Near Death Experience A Reader:

The Near-death Experience Lee Worth Bailey, Jenny L. Yates, 1996 A collection of writings on near death experiences by such individuals as Dannon Brinkley Carl G Jung Kenneth Ring Susan Blackmore and David Lorimer *The Gifts of Near-Death Experiences* Sheila Fabricant Linn, Dennis Linn, Matthew Linn, 2016-01-01 Near death experiences NDEs are common well documented and similar across cultures throughout the world Current estimates are that between 4 and 15 percent of the world's population have had an NDE Therefore almost everyone has either had one or knows someone else who has had one Some of the fascination with NDEs comes from the fact that they often result in great leaps in personal growth These leaps are characterized by the loss of the fear of death the healing of deep hurts an increase in self esteem and compassion for others a sense of union with all things and a clearer sense of how to fulfill one's purpose in life This is a book that teaches readers how to reap the benefits of NDEs without having to experience trauma In the course of their many workshops around the world the authors have discovered that when one immerses oneself in accounts of NDEs one can experience love hope healing and a sense of purpose This is the only book that systematically encourages the reader to create a spiritual and psychological healing practice based on NDEs Each chapter includes an account of a fascinating NDE followed by a series of questions meditations exercises and video links The reader is encouraged to contemplate these stories and their own lives It is truly a profound guide to both living and dying

The Near-Death Experience Lee W. Bailey, Jenny Yates, 2013-06-17 The Near Death Experience A Reader is the most comprehensive collection of NDE cases and interpretations ever assembled This book encompasses a broad range of disciplines psychological researchers discuss cognitive models and Jungian theories of meaningful archetypal phenomena the biological perspective describes how brains near death may produce soothing endorphins optical illusions and convincing hallucinations Philosophers present empirical analyses and images in archetypal theories and the symbolic language of comparative phenomenological theories Christian Jewish and Mormon responses to NDEs outline the religious perspective and the mystical and spiritual interpretations of NDEs are also explored

Nde Gerard Radcliff, 2017-02-11 Near Death Experiences challenge our beliefs about Death Afterlife Are Heaven Hell for real Could it be possible to have a consciousness after you die Real Stories Of People That Got A Second Chance The fascinating stories of people that have had their lives profoundly changed by their NDE experience these are the stories that fascinate the most Unexplainable mysteries to some but the people that lived them are 100% certain that they actually happened And if they did our current beliefs about life reincarnation and what lies beyond death are profoundly challenged This book bundles the experiences of people around the world What is striking is the amazing similarities some of these testimonials have the movement towards a light and another place that was dark and horrific A resemblance of perhaps a real world Heaven and Hell What can I expect to read in this book Numerous real world testimonials from real Near Death Experiences People from around the world who shared their life changing moments Occurrences where people experienced a

bone chilling darkness after they died similar to what we describe as a hell but also how these people got another chance
Profound changes in the lives of people before and after their NDE moments Carefully selected 100% real stories from people
that claim to have lived an NDE Life After Death The scientific world knows very little about life after death Let alone what
lies beyond it But the jaw dropping experiences of some people makes us think Is there such a thing as existence after we die
Is there a place of light and a place of darkness Could it be that we reincarnate These are all questions that could be
answered through our studies of near death experiences Reading about NDE s will change your view on life and religion
Perhaps you will change your ways after reading these stories so you may encounter light in your afterlife Start reading
immediately by clicking the ADD TO CART button at the top of this page The stories will amaze you **Near-Death**

Experiences Are Real! William Pillow,2019-01-11 This book is radically different from any other book you have ever seen
read or heard about It dares to challenge everyone s beliefs about the so called reality Although the book reads like science
fiction everything you read here is as factual as is humanly possible This book s title Near Death Experiences Are Real But
Only for Survivors it has two meanings The obvious one is that non survivors die But the implicit meaning is that despite this
book and any conceivable human research near death experiences NDEs will never become perceptible to normal human
beings For example you cannot personally perceive the electromagnetic waves that invisibly surround us to carry Internet
information and communications So this book will introduce you to another kind of humanly imperceptible energy that
facilitates near death experiences just as real as your Internet Once you accept that and why and how they occur you might
welcome them as much as you did the Internet Reality today that which is defined by our five physical senses i e see touch
hear smell and taste might seem restrictive at times But only if you realize that science medicine and religion are being
confronted by increasing enigmas So this book seeks plausible answers for near death experiences that dare to go beyond
the boundaries of research that have been established Yet you still must be the judge of what you read here For example
because the cause of NDEs i e sudden cardiac arrest kills more people than survive this book also details theories of mortal
death that offer hope for the so called afterlife So some of you actually might look forward to what you learn here because
one of those plausible answers addresses whether mortal death is final for human beings Another answer explains why near
death experiences NDE s are real for NDE survivors Yet another answer suggests that recent revelations from our soul s
hypnotically regressed life between lives i e Heaven offers a dramatically more personal perspective about God than has ever
been possible in the past These details also show why the Eternal Almighty is the One and Only Supreme Power regardless of
what names we humans use for It such as God Allah Yahweh or any other term of esteem and respect If the term It shocks
you this acknowledges that The Creator now seems quite different from the perspective created by sacred scriptures two
millennia ago Spirit entities have no innate gender since they do not reproduce as humans do Furthermore they are not
material beings like us However it is very likely that readers who have survived a near death experience or have had a

hypnotic regression to their soul's past life memories will be more familiar with this book's content than those who have not. This seems true because those who have will be able to accept the reality of our God-given souls and the dependence of near-death experiences upon our souls. This book therefore reveals nothing threatening. Instead, it offers an understanding of how that which seems enigmatic might really prove beneficial for human lives on Earth. **Spiritual Events** Zeb

Tarot, 2020-03-29 This book has stories of near-death experiences and many other spiritual encounters that were experienced first-hand by the author. This book is a must-read for anyone that is interested in anything that has to do with the afterlife and all things supernatural. Great for adults and the young reader alike. Making Sense of Near-death Experiences

Mahendra Perera, Karuppiah Jagadheesan, Anthony Peake, 2012 A near-death experience (NDE) is a phenomenon whereby powerful physical and emotional sensations and visions are experienced by someone who is either close to death or has been declared clinically dead. This is a guide to the theory and evidence underlying the phenomenon of NDEs. Parapsychology

Caroline Watt, 2017-07-05 Many people believe that they have experienced paranormal phenomena and others claim to possess psychic abilities. For the past hundred years or so, researchers have undertaken systematic and scientific work into these alleged experiences and abilities. This collection of articles provides readers with a general sense of the methods used in this research, the findings that have been obtained, and the controversies generated by this work. They cover a wide range of issues including the psychology of paranormal belief, investigations into ghosts and hauntings, laboratory research into extra-sensory perception and psychokinesis, and controlled tests of psychics and mediums. An introductory essay sets each of the selected papers in context and provides additional references for those wishing to delve deeper into the issues surrounding each of the areas covered. **Near-Death Experience in Indigenous Religions** Gregory Shushan, 2018-07-03

This book is a fascinating and engaging exploration of the interface between near-death experiences, afterlife beliefs, and shamanism in indigenous societies of North America, Africa, and Oceania. Incorporating ideas from anthropology, philosophy, psychology, and cognitive evolutionary science, the book explains the continuum of similarities and differences between these phenomena. Near-Death Experiences Randy Kay, Shaun Tabatt, 2023-10-03 If you have ever been curious about life beyond the grave, if you've ever doubted whether Heaven really exists, *Near-Death Experiences* is the powerful testimony of life beyond the veil that you've been waiting for. In *Near-Death Experiences*, Randy Kay and Shaun Tabatt have collected fascinating stories of near-death experiences and afterlife.

Near-Death Experience in Ancient Civilizations Gregory Shushan, 2025-02-04 Reveals the powerful influence of near-death experiences (NDEs) on the formation of religious beliefs, mystical literature, and ritual practices. Focuses on the afterlife beliefs of five ancient world regions: Old and Middle Kingdom Egypt, Sumer, and Old Babylonian Mesopotamia, Vedic India, pre-Buddhist China, and Maya and Aztec Mesoamerica. Shows how the similarities among afterlife beliefs and their correspondences with NDEs reveal that they both stem from universal truths. Taking readers on a thought-provoking journey into our ancestors' beliefs about death, dying, and the afterlife. Gregory

Shushan Ph D reveals the powerful influence of near death experiences NDEs on religious beliefs and ritual practices throughout human history Focusing on five ancient world regions in Egypt Mesopotamia India China and Mesoamerica Shushan expertly explores each civilization s afterlife beliefs He explains how each of these civilizations developed independently of one another yet there is a series of similarities among afterlife beliefs too consistent and specific to be mere coincidence This leads to the profound implication that afterlife beliefs are not entirely invented by cultures they also stem from universal truths derived from NDEs Drawing on anthropology psychology and philosophy the author explores how each civilization interpreted NDEs and how afterlife beliefs develop over time He also explores the metaphysical implications of his discoveries including what an actual afterlife would look like Revealing that NDEs have occurred throughout human history Shushan shows how they continue to influence our understanding of what lies beyond death to this day *Proof of Heaven* Eben Alexander,2012-10-23 As he lay in a coma neurosurgeon Eben Alexander explains that he journeyed beyond this world and encountered an angelic being who guided him into the deepest realms of super physical existence where he met and spoke with the Divine source of the universe itself P 4 of cover *Near Death Experiences* ,2025-08-15 390 Near Death Experiences A Documented Collection is a unique compilation of authentic accounts of people from around the world who have gone through near death experiences Spanning over 400 pages and featuring 390 documented cases this book offers readers an extraordinary glimpse into what many describe as the threshold between life and death Each experience has been carefully collected organized and edited to provide clarity and depth while maintaining the authenticity of the original testimonies This work is not intended to promote any single interpretation or belief Instead it serves as a resource for researchers spiritual seekers and curious readers who wish to explore the common themes and diverse perspectives surrounding the mystery of near death experiences Whether you are looking for inspiration scientific curiosity or spiritual reflection this book presents an invaluable window into one of humanity s most profound mysteries **The Gifts of Near-Death Experiences** Dennis Linn,Sheila Fabricant Linn,Matthew Linn,2016-05-01 Prepare to immerse yourself in accounts of real near death experiences and discover the wisdom they have to offer you Near death experiences NDEs are common well documented and similar across cultures throughout the world Current estimates are that between four and fifteen percent of the world s population have had an NDE Some of the fascination with NDEs comes from the fact that they often result in great leaps in personal growth These leaps are characterized by the loss of the fear of death the healing of deep hurts an increase in self esteem and compassion for others a sense of union with all things and a clearer sense of how to fulfill one s purpose in life This is a book that teaches readers how to reap the benefits of NDEs without having to experience trauma In the course of their many workshops around the world the authors have discovered that when one immerses oneself in accounts of NDEs one can experience love hope healing and a sense of purpose This is the only book that systematically encourages the reader to create a spiritual and psychological healing practice based on NDEs Each chapter includes an

The Wonder of You Lynn Kathleen Russell,2013-02-20 The Wonder of You What Near Death Experiences Tell You About Yourself ISBN 1480094250 This new book on near death experiences offers readers insight to their own spiritual journey After researching 2 500 cases of near death experiences Lynn K Russell shares the indepth understandings she has gained Through her research she discovered deeply hidden messages about the world life and the paths we all travel During her research Russell uncovered marvelous messages she wanted share with others She offers answers to the questions What is our reality and why do we exist The cases she analyzed offered information about the world life and the paths we are all traveling as individuals Russell hopes her book will guide readers toward their own personal discoveries **Wisdom of Near-Death Experiences** Dr. Penny Sartori,2014-03-25 Drawing on a 5 year clinical study of near death experiences a doctor presents riveting patient stories to explore how NDEs can empower us and society as a whole By trying to pathologize NDEs are we missing out on what they can tell us about life Dr Penny Sartori is a registered nurse who began researching Near Death Experiences NDEs in 1995 after one of her long term intensive care patients begged her to let him die in peace Inspired by this encounter she went on to research NDEs in a PhD program where she learned profound spiritual lessons and made startling discoveries that she now shares in The Wisdom of Near Death Experiences During her academic work Dr Sartori studied three samples of ICU patients during a five year period Here she recounts the eye opening stories of those patients who experienced NDEs and out of body experiences OBEs In one group as many as 18% of patients experienced an NDE though Patient 10 stood out among the others After being unresponsive he awoke to report he had experienced an OBE He was able to describe what happened in the hospital room while he was unconscious and claimed he met not only his deceased father but a Jesus like figure Most shocking of all he had regained the use of his hand which had been paralyzed

since birth When talking about the biggest takeaways from her research Dr Sartori shares how her findings have made her question the common belief that the brain gives rise to consciousness Most importantly she has gained a deeper appreciation for death an experience she now views with less fear and anxiety In addition to detailing dozens of case studies The Wisdom of Near Death Experiences also discusses childhood NDEs the differences in NDEs among different cultures and the after effects of NDEs

Lessons from the Light Kenneth Ring,Evelyn Elsaesser,2024-07-08 No other researcher has been able to transmit to the rest of us the true meaning and impact of near death phenomena for the planet Bruce Greyson MD bestselling author of After A major contribution that offers a wealth of case materials together with balanced and insightful commentary Raymond A Moody PhD bestselling author of Life After Life While providing many remarkable accounts of near death experiences NDEs Lessons from the Light is much more than an inspiring collection of NDEs In clear language the practical lessons for living and dying are to be found from the study of these experiences Written by one of the foremost authorities on NDEs Lessons from the Light is a book for those looking to gain knowledge and wisdom to enhance their own lives by incorporating the insights stemming from what many people have come to believe is the ultimate spiritual experience Although Lessons from the Light recounts many moving stories of NDEs it is not just another book filled with inspiring testimonies it includes helpful guidance and practical exercises concerning how readers can make use of this knowledge to live with greater self insight self compassion and concern for others as well as be better prepared for death dying and bereavement Readers can easily apply what they have learned to their own lives and absorb and internalize these lessons from the Light in such a way as to lead to deep personal and spiritual transformation This edition replaces the previous edition ISBN 978 1 930491 11 3 and contains a new postscript by the author

In My Ever After Robert Geis,2010-08-26 In My Ever After is not a mass media style general readership book on immortality rather it is an argument against a current school neurophilosophy s virtual equation of consciousness and the world Without exposing the equation s weaknesses the question of immortality Geis argues is moot Part I identifies many epistemic and scientific grounds for a real world outside consciousness and self refutational flaws in quantum physics It employs the phenomenological method to situate consciousness and other in their relations Part II sets forth why consciousness cannot be electrical in origin and then how partibility and subjectivity in tandem with the power of conceptualization evince reasons for accepting immortal consciousness as a condition of all human awareness A discussion of why pharmacologic explanations for the OBE and NDE are wanting plus neurologic arguments for memory s non localizability and how animal sentience adds to philosophic conviction coordinate with Scripture on animal existence beyond the grave concludes the argument
