History of American Sports in 100 Objects Cait Murphy,2016-10-11 Beautifully designed and carefully curated a fascinating collection of the things that shaped the way we live and play in America What artifact best captures the spirit of American sports The bat Babe Ruth used to hit his allegedly called shot or the ball on which Pete Rose wrote I m sorry I bet on baseball Could it be Lance Armstrong s red white and blue bike now tarnished by doping and hubris Or perhaps its ancestor the nineteenth century safety bicycle that opened an avenue of previously unknown freedom to women The jerseys of rivals Larry Bird and Magic Johnson Or the handball that Abraham Lincoln threw against a wall as he waited for news of his presidential nomination From nearly forgotten heroes like Tad Lucas rodeo and Tommy Kono weightlifting to celebrities like Amelia Earhart Muhammad Ali and Michael Phelps Cait Murphy tells the stories of the people events and things that have forged the epic of American sports in both its splendor and its squalor Stories of heroism and triumph rub up against tales of discrimination and cheating These objects tell much more than just stories about great games they tell the story of the nation Eye opening and exuberant A History of American Sports in 100 Objects shows how the games Americans play are

Great Athletes ,2010 **Parkour and the City** Jeffrey L. Kidder,2017-04-20 In the increasingly popular sport of parkour athletes run jump climb flip and vault through city streetscapes resembling urban gymnasts to passersby and awestruck spectators In Parkour and the City cultural sociologist Jeffrey L Kidder examines the ways in which this sport involves a creative appropriation of urban spaces as well as a method of everyday risk taking by a youth culture that valorizes individuals who successfully manage danger Parkour s modern development has been tied closely to the growth of the internet The sport is inevitably a YouTube phenomenon making it exemplary of new forms of globalized communication Parkour s dangerous stunts resonate too Kidder contends with a neoliberal ideology that is ambivalent about risk Moreover as a male dominated sport parkour with its glorification of strength and daring reflects contemporary Western notions of masculinity At the same time Kidder writes most athletes known as traceurs or freerunners reject a daredevil label preferring a deliberate reasoned hedging of bets with their own safety rather than a pushing the edge ethos normally associated with extreme sports
