The dramatic narrative tells the story of some of the first Europeans and the first known African to encounter the North American wilderness and its Native inhabitants. It is a fascinating tale of survival against the highest odds and it highlights Native Americans and their interactions with the newcomers in a manner seldom seen in writings of the period. In this English language edition reproduced from their award-winning three-volume set, Adorno and Pautz supplement the engrossing account with a general introduction that orients the reader to Cabeza de Vaca's world. They also provide explanatory notes which resolve many of the narrative's most perplexing questions. This highly readable translation fires the imagination and illuminates the enduring appeal of Cabeza de Vaca's experience for a modern audience.

Castaways Alvar Núñez Cabeza de Vaca, 2023-04-28 This enthralling story of survival is the first major narrative of the exploration of North America by Europeans, 1528-36. The author of *Castaways*, *Naufragios*, Alvar Núñez Cabeza de Vaca was a fortune-seeking nobleman and the treasurer of an expedition to claim for Spain a vast area that includes today's Florida, Louisiana, and Texas. A shipwreck forced him and a handful of men to make the long westward journey on foot to meet up with Hernán Cortés. In order to survive, Cabeza de Vaca joined native peoples along the way, learning their languages and practices and serving them as a slave and later as a physician. When, after eight years, he finally reached the West, he was not recognized by his compatriots. In his writing, Cabeza de Vaca displays great interest in the cultures of the native peoples he encountered on his odyssey. As he forged intimate bonds with some of them, sharing their brutal living conditions and curing their sick, he found himself on a voyage of self-discovery that was to make his reunion with his fellow Spaniards less joyful than expected. Cabeza de Vaca's gripping narrative is a trove of ethnographic information with descriptions and interpretations of native cultures that make it a powerful precursor to modern anthropology. Frances M. López Morillas's translation beautifully captures the sixteenth-century original. Based as it is on Enrique Pupo Walker's definitive critical edition, it promises to become the authoritative English translation. This title is part of UC Press's *Voices Revived* program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, *Voices Revived* makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1993. This enthralling story of survival is the first major narrative of the exploration of North America by Europeans, 1528-36.
