General Introduction to Social Sciences Albert Brisbane,1876 **The Open Court** ,1924 **Cyclopedia of American Government** Andrew Cunningham McLaughlin,Albert Bushnell Hart,1914 **An Introduction to Political Science in Nigeria** Adeoye A. Akinsanya,John A. Ayoade,2013-07-19 An Introduction to Political Science in Nigeria attempts to fill the void in the literature for undergraduate and graduate students in the Third World particularly Nigeria that are studying the arts humanities social sciences education and law Primarily intended for introductory courses in political science and specifically Nigerian government the material covers such areas as the foundations of political science key concepts of political thought political systems citizenship world order and politics **Human Nature in Modern Economics** Anna Horodecka,2022-06-15 Human Nature in Modern Economics offers a precise definition of the concept of human nature in economics something that is so far lacking in the theoretical and methodological literature This book develops tools for the analysis of human nature through the construction of the author s meta model based on anthropological and psychological foundations allowing for comparisons of anthropological assumptions made in economic theories The model demonstrates that the normative functions of human nature may affect the economic reality The chapters argue that the concept of human nature determines our thinking about the economy and economics including fundamental methodologies methods and theories Thus the differences between various economic schools may result from the different assumptions of these schools about human nature Those evolving views of human nature proceed to explain the development of both orthodox mainstream and heterodox economics The book marks a significant addition to the literature on the history of economic thought heterodox economics economic theory and economic methodology For students it is a supplement to standard textbooks as it explains the current state of economics especially in its heterodox branches It will allow scholars to

discover the importance of what they assume about human nature and how it may influence their research process
