10 1912 Herrmann co organized three Centennial events to celebrate Everson's work in the fall of 2012 Part II contains *Seven Meditations* William Everson's *Basic Teachings on Vocation* a final conversation with Everson on vocatypes and Herrmann's Centennial essays and poems **The Letters of Robert Duncan and Denise Levertov** Robert Edward Duncan, Robert J. Bertholf, Albert Gelpi, 2004 This volume presents the complete correspondence between two of the most important and influential American poets of the postwar period The almost 500 letters range widely over the poetry scene and the issues that made the period so lively and productive But what gives the exchange its special personal and literary resonance is the sense of spiritual affinity and shared conviction about the power of the visionary imagination Duncan and Levertov explore these matters in rich detail until under the stress of dealing with the Vietnam War in poetry they discover deep seated differences in the religious and ethical convictions underlying their politics and poetic stance The issues that drew them together and those that drove them apart create a powerful personal

drama with far reaching historical and cultural significance The editors have provided a critical Introduction full notes a chronology and a glossary of names **Hart Crane** Brian M. Reed,2006-04-02 This volume studies the relation between globalization and inequalities in emerging societies by linking Area and Global Studies aiming at a new theory of inequality beyond the nation state and beyond Eurocentrism The Cubalogues Todd Tietchen,2010-10-17 Immediately after the Cuban Revolution Havana fostered an important transnational intellectual and cultural scene Later Castro would strictly impose his vision of Cuban culture on the populace and the United States would bar its citizens from traveling to the island but for these few fleeting years the Cuban capital was steeped in many liberal and revolutionary ideologies and influences Some of the most prominent figures in the Beat Movement including Allen Ginsberg Lawrence Ferlinghetti and Amiri Baraka were attracted to the new Cuba as a place where people would be racially equal sexually free and politically enfranchised What they experienced had resounding and lasting literary effects both on their work and on the many writers and artists they encountered and fostered Todd Tietchen clearly documents the multiple ways in which the Beats engaged with the scene in Havana He also demonstrates that even in these early years the Beat movement expounded a diverse but identifiable politics Hard to Be a Saint in the City Robert Inchausti,2018-01-30 An exploration of Beat spirituality seen through excerpts from the writings of the seminal writers of Beat Generation themselves It s been said that Jack Kerouac made it cool to be a thinking person seeking a spiritual experience And there is no doubt that the writers he knew and inspired iconic figures like Allen Ginsberg William S Burroughs Gary Snyder and Michael McClure were thinkers seeking exactly that In this re claiming of their vision Robert Inchausti explores the Beat canon to reveal that the movement was at heart a spiritual one It goes deeper than the Buddhism with which many of the key figures became identified It s about their shared perception of an existence in which the Divine reveals itself in the ordinary Theirs is a spirituality where real life triumphs over airy ideals and personal authenticity becomes both the content and the vehicle for a kind of refurbished American Transcendentalism *Historical Dictionary of the Beat Movement* Paul Varner,2012-06-21 The Beat Movement was one of the most radical and innovative literary and arts movements of the 20th century and the history of the Beat Movement is still being written in the early years of the 21st century Unlike other kinds of literary and artistic movements the Beat Movement is self perpetuating After the 1950s generation headlined by Jack Kerouac Allen Ginsberg and William S Burroughs a new generation arose in the 1960s led by writers such as Diane Wakoski Anne Waldman and poets from the East Side Scene In the 1970s and 1980s writers from the Poetry Project at St Mark s Church and contributors to World magazine continued the movement The 1980s and 1990s Language Movement saw itself as an outgrowth and progression of previous Beat aesthetics Today poets and writers in San Francisco still gather at City Lights Bookstore and in Boulder at the Jack Kerouac School of Disembodied Poetics and continue the movement It is now a postmodern movement and probably would be unrecognizable to the earliest Beats It may even be in the process of finally shedding the name Beat But the Movement

continues The Historical Dictionary of the Beat Movement covers the movement's history through a chronology an introductory essay and an extensive bibliography The dictionary section has over 700 cross referenced entries on significant people themes critical issues and the most significant novels poems and volumes of poetry and prose that have formed the Beat canon This book is an excellent access point for students researchers and anyone wanting to know more about the Beat Movement Encyclopedia of Beat Literature Kurt Hemmer,2010-05-12 Discusses the literary works and great authors of the Beat Generation *Encyclopedia of American Poetry: The Twentieth Century* Eric L. Haralson,2014-01-21 The Encyclopedia of American Poetry The Twentieth Century contains over 400 entries that treat a broad range of individual poets and poems along with many articles devoted to topics schools or periods of American verse in the century Entries fall into three main categories poet entries which provide biographical and cultural contexts for the author's career entries on individual works which offer closer explication of the most resonant poems in the 20th century canon and topical entries which offer analyses of a given period of literary production school thematically constructed category or other verse tradition that historically has been in dialogue with the poetry of the United States **Spirituality** Kees Waaijman,2002 This textbook is a systematic guide to the extensive field of spirituality Kees Waaijman charts the multiform phenomenon of spirituality the spirituality of ordinary people the great spiritual traditions and the force of counter movements From the foundation of this survey he answers questions like What exactly is spirituality What forms can a scholarly approach take Finally the book provides methodic access to the study of spirituality focusing on the following questions Which are the different forms of spirituality and how can we describe them How can spiritual texts be given a reliable reading Which themes can be distinguished in the field of spirituality and what would be a meaningful way to address them What do we mean by spiritual guidance and what can we learn from it This textbook has no equal It is indispensable to scholars wishing to study the subject but also to others who want to learn about spirituality **The Poetics of Postmodernist and Neoromantic Nature Poetry** George Leslie Hart,1997 *Disembodied Poetics* Anne Waldman,Andrew Schelling,1994 Behind the Lines Philip Metres,2001 This dissertation analyzes the ways in which American lyric poetry has articulated and authorized a new critical discourse about war speaking for and to dissenters against U S involvement in the Second World War the Vietnam War and the Persian Gulf War This study begins with the Second World War when 50 000 American conscientious objectors engaged in nonviolent social action during internment The C O poets Robert Lowell William Stafford and William Everson articulate the dilemmas of direct action in a poetry marked by self accusation and disavowal The Vietnam War provoked a war resistance poetry that explicitly critiqued American nationalism and increasingly addressed the anti war movement visible in the shift in poetic address in Denise Levertov's lyric poetry At the same time Levertov's war poetry renders visible the perils of representing the other John Balaban's poetry and translations from Vietnamese by contrast offer an alternative war resistance narrative communicating the complexities of witness Finally the debate about the

ethics of postmodernity between Jean Baudrillard and Christopher Norris in the wake of the Persian Gulf War enables an analysis of the lyric in activist contexts and anthologies June Jordan and Barrett Watten in particular address the new conditions of postmodern warfare bypassing the limits of the lyric through performative and experimental poetics Author s abstract Poetry Harriet Monroe,1993 *The Crooked Lines of God: The residual years* William Everson,1997 *After His Lights* Brian M.
