Bulletin of the American Museum of Natural History American Museum of Natural History,1907 Comprises articles on geology paleontology mammalogy ornithology entomology and anthropology *Hans Christian Andersen in American Literary Criticism of the Nineteenth Century* Herbert Rowland,2020-11-03 In Hans Christian Andersen in American Literary Criticism of the Nineteenth Century Herbert Rowland argues that the literary criticism accompanying the publication of Hans Christian Andersen s works in the United States compares favorably in scope perceptiveness and chronological coverage with the few other national receptions of Andersen outside of Denmark Rowland contends that American commentators made it abundantly evident that in addition to his fairy tales Andersen wrote several novels travelogues and an autobiography which were all of more than common interest In the process Rowland shows that American commentators naturalized Andersen in the United States by confronting the sensationalism in the journalism and literature of the time with the perceived wholesomeness of Andersen s writing deploying his long fiction on both sides of the debate over the nature and relative value of the romance and the novel and drawing on three of his works to support their positions on slavery the Civil War and Reconstruction Down & Out, on the Road Kenneth L. Soderlund,2015 In 1631 when the Dutch tried to develop plantation agriculture in the Delaware Valley the Lenape Indians destroyed the colony of Swanendael and killed its residents The Natives and Dutch quickly negotiated peace avoiding an extended war through diplomacy and trade The Lenapes preserved their political sovereignty for the next fifty years as Dutch Swedish Finnish and English colonists settled the Delaware Valley The European outposts did not approach the size and strength of those in Virginia New England and New Netherland Even after thousands of Quakers arrived in West New Jersey and Pennsylvania in the late 1670s and 80s the region successfully avoided war for another seventy five years *Lenape Country* is a sweeping narrative history of the multiethnic society of the Delaware Valley in the seventeenth and early eighteenth centuries After Swanendael the Natives Swedes and Finns avoided war by focusing on trade and forging strategic alliances in such events as the Dutch conquest the Mercurius affair the Long Swede conspiracy and English attempts to seize land Drawing on a wide range of sources author Jean R Soderlund demonstrates that the hallmarks of Delaware Valley society commitment to personal freedom religious liberty peaceful resolution of conflict and opposition to hierarchical government began in the Delaware Valley not with Quaker ideals or the leadership of William Penn but with the Lenape Indians whose culture played a key role in shaping Delaware Valley society The first comprehensive account of the Lenape Indians and their encounters with European settlers before Pennsylvania s founding *Lenape Country* places Native culture at the center of this part of North America **The American Nation: a History** ,1908 *Author and Title Catalog* J. The Pinkster King and the King of Kongo Jeroen Dewulf, 2016-12-20 *The Pinkster King and the King of Kongo* presents the history of the nation's forgotten Dutch slave community and free Dutch speaking African Americans from seventeenth century New Amsterdam to nineteenth century New York and New Jersey It also develops a provocative new interpretation of one of America's most intriguing black folkloric traditions Pinkster Jeroen Dewulf rejects the usual interpretation of this celebration of a slave king as a form of carnival Instead he shows that it is a ritual rooted in mutual aid and slave brotherhood traditions By placing these traditions in an Atlantic context Dewulf identifies striking parallels to royal election rituals in slave communities elsewhere in the Americas and he traces these rituals to the ancient Kingdom of Kongo and the impact of Portuguese culture in West Central Africa Dewulf's focus on the social capital of slaves follows the mutual aid to seventeenth century Manhattan He suggests a much stronger impact of Manhattan's first slave community on the development of African American identity in New York and New Jersey than hitherto assumed While the earliest works on slave culture in a North American context concentrated on an assumed process of assimilation according to European standards later studies pointed out the need to look for indigenous African continuities *The Pinkster King and the King of Kongo* suggests the necessity for an increased focus on the substantial contact that many Africans had with European primarily Portuguese cultures before they were shipped as slaves to the Americas The book has already garnered honors as the winner of the Richard O Collins Award in African Studies the New Netherland Institute Hendricks Award and the Clague and Carol Van Slyke Prize **American Studies** Jack Salzman, American Studies Association, 1986-08-29 This is an annotated bibliography of 20th century books through 1983 and is a reworking of *American Studies An Annotated Bibliography of Works on the Civilization of the United States* published in 1982 Seeking to provide foreign nationals with a comprehensive and authoritative list of sources of information concerning America it focuses on books that have an important cultural framework and does not include those which are primarily theoretical or methodological It is organized in 11 sections anthropology and folklore art and architecture history literature music political science popular culture psychology religion science technology medicine and sociology Each section contains a preface introducing the reader to basic bibliographic resources in that discipline and paragraph length non evaluative annotations Includes author title and
