National Theatre in Northern and Eastern Europe, 1746-1900 Laurence

Senelick, 1991-01-25 Chronicles the emergence of a national feeling in the theatres of Northern and Eastern Europe from the mid eighteenth to the late nineteenth centuries

Prague Derek Sayer, 2018-10-15 Thirty years ago Prague was a closed book to most travelers Today it is Europe s fifth most visited city surpassed only by London Paris Istanbul and Rome With a stunning natural setting on the Vltava river and featuring a spectacular architectural potpourri of everything from Romanesque rotundas to gothic towers Renaissance palaces Baroque churches art nouveau caf s and cubist apartment

buildings Prague may well be Europe's most beautiful capital city. But behind this beauty lies a turbulent and often violent history and in this book Derek Sayer explores both. Located at the uneasy center of the continent, Prague has been a crossroads of cultures for more than a millennium. From the religious wars of the middle ages and the nationalist struggles of the nineteenth century to the modern conflicts of fascism, communism and democracy, Prague's history is the history of the forces that have shaped Europe. Sayer also goes beyond the complexities of Prague's colorful past; his expert, very readable and exquisitely illustrated guide helps us to see what Prague is today. He not only provides listings of what to see, hear and do and where to eat, drink and shop, but also offers deep personal reflection on the sides of Prague tourists seldom see from a model interwar modernist villa colony to Europe's biggest Vietnamese market.
