Extreme Collecting Graeme Were,J. C. H. King,2012-03-01 By exploring the processes of collecting which challenge the bounds of normally acceptable practice this book debates the practice of collecting difficult objects from a historical and contemporary perspective and discusses the acquisition of objects related to war and genocide and those purchased from the internet as well as considering human remains mass produced objects and illicitly traded antiquities The aim is to apply a critical approach to the rigidity of museums in maintaining essentially nineteenth century ideas of collecting and to move towards identifying priorities for collection policies in museums which are inclusive of acquiring difficult objects Much of the book engages with the question of the limits to the practice of collecting as a means to think through the implementation of new strategies Missouri's Silver Age , Collectively the entries and the illustrations shed light on the growth of enterprise in Missouri show the impact of the individual on the developing frontier economies of the Midwest and reveal how the production acquisition and possession of material goods reflected the culture and values of Americans during the 1800s
