

# Napoleon The Jews

**Andrew Roberts**

## **Napoleon The Jews:**

**Napoleon, the Jews and the Sanhedrin** Simon Schwarzfuchs, Shim'on Shvartsfuks, 1984-03 Napoleon sought to limit the emancipation of French Jewry as decreed in the early years of the Revolution yet many of the institutions that he created proved to be of enduring value to French Jewry and still exist today Schwarzfuchs gives an in depth analysis of all the nuances and contradictions inherent in this fateful encounter *Napoleon and the Jews* Franz Kobler, 1976 **Napoleon, the Jews and the Construction of Modern Citizenship in Early Nineteenth Century France** Scott Glotzer, 1997

*Napoleon* David Nicholls, 1999-12-01 This illustrated A Z encyclopedia provides easy access to information about the emperor Napoleon Over 300 entries cover significant events people and other topics such as the principal Napoleonic campaigns all the major battles including Waterloo and Austerlitz Napoleon s most important generals and marshals Josephine de Beauharnais and the Napoleonic Code Napoleon also includes primary source documents a handy chronology of key events a bibliography and an index The Amazing Adventures of the Jewish People Max I. Dimont, 1984 Presents a history of the Jewish people throughout the ages **The Jews and the Nation** Frederic Jaher, 2009-01-10 This book is the first systematic comparison of the civic integration of Jews in the United States and France specifically from the two countries revolutions through the American republic and the Napoleonic era 1775 1815 Frederic Jaher develops a vehicle for a broader and uniquely rich analysis of French and American nation building and political culture He returns grand theory to historical scholarship by examining the Jewish encounter with state formation and Jewish acquisition of civic equality from the perspective of the paradigm of liberal inclusiveness as formulated by Alexis de Tocqueville and Louis Hartz Jaher argues that the liberal paradigm worked for American Jews but that France s illiberal impulses hindered its Jewish population in acquiring full civic rights He also explores the relevance of the Tocqueville Hartz theory for other marginalized groups particularly blacks and women in France and America However the experience of these groups suggests that the theory has its limits A central issue of this penetrating study is whether a state with democratic liberal pretensions America can better protect the rights of marginalized enclaves than can a state with authoritarian tendencies France The Tocqueville Hartz thesis has become a major issue in political science and this book marks the first time it has been tested in a historical study The Jews and the Nation returns a unifying theory to a discipline fragmented by microtopical scholarship A Psychoanalytic History of the Jews Avner Falk, 1996 This includes the evolution of the Hebrew religion as a projective response to the inner conflicts produced by the human family the sociopsychological development of the Israelite kingdoms in Canaan the fascinating duality of Jewish life in the Diaspora and the emotional ties of the Jews to their idealized motherland from the Babylonian exile to modern political Zionism **Napoleon** Andrew Roberts, 2014-11-04 The definitive biography of the great soldier statesman by the acclaimed author of Churchill and The Last King of America winner of the LA Times Book prize finalist for the Plutarch prize winner of the Fondation Napoleon prize and a New York Times bestseller A

thrilling tale of military and political genius Roberts is an uncommonly gifted writer The Washington Post Austerlitz Borodino Waterloo his battles are among the greatest in history but Napoleon Bonaparte was far more than a military genius and astute leader of men Like George Washington and his own hero Julius Caesar he was one of the greatest soldier statesmen of all times Andrew Roberts s Napoleon is the first one volume biography to take advantage of the recent publication of Napoleon s thirty three thousand letters which radically transform our understanding of his character and motivation At last we see him as he was protean multitasker decisive surprisingly willing to forgive his enemies and his errant wife Josephine Like Churchill he understood the strategic importance of telling his own story and his memoirs dictated from exile on St Helena became the single bestselling book of the nineteenth century An award winning historian Roberts traveled to fifty three of Napoleon s sixty battle sites discovered crucial new documents in archives and even made the long trip by boat to St Helena He is as acute in his understanding of politics as he is of military history Here at last is a biography worthy of its subject magisterial insightful beautifully written by one of our foremost historians **The Jews** John Efron, Steven Weitzman, Matthias Lehmann, 2018-09-03 The Jews A History is a comprehensive and accessible text that explores the religious cultural social and economic diversity of the Jewish people and their faith Placing Jewish history within its wider cultural context the book covers a broad time span stretching from ancient Israel to the modern day It examines Jewish history across a range of settings including the ancient Near East the age of Greek and Roman rule the medieval realms of Christianity and Islam modern Europe including the World Wars and the Holocaust and contemporary America and Israel covering a variety of topics such as legal emancipation acculturation and religious innovation The third edition is fully updated to include more case studies and to encompass recent events in Jewish history as well as religion social life economics culture and gender Supported by case studies online references further reading maps and illustrations The Jews A History provides students with a comprehensive and wide ranging grounding in Jewish history The Universal Jewish Encyclopedia ... Isaac Landman, Simon Cohen, 1942 **History of the Jews in Modern Times** Lloyd P. Gartner, 2001 Lloyd Gartner presents in chronologically arranged chapters the story of the changing fortunes of the Jewish communities of the Old World in Europe and the Middle East and beyond and their gradual expansion into the New World of the Americas The book starts in 1650 when there were no more than one and a quarter million Jews in the world less than a sixth of the number at the start of the Christian era Gartner leads us through the traditions religious laws communities and their interactions with their neighbours through the Enlightenment the French Revolution and into Emancipation the dark shadows of anti Semitism the impact of World War II bringing us up to the twentieth century through Zionism and the foundation of Israel Throughout the story is powerful and engrossing enlivened by curious detail and vivid insights Gartner an expert guide and scholar on the subject writing from within the Jewish community remains objective and effective whilst being careful to introduce and explain Jewish terminology and Jewish institutions as they appear in the text This is a superb

introductory account authoritative in control lively of the central threads in one of the greatest historical tapestries of modern times      **The Age of Napoleon** Susan P. Conner, 2004-03-30 Hegel called him an idea on horseback a description that suggests Napoleon Bonaparte's complexity as well as the extent to which he changed France Europe and the world Napoleon has been called a visionary a pragmatist a cynical opportunist an ogre and a demigod Here he is described in his own words and the words of his contemporaries from his clannishness to his knack for being at the right place at the right time and from his genius to his obsession with detail Napoleon brought order out of the chaos of the French Revolution pressed for revolutionary equality of opportunity and planned a European union In the process he knew peace for only 14 months of his 15 year reign marched his armies from Lisbon to Moscow and caused the deaths of millions In this resource a detailed timeline maps illustrations biographical sketches and primary documents help students get a feel for the brief but enduring Age of Napoleon      Napoleon Against Himself Avner Falk, 2015-08-01 Although Napoleon Bonaparte has been a favorite subject of biographers for nearly two centuries to date no full scale psychobiography of arguably the most compelling fascinating and complex leader in world history has ever been published With *Napoleon Against Himself* internationally recognized scholar Avner Falk fills this void He not only considers Napoleon's intellect but also what use he made of it how it affected his emotional life and whether he used intellectualization as one of his unconscious defensive processes Additionally he examines Napoleon's ambivalent relationship with his mother his identification with the Motherland and his fits of narcissistic rage violence and aggression Specifically Falk focuses on his numerous irrational self defeating and self destructive actions In weaving in the psychological interpretations that have previously been proposed for Napoleon's actions with his own new insights Falk has created a most stimulating and original work that sheds much needed light on Napoleon's troubled inner world      *On Jewish Suffering; Opposing View & the Messianic Age, A Historic Analysis* Kalman Dubov, 2024-10-23 Napoleon the French Emperor invaded Czarist Russia in the Franco Russian War of 1812 The war ended in defeat for the French with the Russians referring to this as the Patriotic War emerged victorious Napoleon was in the process of liberating Jews from their enforced living in European ghettos intending to emancipate and integrate them into modern French society Emancipation of the Jews was a key byword and many Jews hailed Napoleon as their benefactor and savior To achieve fullest integration Napoleon created a modern version of the Jewish Supreme Court the Great Sanhedrin to answer questions regarding Jewish belief laws and their ability as well as intention to integrate into modern society The head of the Sanhedrin was Rabbi David Sinzheim Chief Rabbi of Strasbourg France However opposed to French emancipation of the Jewish community was the first Chassidic leader the Rebbe of Chabad Rabbi Shneur Zalman of Liadi He was so opposed to French emancipation efforts that he directed a member of his community a man with multi lingual talents to offer his services as a translator of documents In reality however he acted as a spy and passed French military plans to the Russians We are aware of this clandestine effort by way of a letter Rabbi Shneur Zalman wrote to the spy explaining his

rationale for acting this way The rabbi felt that emancipation would reduce Jewish reliance on religious devotion and prayer while emancipation would provide material benefit with a consequent loss of piety and religious adherence The letter from the Rabbi adds a dimension of thinking why he was so opposed to Napoleonic success At the time this was taking place Jews were subjects of the Czarist Empire mandated to live in the Pale of Settlement a region rife with anti-Semitism pogroms penury and poverty But such living conditions the rabbi felt was preferable to emancipation Hence this strange policy was applied even to Jews who were not Chassidic not members of this sect or community After the Second World War Chabad changed dramatically No longer could the policy of their first Rebbe be imposed on Jews Because of the massive anti-Semitism exhibited by the Nazis and their many willing allies who assisted them in murdering Jews the notion of living under Christian or Muslim domination was no longer viable The last Chabad Rebbe instead introduced a Messianic message praying for and encouraging others to work towards the arrival of the Messiah This book describes Jewish suffering both in the period when Rabbi Shneur Zalman was alive as well as in the long term particularly in the last millennia when Jews faced great persecutions and no less than 48 separate expulsions This volume questions the logic of Jewish suffering as a necessary prerequisite for Jewish belief and practice to be viable This policy offers the pertinent study of the period when the question of Jewish suffering was deemed key to Judaism but while enormous anti-Semitism was present Yet after the Second World War an entirely new reality was introduced for Jewish survival

### **The Emancipation of Catholics, Jews and Protestants**

Rainer Liedtke, Stephan Wendehorst, 1999 This is a study the emancipation of Catholics Jews and Protestants in Europe during the 19th century By comparing and contrasting the experiences of religious minorities the book looks at the changing attitudes of the state to these groups Samson Raphael Hirsch's Religious Universalism and the German-Jewish Quest for Emancipation Moshe Y. Miller, 2024-02-20 In Samson Raphael Hirsch's Religious Universalism and the German Jewish Quest for Emancipation Moshe Miller argues that nineteenth century German Jews of all persuasions actively sought acceptance within German society and aspired to achieve full emancipation from the many legal strictures on their status as citizens and residents But where non Orthodox Jews sought a large measure of cultural assimilation Orthodox Jews were content with more delimited acculturation However they were no less enthusiastic about achieving emancipation and acceptance in German society There was one issue though which was seen by non Jewish critics of emancipation as a barrier to granting civic rights to Jews namely the alleged tribalism of the Jewish ethic and the supposedly Orthodox notion of Jews as the Chosen People These charges could not go unanswered and in the writings of Rabbi Samson Raphael Hirsch 1808 1888 a leading thinker of the Orthodox camp they did not Hirsch stressed the universalism of the Jewish ethic and the humanistic concern for the welfare of all mankind which he believed was one of the core teachings of Judaism His colleagues in the German Orthodox rabbinate largely concurred with Hirsch's assessment This account places Hirsch's views in their historical context and provides a detailed account of his attitude toward non Jews and the Christianity practiced by the vast majority of

nineteenth century Europeans      *The Cambridge Modern History* Sir Adolphus William Ward,1907      **The Secret World Government Or "The Hidden Hand"** Count Cherep-Spriridovich,2000 This book rants against Freemasonry Satan international banks Napoleon and more It makes a series of unsubstantiated claims against Jews and possibly substantiated ones against the Rothschilds of his time If one can put the authors personal biases aside there remains some good historical information about government religion world power and money The publishers do not agree with the authors biased opinions but wish to make the remaining facts available to those interested Conspiracy buffs will enjoy it immensely The book in its entirety should not be taken at face value the truth that exists within it must be carefully extracted      **The Routledge Atlas of Jewish History** Martin Gilbert,2010 Tracing the world wide migrations of the Jews from ancient Mesopotamia to modern Israel this newly revised and updated edition spans over four thousand years of history in 154 maps and presents a vivid picture of a fascinating people      **Jewish Emancipation** David Sorkin,2021-09-14 The first comprehensive history of how Jews became citizens in the modern world For all their unquestionable importance the Holocaust and the founding of the State of Israel now loom so large in modern Jewish history that we have mostly lost sight of the fact that they are only part of and indeed reactions to the central event of that history emancipation In this book David Sorkin seeks to reorient Jewish history by offering the first comprehensive account in any language of the process by which Jews became citizens with civil and political rights in the modern world Ranging from the mid sixteenth century to the beginning of the twenty first Jewish Emancipation tells the ongoing story of how Jews have gained kept lost and recovered rights in Europe North Africa the Middle East the United States and Israel Emancipation Sorkin shows was not a one time or linear event that began with the Enlightenment or French Revolution and culminated with Jews acquisition of rights in Central Europe in 1867 71 or Russia in 1917 Rather emancipation was and is a complex multidirectional and ambiguous process characterized by deflections and reversals defeats and successes triumphs and tragedies For example American Jews mobilized twice for emancipation in the nineteenth century for political rights and in the twentieth for lost civil rights Similarly Israel itself has struggled from the start to institute equality among its heterogeneous citizens By telling the story of this foundational but neglected event Jewish Emancipation reveals the lost contours of Jewish history over the past half millennium
