Visions of Paradise Robert Stephen Haskett, 2005 Cuernavaca often called the Mexican Paradise or Land of Eternal Spring has a deep rich history Few visitors to this modern resort city near Mexico City would guess from its Spanish architecture and landmarks that it was governed by its Tlalhuican residents until the early nineteenth century Formerly called Cuauhnahuac the city was renamed by the Spanish in the sixteenth century when Hernando Cort s built his stone palacio on its main square and thrust Cuernavaca into the colonial age In Visions of Paradise Robert Haskett presents a history of Cuernavaca basing his account on an important body of late seventeenth century historical records known as primordial titles written by still unknown members of the Native population Until comparatively recently these indigenous language documents have been dismissed as false or forged land records Haskett however uses these Nahuatl texts to present a colorful portrait of how the Tlalhuicas of Cuernavaca and its environs made intellectual sense of their place in the colonial scheme conceived of their relationship to the sacred worlds of both their native religion and Christianity and defined their own history Surveying the local history of Cuernavaca from precontact observations by the Aztecs through postclassic times to the present with a concentration on early colonial times Haskett finds that the Native authors of the primordial titles crafted a celebratory history proclaiming themselves to be an enduringly autonomous essentially unconquered people who triumphed over the rigors of the Spanish colonial system

Hindutva and Violence Vinayak Chaturvedi, 2022-09-01 Examines the place of history in the political

thought of Vinayak Damodar Savarkar one of the key architects of modern Hindu nationalism *Hindutva* and *Violence* explores the place of history in the political thought of Vinayak Damodar Savarkar 1883-1966 the most controversial Indian political thinker of the twentieth century and a key architect of Hindu nationalism Examining his central claim that *Hindutva* is not a word but a history the book argues that for Savarkar this history was not a total history a complete history or a narrative history Rather its purpose was to trace key historical events to a powerful source the font of motivation for chief actors of the past who had turned to violence in a permanent war for *Hindutva* as the founding principle of a Hindu nation At the center of Savarkar's writings are historical characters who not only participated in ethical warfare against invaders imperialists and conquerors in India but also became Hindus in acts of violence He argues that the discipline of history provides the only method for interpreting *Hindutva* The book also shows how Savarkar developed his conceptualization of history as a way into the meaning of *Hindutva* Savarkar wrote extensively from analyses of the nineteenth century to studies of antiquity to draw up his histories of Hindus He also turned to a wide range of works from the epic tradition to contemporary social theory and world history as his way of explicating *Hindutva* and history By examining Savarkar's key writings on history historical methodology and historiography Vinayak Chaturvedi provides an interpretation of the philosophical underpinnings of *Hindutva* Savarkar's interpretation of *Hindutva* he demonstrates requires above all grappling with his idea of history
