Fans of the World, Unite! Stephen F. Ross, Stefan Szymanski, 2008-08-19 Fans of baseball football basketball and hockey have long been exploited and oppressed by the monopolistic practices of team owners The time has come for a revolution in the organization of major U S sports Fans of the World Unite is a clarion call to sports fans Appealing to anyone who is in despair due to the greed and incompetence of team owners this book proposes a significant restructuring of sports leagues It sets out a rational program for a revolution that will serve the best interests of the fans and of the sport itself But Stephen F Ross and Stefan Szymanski are no Marxists they show how a revolution in the organization of sports might even benefit the owners By harnessing the power of markets sports leagues can be made both more responsive to the needs of the fans and more efficient Ross and Szymanski have spent many years evaluating the ways in which leagues work across the globe Drawing on their extensive study of leagues the authors boil down their plan to two major reforms Borrowing from NASCAR they propose that team owners should not own sports leagues as well Rather league ownership should be separate Their second proposal is drawn from soccer introduce competition through a promotion and relegation system In this type of system the worst teams in the league are kicked out at the end of the season and replaced by the best performing teams in the next division down This gives poor performing teams incentive to step up their game and

allows fresh blood to enter the leagues if the poor performers fail to do so The main goal of these reforms is to align the financial interest of those who own the league with the best interests of the fans and the sport Having laid out the problem and the solution the authors skillfully address practical implications of introducing their scheme suggesting how leagues might at least make some changes if not all of those suggested The time for change has come Armed with this book and with fairness on their side fans can set forth to begin a revolution Encyclopedia of Stock Car Racing Lew

Freedman,2013-03-14 This two volume encyclopedia is the Daytona 500 of stock car racing books an essential Bible that provides an all encompassing history of the sport as well as an up to date examination of modern day stock car racing How did stock car racing become firmly entrenched in American pop culture especially in light of the lack of interest in motorsports overall as a spectator activity in the United States And what has been the secret to NASCAR s financial success and growth over the last six decades Encyclopedia of Stock Car Racing highlights approximately 250 subjects that have defined the sport since stock car racing was first organized Organized in A Z order it covers all of the greatest drivers such as Richard Petty Jimmie Johnson Junior Johnson and David Pearson the special races such as the Daytona 500 and Brickyard 400 and the famed tracks across the country from Bristol Motor Speedway to Darlington Raceway to Talladega Superspeedway This unprecedented resource collects information about every element of NASCAR history in one place the early personalities who shaped the sport and set things in motion the past greats who have now retired and today s rising stars who continue to make stock car racing one of the most popular sports in the United States *ESPN Sports Almanac 2006* Gerry Brown,Michael Morrison,2005-12-01 An Englishman s continuing search through space and time for a decent cup of tea Arthur Dent s accidental association with that wholly remarkable book The Hitchhiker s Guide to the Galaxy has not been entirely without incident Arthur has traveled the length breadth and depth of known and unknown space He has stumbled forward and backward through time He has been blown up reassembled cruelly imprisoned horribly released and colorfully insulted more than is strictly necessary And of course Arthur Dent has comprehensively failed to grasp the meaning of life the universe and everything Arthur has finally made it home to Earth but that does not mean he has escaped his fate Arthur s chances of getting his hands on a decent cuppa have evaporated rapidly along with all the world s oceans For no sooner has he touched down on the planet Earth than he finds out that it is about to be blown up again And Another Thing is the rather unexpected but very welcome sixth installment of the Hitchhiker s Guide to the Galaxy series It features a pantheon of unemployed gods everyone s favorite renegade Galactic President a lovestruck green alien an irritating computer and at least one very large slab of cheese *That'll be the Day: 365 F1 Stories (Part 2)* , **Indianapolis Monthly** ,2006-01 Indianapolis Monthly is the Circle City s essential chronicle and guide an indispensable authority on what s new and what s news Through coverage of politics crime dining style business sports and arts and entertainment each issue offers compelling narrative stories and lively urbane coverage of Indy s cultural landscape Sports Car Market magazine -
