Nameless Ones:

MindRogue Connie Suttle,2017-12-13 We are Or myr a secretive dwindling race of wyrm dragons For many years we were without a queen and directionless until my sister was born She was loved Protected Until the one known as the Prophet stole her away Our only hope to save our queen and our race lies in the hands of a blind man named Randl Gage A man who is also one of the most wanted criminals in both Alliances

The Nameless Ones Melanie Vanderboom,2019-08-24 Imagine a world without names Every child is raised by a single system Governments taking away children upon birth and raising them nameless merely a number in a system until the age of sixteen when the children reach Nascency and are released into the world What happens if the System takes it a step further and decides they get to choose who is deserving of life What if you are one of the ones they decide doesn't quite meet their requirements Friendships aren't encouraged in the compound because no one knows where they are going to end up when they leave It can be traumatizing to find out your best friend is going to be living across the world from you not even in the same timezone Of course there are always a few people who refuse to listen to these rules though myself for example The commotion down the hall is being caused by two people in the C year They've been a couple for almost two years now and the enforcers caught them being a little too friendly in the hallway They pull the girl off of the guy and begin to drag her down the hall away from him The girl is screaming and yet no one does anything not even when the enforcers continually electrifying her with the prod The boy is lying on the ground his nose bleeding It's all part of the system and we have to trust the system

Fantastic Spiritualities J'annine Jobling,2010-07-01 In this work Jobling argues that religious sensibility in the Western world is in a process of transformation but that we see here change not decline and that the production and consumption of the fantastic in popular culture offers an illuminating window onto spiritual trends and conditions She examines four major examples of the fantastic genre the Harry Potter series Rowling His Dark Materials Pullman Buffy the Vampire Slayer Whedon and the Earthsea cycle Le Guin demonstrating that the spiritual universes of these four iconic examples of the fantastic are actually marked by profoundly modernistic assumptions raising the question of just how contemporary spiritualities often deemed postmodern navigate philosophically the waters of truth morality authority selfhood and the divine Jobling tackles what she sees as a misplaced disregard for the significance of the fantasy genre as a worthy object for academic investigation by offering a full length thematic comparative and cross disciplinary study of the four case studies proposed chosen because of their significance to the field and because these books have all been posited as exemplars of a postmodern religious sensibility This work shows how attentiveness to spiritual themes in cultural icons can offer the student of theology and religions insight into the framing of the moral and religious imagination in the late twentieth and twenty first centuries and how this can prompt traditional religions to reflect on whether their own narratives are culturally framed in a way resonating with the signs of the times

Blackbirds Ryan Verniere,2022-10-04 Blackbirds is a dark fantasy tabletop role playing game The gods failed us The

powerful betrayed us Rise to meet your fate Twelve years of war have ravaged the kingdoms of Erebos where the great battle that would decide the fate of all has been waged and lost Now the lights of civilization are going out Swells of refugees have taken to the roads desperate to find homes far from all the suffering New constellations twinkle in the vault of the night only to disappear if scrutinized for too long Creatures of long forgotten folklore once again stalk the countryside It is a time of ill omens and unlikely heroes BLACKBIRDS RPG is set in a dark fantasy world where a cabal of power hungry Oligarchs has stolen godhood Their horrific act rent the fabric of reality allowing corrupt magic to undermine the world's natural order And soon the Oligarchs themselves will return to the mortal plane and remake it as they desire House of Chains Steven Erikson, 2006-08-22 In Northern Genabackis a tribal raiding party descends into the southern flat lands intent on wreaking havoc But for Karsa Orlong it marks the beginning of what will prove an extraordinary destiny **Fantasy Literature** Mark A. Fabrizio, 2016-10-11 Fantasy literature often derided as superficial and escapist is one of the most popular and enduring genres of fiction worldwide It is also perhaps surprisingly thought provoking structurally complex and relevant to contemporary society as the essays in this volume attest The scholars teachers and authors represented here offer their perspectives on this engaging genre Within these pages a reader will find a wealth of ideas to help teachers use these texts in the classroom challenging students to read fantasy with a critical eye They employ interdisciplinary philosophical and religious lenses as well as Marxist and feminist critical theory to help students unlock texts The books discussed include epic fantasy by such authors as Tolkien and Le Guin children's fantasy by Beatrix Potter and Saint Exupéry modern fantasy by Rowling and Martin and even fairy tales and comic books The contributors offer provocations questioning the texts and pushing the boundaries of meaning within the fantasy genre And in doing so they challenge readers themselves to ponder these tales more deeply But through each of these chapters runs a profound love of the genre and a respect for those who produce such beautiful and moving stories Furthermore as with all the books in this series this volume is informed by the tenets of critical pedagogy and is focused on re-envisioning fantasy literature through the lens of social justice and empowerment Prepare to be challenged and inspired as you read these explorations of a much loved genre The Inception of Time Terri-Ann Millman, 2013-05-20 They are ancient beings beyond the realm of human understanding Theirs is a world where all worlds are created from Two brothers from this realm who are in the midst of a feud of opposing views so ancient in its inception The Nameless One one of the oldest of dreamers embodies the Chaos stream the way of manipulation and coercion The Great Architect a dreamer just as old is keeper of the Benevolent stream the way of freewill and peace Brothers at odds their conflict takes on a more sinister note The Nameless One in a fit of rage to finally prove his point launches his Coup d'état with a fight of epic proportions being unleashed through out the dreaming Turyia a radiant unified light from a dimension of the finest of fabrics encounters the Nameless One His will sharp and brutal unleashes his wrath annihilating her world cutting her off from her destiny sucking her into a battle not of her choosing She now bound to several key figures in

the dreaming streams has to fight for her survival Armed with her innate sense of union she aligns with Gaia the human planet the brothers have chosen as their battleground With the human race at stake as these otherworldly dreamers and their fellow ancients choose sides Will peace reign or will Chaos turn dreams into nightmares I Mean You No Harm William Culyer Hall,2020-11-17 *Tales of the Al-Azif* Matthew Davenport,C.  Levi,2013-11-01 Why were modernist works of art literature and music that were neither by nor about Jews nevertheless
 interpreted as Jewish In this book Neil Levi explores how the antisemitic fantasy of a mobile dangerous contagious Jewish
 spirit unfolds in the antimodernist polemics of Richard Wagner Max Nordau Wyndham Lewis and Louis Ferdinand Celine

reaching its apotheosis in the notorious 1937 Nazi exhibition Degenerate Art Levi then turns to James Joyce Theodor W Adorno and Samuel Beckett offering radical new interpretations of these modernist authors to show how each presents his own poetics as a self conscious departure from the modern antisemitic imaginary Levi claims that just as antisemites once feared their own contamination by a mobile polluting Jewish spirit so too much of postwar thought remains governed by the fear that it might be contaminated by the spirit of antisemitism Thus he argues for the need to confront and work through our own fantasies and projections not only about the figure of the Jew but also about that of the antisemite
