Nature Mysticism:

Nature Mysticism John Edward Mercer, 2019-11-26 In *Nature Mysticism* John Edward Mercer embarks on an intellectual exploration of the profound connections between nature and the human experience. The book is characterized by its lyrical prose and philosophical depth, weaving together elements of mysticism, ecology, and spirituality. Mercer draws upon a rich tapestry of literary traditions, from Romantic poets to contemporary environmental thinkers, to illustrate how nature can serve as a conduit for transcendental insights. Each chapter invites readers to contemplate their own relationship with the natural world, inviting an experiential understanding that transcends mere observation. Mercer, an accomplished essayist and scholar of comparative literature, has spent years studying the intersection of literature and environmental philosophy. His background in both Western and Eastern mystical traditions informs his writing, allowing him to synthesize complex ideas in a manner that is both accessible and thought-provoking. This dual perspective has led him to appreciate the timelessness of nature's influence on human consciousness and the essential role it plays in shaping our spiritual lives. For readers seeking a deeper connection with the natural world and a richer understanding of the mystical dimensions of life, *Nature Mysticism* is an essential read. Mercer's thoughtful examination challenges us to reconsider our place within the ecosystem, inspiring readers not only to reflect on their experiences but also to engage actively with the wonders of the world around them.

Nature Mysticism J. Edward Mercer, 2011-04-30 The aims of this study of Nature Mysticism and the methods adopted for attaining them are sufficiently described in the introductory chapter. It may be said by way of special preface that the nature mystic here portrayed is essentially a modern from the Preface Introduction. A wave of Mysticism is passing over the civilized nations. It is welcomed by many, by more it is mistrusted. Even the minds to which it would naturally appeal are often restrained from sympathy by fears of vague speculative driftings and of transcendental emotionalism. Nor can it be doubted that such an attitude of aloofness is at once reasonable and inevitable. For a systematic exaltation of formless ecstasies at the expense of sense and intellect has a tendency to become an infirmity if it does not always betoken loss of mental balance. In order therefore to disarm natural prejudice, let an opening chapter be devoted to general exposition of aims and principles. The subject is Nature Mysticism. The phenomena of nature are to be studied in their mystical aspects. The wide term Mysticism is used because in spite of many misleading associations it is hard to replace. Love of nature is too general, cosmic emotion is too specialised. But let it at once be understood that the Mysticism here contemplated is neither of the popular nor of the esoteric sort. In other words it is not loosely synonymous with the magical or supernatural, nor is it a name for peculiar forms of ecstatic experience which claim to break away from the spheres of the senses and the intellect. It will simply be taken to cover the causes and the effects involved in that wide range of intuitions and emotions which nature stimulates without definite appeal to conscious reasoning processes. Mystic intuition and mystic emotion will thus be regarded not as antagonistic to sense impression but as dependent on it, not as scornful of reason but merely as more basic and primitive.

Saint Francis: Nature Mystic Edward A. Armstrong, 2023-04-28 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1973 St. Francis of Assisi and Nature Roger D. Sorrell, 1988-12-08 One of the best loved saints of all time Francis of Assisi is often depicted today as a kind of proto hippie or early environmentalist This book the most comprehensive study in English of Francis's view of nature in the context of medieval tradition debunks modern anachronistic interpretations arguing convincingly that Francis's ideas can only be understood in their 13th century context Through close analysis of Francis's writings particularly the Canticum of the Sun Sorrell shows that many of Francis's beliefs concerning the proper relation of humanity to the natural world have their antecedents in scripture and the medieval monastic orders while other ideas and practices his nature mysticism his concept of familial relationships with created things and his extension of chivalric conceptions to interactions with creatures are entirely his own Sorrell insists however that only by seeing Francis in terms of the Western traditions from which he arose can we appreciate the true originality of this extraordinary figure and the relevance of his thought to modern religious and environmental concerns

Nature Mysticism J. Mercer, 2012-08-02 The subject is Nature Mysticism The phenomena of nature are to be studied in their mystical aspects The wide term Mysticism is used because in spite of many misleading associations it is hard to replace Love of nature is too general cosmic emotion is too specialised But let it at once be understood that the Mysticism here contemplated is neither of the popular nor of the esoteric sort In other words it is not loosely synonymous with the magical or supernatural nor is it a name for peculiar forms of ecstatic experience which claim to break away from the spheres of the senses and the intellect It will simply be taken to cover the causes and the effects involved in that wide range of intuitions and emotions which nature stimulates without definite appeal to conscious reasoning processes Mystic intuition and mystic emotion will thus be regarded not as antagonistic to sense impression but as dependent on it not as scornful of reason but merely as more basic and primitive

The Nature of Mysticism Curuppumullagē Jinarājadāsa, 1917

Ecomysticism Carl von Essen, 2010-10-19 Explores the philosophy science and spirituality of nature mysticism and its Green calling Offers a solid bridge between spiritual practice and environmental activism Reveals how we can heal the environment by renewing our connection to it Shows how spiritual encounters in nature are healing the Nature Deficit Disorder of our psyches and bodies Many have been struck by a majestic moment in nature a sole illuminated flower in a shady grove an owl swooping silently across a wooded path or an infinitely starry sky and found themselves in a state of expanded awareness so profound they can feel the interconnectedness of all life These trance like moments of clarity unity and wonder often incite a call to protect and preserve the earth to support Nature as she supports us Termed nature mysticism people from all cultures have described such experiences However the ever increasing

urbanization of the world's population is threatening this ancient connection as well as the earth itself. In *Ecomysticism* Carl von Essen explores nature mysticism through the recorded experiences of outdoor enthusiasts as well as scientific studies in biology, psychology, and neuroscience. Citing consciousness scholar William James and a variety of well-known nature lovers such as Ansel Adams, Henry David Thoreau, and Ralph Waldo Emerson, von Essen shows how the spiritual transcendence from an encounter in nature, like other mystical experiences, is healing the Nature Deficit Disorder of our psyches and bodies, leading to an expansion of our worldview and a clearer understanding of our self and of our natural world. Offering a solid bridge between spiritual practice and environmental activism, von Essen's spiritual ecology reveals how only through a renewal of humanity's spiritual connection to nature can we effect true environmental healing.

The Meaning and Value of Mysticism Emily Herman, 1922

Nature Mysticism John Edward Mercer, 2015-09-07

A wave of Mysticism is passing over the civilised nations. It is welcomed by many, by more it is mistrusted. Even the minds to which it would naturally appeal are often restrained from sympathy by fears of vague speculative driftings and of transcendental emotionalism. Nor can it be doubted that such an attitude of aloofness is at once reasonable and inevitable. For a systematic exaltation of formless ecstasies at the expense of sense and intellect has a tendency to become an infirmity if it does not always betoken loss of mental balance. In order therefore to disarm natural prejudice, let an opening chapter be devoted to general exposition of aims and principles. The subject is Nature Mysticism. The phenomena of nature are to be studied in their mystical aspects. The wide term Mysticism is used because in spite of many misleading associations it is hard to replace. Love of nature is too general, cosmic emotion is too specialised. But let it at once be understood that the Mysticism here contemplated is neither of the popular nor of the esoteric sort. In other words, it is not loosely synonymous with the magical or supernatural, nor is it a name for peculiar forms of ecstatic experience which claim to break away from the spheres of the senses and the intellect. It will simply be taken to cover the causes and the effects involved in that wide range of intuitions and emotions which nature stimulates without definite appeal to conscious reasoning processes. Mystic intuition and mystic emotion will thus be regarded not as antagonistic to sense impression but as dependent on it, not as scornful of reason but merely as more basic and primitive.

The Poetization of Metaphors in the Work of Novalis Veronica Freeman, 2006

The poet Friedrich von Hardenberg, Novalis (1772-1801), exemplifies romantic ideals in his nostalgic yearning for spiritual fulfillment and in doing so invokes the language of authentic mystics. While romantics and mystics believe in the common goal of original union, the path toward wholeness has led them down separate roads which it may be argued have converged only linguistically. This book therefore emphasizes the importance of examining metaphors in their respective traditions.

Nature and the Numinous in Mythopoeic Fantasy Literature Chris Brawley, 2014-06-26

This book makes connections between mythopoeic fantasy works that engage the numinous and the critical apparatuses of ecocriticism and posthumanism. Drawing from the ideas of Rudolf Otto in *The Idea of the Holy*, mythopoeic fantasy is a means of subverting normative modes of perception to both encounter

the numinous and to challenge the perceptions of the natural world Beginning with S T Coleridge s theories of the imagination as embodied in *The Rime of the Ancient Mariner* the book moves on to explore standard mythopoeic fantasists such as George MacDonald C S Lewis and J R R Tolkien Taking a step outside these men particularly influenced by Christianity the concluding chapters discuss Algernon Blackwood and Ursula Le Guin whose works evoke the numinous without a specifically Christian worldview

The Mysticism of Johann Joseph Von Görres as a Reaction Against Rationalism Sister Mary Gonzaga,1920 Integral Ecology Sean Esbjorn-Hargens, Ph.D.,Michael E. Zimmerman, Ph.D.,2011-03-08 Today there is a bewildering diversity of views on ecology and the natural environment With more than two hundred distinct and valuable perspectives on the natural world and with scientists economists ethicists activists philosophers and others often taking completely different stances on the issues how can we come to agreement to solve our toughest environmental problems In response to this pressing need Integral Ecology unites valuable insights from multiple perspectives into a comprehensive theoretical framework one that can be put to use right now The framework is based on Integral Theory as well as Ken Wilber s AQAL model and is the result of over a decade of research exploring the myriad perspectives on ecology available to us today and their respective methodologies Dozens of real life applications and examples of this framework currently in use are examined including three in depth case studies work with marine fisheries in Hawai i strategies of eco activists to protect Canada s Great Bear Rainforest and a study of community development in El Salvador In addition eighteen personal practices of transformation are provided for you to increase your own integral ecological awareness Integral Ecology provides the most sophisticated application and extension of Integral Theory available today and as such it serves as a template for any truly integral effort

Rays from the Rose Cross ,1918 *The Philosophy of Mysticism* Edward Ingram Watkin,1920 **Mysticism** Evelyn Underhill,1919 **The Great Mother, a Gospel of the Eternally-feminine** Carl Henrik Andreas Bjerregaard,1913 The Word ,1909 *Christian Mysticism* William Ralph Inge,1899 Asiatic Review ,1918 Beginning in 1895 includes the Proceedings of the East India Association

When somebody should go to the ebook stores, search launch by shop, shelf by shelf, it is in point of fact problematic. This is why we give the books compilations in this website. It will completely ease you to see guide **Nature Mysticism** as you such as.

By searching the title, publisher, or authors of guide you in point of fact want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be all best area within net connections.
