## **Narrative And Antinarrative Structures In Lev Tolstoj's Early Works:**

**Narrative and Anti-narrative Structures in Lev Tolstoj's Early Works** Eric de Haard,1989      **Handbook of Autobiography / Autofiction** Martina Wagner-Egelhaaf,2019-01-29 Autobiographical writings have been a major cultural genre from antiquity to the present time General questions of the literary as e g the relation between literature and reality truth and fiction the dependency of author narrator and figure or issues of individual and cultural styles etc can be studied preeminently in the autobiographical genre Yet the tradition of life writing has in the course of literary history developed manifold types and forms Especially in the globalized age where the media and other technological cultural factors contribute to a rapid transformation of lifestyles autobiographical writing has maintained even enhanced its popularity and importance By conceiving autobiography in a wide sense that includes memoirs diaries self portraits and autofiction as well as media transformations of the genre this three volume handbook offers a comprehensive survey of theoretical approaches systematic aspects and historical developments in an international and interdisciplinary perspective While autobiography is usually considered to be a European tradition special emphasis is placed on the modes of self representation in non Western cultures and on inter and transcultural perspectives of the genre The individual contributions are closely interconnected by a system of cross references The handbook addresses scholars of cultural and literary studies students as well as non academic readers      **Tolstoi and the Evolution of His Artistic World** ,2021-08-09 Joe Andrew and Robert Reid assemble thirteen analytical discussions of Tolstoi s key works written by leading scholars from around the world The works studied cover almost the entire length of Tolstoi s creative career from some of his earliest stories of the 1850s The Sevastopol Stories to those of his last period including posthumous publications The Kreutzer Sonata and Father Sergius Particular attention is paid to his two masterpieces War and Peace and Anna Karenina All the studies are based on the most recent developments in cultural theory The reader of this work will gain new and unique insights into this unparalleled genius of world literature especially into the methods used to create the works that retain immense importance for us today Contributors Joe Andrew Eric de Haard Rose France Helena Goscilo Jane Gary Harris Katalin Kro Irina Makoveeva Deborah Martinsen Robin Feuer Miller Robin Milner Gulland Audun M rch Donna Tussing Orwin Olga Sobolev Diane Oenning Thompson      **Leo Tolstoy and the Alibi of Narrative** Justin Weir,2011-01-25 One hundred years after his death Tolstoy still inspires controversy with his notoriously complex narrative strategies This original book explores how and why Tolstoy has mystified interpreters and offers a new look at his most famous works of fiction      **Narrative and Anti-narrative Structures in Lev Tolstoj's Early Works** Eric Alexander Haard,1989      **Childhood, Boyhood, and Youth** Leo Tolstoy,1991-10-15 Leo Tolstoy s earliest published work the trilogy Childhood Boyhood and Youth was written when he was in his twenties offering a tantalizing first glimpse of the literary talents that would come to fruition in his later masterpieces Chronicling the experiences of a wealthy landowner s son as he grows up and becomes aware of the world and his place in it these three short novels were only

loosely inspired by Tolstoy's own memories. In old age he condemned the work as an awkward mixture of fact and fiction but the imaginative powers that enabled him to capture so vividly the universal emotions and sensations of childhood have enthralled generations of readers. We are blessed to have alongside the mature writer of *Anna Karenina* and *War and Peace* and the revolutionary mystic of the later years the young Tolstoy who wrote these elegiac tales. In their sensitivity to nature and their evocations of fugitive feelings they reveal his genius in all its untroubled early splendor.

**Narrative, Space and Gender in Russian Fiction: 1846-1903** Joe Andrew, 2007-01-01. The present volume has as its primary aim readings from a feminist perspective of a number of works from Russian literature published over the period in which the woman question rose to the fore and reached its peak. All the works considered here were produced in or hark back to a fairly narrowly defined period of not quite 20 years, 1846-1864, in which issues of gender of male and female roles were discussed much more keenly than in perhaps any other period in Russian literature. The overall project is summed up by the three key words of this book's title: narrative, space, and gender, and especially the interconnections between them. That is what do the way these stories were told tell us about gender identities in mid-nineteenth century Russia? Which spaces were central to these fictional worlds? Which spaces suggested which gender identities? The discussions therefore focus on issues of narrative and space and how they acted as technologies of gender. This volume will be of interest to all interested in nineteenth century Russian literature as well as students of gender and of the semiotics of narrative space.

Nisula covers materials published in the United States and abroad since 1989 covering Slavic literature from the medieval period to the end of the twentieth century. The three main sections are meticulously structured to cover all the dimensions of geographical space, literary genres, topics, authors, and time. The first section examines general works on Slavic literature, namely Slavic bibliographies, journals, and library holdings. The second one frames the bibliographic sources within the Slavic geographic perimeter: East, Central, and South Europe, while the final section considers regional and national literature.
