The Portable Napoleonic Wargame Bob Cordery,2018-12-07 Although the author is a late convert to the joys of Napoleonic wargaming he soon began to see why so many wargamers love the period As a result he set out to write several sets of rules that would use similar game mechanisms to those in his other PORTABLE WARGAME rules and that would enable him to fight a range of small medium and large battles on a relatively small tabletop This book is the result Please note that all the rules have been designed to be used with a gridded tabletop made up of squares or hexes

Wargaming Campaigns Henry Hyde,2022-07-20 An authoritative reference guide to building wargaming campaigns featuring a full set of campaign rules tips on creating maps and more Most miniature wargames take the form of simulating a single battle with the opponents either winning or losing and that s that until the next game Such games can be a fun test of tactical skill but it can be even more rewarding if they form part of a wider campaign In a campaign the players commanding the forces have to make the decisions at the strategic level that determine the context of any battles that occur The outcome

of these battles will in turn have strategic consequences for the ongoing campaign Although campaigns can be very rewarding many wargamers are deterred by the need to produce maps and devise mechanisms for strategic movement Intelligence logistics recruiting reinforcements keeping track of casualties etc Henry Hyde's excellent book greatly eases this task with masses of sound advice concrete suggestions and even a full set of campaign rules useful for any period Whatever historical or fantasy setting you prefer Henry shows that even simple campaigns can add extra fun to your gaming Praise for Wargaming Campaigns This big thick tome contains everything you'd ever want to know about creating and running a wargame campaign Historical Miniatures Gaming Society *Wargaming* Neil Thomas, 2012-06-19 A set of simple fast playing rules for wargaming the conflicts that reshaped Europe in the period 1815-78 This important yet often neglected period includes the Crimean War the Italian Risorgimento the wars of Bismarck's Prussia against Denmark Austro-Hungary and France and the Russo-Turkish war Tactically it saw armies struggle to adapt Napoleonic doctrines to incorporate important technological advances such as breech-loading rifles steel breech-loading cannon and the first machine guns The book includes brief analysis of the essential strategic and tactical military developments of the period a set of elegantly simple rules which are fast playing and easy to learn yet deliver realistic outcomes A selection of generic scenarios covering diverse situations such as flank attacks pitched battles and meeting engagements is supported by army lists for 28 different armies There are also 12 historical scenarios ranging from the Battle of the Alma in the Crimean War to Sedan in 1870 the decisive battle of the Franco-Prussian War each with historical background deployment map orders of battle and any special rules for that engagement Useful appendices include a guide to further reading an overview and price guide to the many scales and ranges of figures available and a selection of useful addresses for the gamer *One-Hour Wargames* Neil Thomas, 2014-09-03 A fun and practical new approach to wargaming that lets you complete a game in about an hour includes rule sets and scenarios for most popular periods One of the biggest problems facing wargamers is finding the time to actually play Most commercially available games require several hours to set up and see to a conclusion some can even take a whole day or weekend to complete Apart from time lack of space can also keep wargamers from enjoying their favorite pastime In *One Hour Wargames* veteran gamer and rule writer Neil Thomas has addressed both problems Now it is practical to play a satisfying game in around an hour on a normal dining table or living room floor The book contains 8 all new sets of very simple rules for various periods from Ancient to WW2 and thirty stimulating scenarios which can be played using any of them All the rules and scenarios are intended to be played on a 3ft x 3ft battlefield The rules only require a small number of miniatures so this really is an ideal way for new gamers or veterans trying a new period to get started with minimal investment of time and money Also ideal for a quick game in the evening with a friend Also included are sections on campaigns and solo games [Tacticspiel - The American Army's Wargaming Rules for Vietnam](#) , [Donald Featherstone's Naval War Games Wargaming with Model Ships](#) John Curry, Donald Featherstone, 2009-03-05 This book gives potential
