## **Namu Quest For The Killer Whale:**

*Namu, Quest for the Killer Whale* Ted Griffin, 1982      **Puget Sound Whales for Sale** Sandra Pollard, 2014-06-24 A look at the history of the commercial capturing of orcas in Washington's Puget Sound the whales taken and the efforts to save them In November 2005 Washington's iconic killer whales known as Southern Resident orcas were placed on the endangered species list It was a victory long overdue for a fragile population of fewer than one hundred whales Author and certified marine naturalist Sandra Pollard traces the story and destinies of the many Southern Resident orcas captured for commercial purposes in or near the Puget Sound between 1964 and 1976 During this time these highly intelligent members of the dolphin family lost nearly one third of their population Drawing on original archive material this important volume outlines the history of orca captivity while also recounting the harrowing struggle and ultimate triumph for the Puget Sound orcas freedom Making liberal use of interviews correspondence and newspaper accounts as well as less intensive use of legislative governmental and nonprofit records Pollard constructs an easily digestible narrative for lay individuals curious about the hunting of Puget Sound's Northern and Southern Resident killer whale groups between 1965 and 1976 **Puget Sound Whales for Sale** significantly succeeds the former *Blackfish* in breadth and depth *Pacific Northwest Quarterly*      **Orca** Jason Michael Colby, 2018 Drawing on interviews official records private archives and the author's own family history this is the definitive story of how the feared and despised killer became the beloved orca and what that has meant for our relationship with the ocean and its creatures      *Death at SeaWorld* David Kirby, 2025-09-23 From the New York Times bestselling author of *Evidence of Harm* and *Animal Factory* a groundbreaking scientific thriller that exposes the dark side of SeaWorld America's most beloved marine mammal park *Death at SeaWorld* centers on the battle with the multimillion dollar marine park industry over the controversial and even lethal ramifications of keeping killer whales in captivity Following the story of marine biologist and animal advocate at the Humane Society of the US Naomi Rose Kirby tells the gripping story of the two decade fight against PR savvy SeaWorld which came to a head with the tragic death of trainer Dawn Brancheau in 2010 Kirby puts that horrific animal on human attack in context Brancheau's death was the most publicized among several brutal attacks that have occurred at Sea World and other marine mammal theme parks *Death at SeaWorld* introduces real people taking part in this debate from former trainers turned animal rights activists to the men and women that champion SeaWorld and the captivity of whales In section two the orcas act out And as the story progresses and orca attacks on trainers become increasingly violent the warnings of Naomi Rose and other scientists fall on deaf ears only to be realized with the death of Dawn Brancheau Finally he covers the media backlash the eyewitnesses who come forward to challenge SeaWorld's glossy image and the groundbreaking OSHA case that challenges the very idea of keeping killer whales in captivity and may spell the end of having trainers in the water with the ocean's top predators      [More Than Luck](#) James S.
