**Good Girls, Good Food, Good Fun** Meghan K. Winchell, 2008-12-07 Throughout World War II when Saturday nights came around servicemen and hostesses happily forgot the war for a little while as they danced together in USO clubs which served as havens of stability in a time of social moral and geographic upheaval Meghan Winchell demonstrates that in addition to boosting soldier morale the USO acted as an architect of the gender roles and sexual codes that shaped the greatest generation Combining archival research with extensive firsthand accounts from among the hundreds of thousands of female USO volunteers Winchell shows how the organization both reflected and shaped 1940s American society at large The USO had hoped that respectable feminine companionship would limit venereal disease rates in the military To that end Winchell explains USO recruitment practices characterized white middle class women as sexually respectable thus implying that the sexual behavior of working class women and women of color was suspicious In response women of color sought to redefine the USO's definition of beauty and

respectability challenging the USO's vision of a home front that was free of racial gender and sexual conflict. Despite clashes over class and racial ideologies of sex and respectability, Winchell finds that most hostesses benefited from the USO's chaste image. In exploring the USO's treatment of female volunteers, Winchell not only brings the hostesses' stories to light but also supplies a crucial missing piece for understanding the complex ways in which the war both destabilized and restored certain versions of social order.

*Color Chart* Ann Temkin, 2008. *Color Chart* celebrates a paradox: the lush beauty that results when contemporary artists assign colour decisions to chance, readymade source, or arbitrary system. Midway through the 20th century, long-held convictions regarding the spiritual truth or scientific validity of particular colours gave way to an excitement about colour as a mass-produced and standardized commercial product. The Romantic quest for personal expression instead became Andy Warhol's "I want to be a machine"; the artistry of mixing pigments was eclipsed by Frank Stella's "Straight out of the can, it can't get better than that." This book and the exhibition it accompanies is the first devoted to this pivotal transformation and features work by some forty artists ranging from Ellsworth Kelly and Gerhard Richter to Sherrie Levine and Damien Hirst.

**Trans-imperial Feminism in England and India** Kellie Holzer, 2024-11-25. *Trans-imperial Feminism in England and India* Catherine Dickens Marie Corelli and Rokeya Sakhawat Hossain demonstrates the trans-imperial dimensions of gender-based oppression and traces the emergence of trans-imperial feminist consciousness between England and India. The book identifies a new constellation for literary studies that links the demise of Charles and Catherine Dickens's marriage in the midst of an imperial crisis, the 1857 Sepoy Rebellion, Marie Corelli's use of elements of the Dickens Scandal in her 1896 novel *The Murder of Delicia*, and Rokeya Sakhawat Hossain's 1922 translation and critical adaptation of Corelli's novel *Delicia Hatya*. Further, the book also offers a richly contextualized reading of Hossain's 1924 *New Woman* novel *Padmarag* to demonstrate the culmination of trans-imperial feminist consciousness. Kellie Holzer coins the term *trans-imperial feminism* to denote a dispersed feminist formation of the late nineteenth and early twentieth centuries characterized by ambivalent agency, asymmetry, feminist snaps that resound across empire, and partisanship forged through storytelling. Combining the methods of area studies and critical comparativism, Holzer's analysis demonstrates how the trans-imperial circulation and citation of women's stories both lived and fictional rescripts women's lives and imagines new feminist constituencies. Ultimately, Holzer suggests that such trans-imperial aesthetic pairings have the potential to revivify Victorian Studies.
