Robot Trouble Bruce Coville,2014-11-11 A spy has infiltrated the island and only the A I Gang can stop him

Some days a gang of kid geniuses just can't win. As if it weren't bad enough that the A.I. Gang has Sergeant Brody's terrifying security robots crimping their activities and the mysterious Black Glove out to get them, now they've managed to get on the bad side of an international superspy who has secretly invaded Anzabura Island. Of course a little thing like that won't stop them from coming up with new schemes. But when Rachel talks the others into building a rocket to launch Dr. Weiskopf's singing robot Twerpy on a vital space mission, it turns out that the final countdown to blastoff may also be a countdown to death. This ebook features an illustrated personal history of Bruce Coville including rare images from the author's collection.

Camp Alien Gini Koch, 2016-05-03 Sci-fi action meets steamy paranormal romance in Gini Koch's Alien novels as Katherine Kitty Katt faces off against aliens, conspiracies, and deadly secrets. Futuristic high jinks and gripping adventure. RT Reviews. The President and First Lady, aka Jeff and Kitty Katt Martini, don't get any downtime once the Mastermind has been revealed to the world. Not only do they have myriad high-level government positions to fill, but the scrutiny and pressure on this Administration has gone into overdrive. The sudden reappearance of a long forgotten adversary turns out to be the tip of the iceberg. New robots and androids attacking old enemies, making new alliances, and new aliens with interesting abilities almost overshadow the fact that the U.S. still has to host a peace summit at Camp David between Israel and Iraq. It's clear that while the Mastermind may be down, there are plenty of others ready to take his place, and all that stands between them and success are Kitty and Company. Kidnappings, rescues, creepy hideouts, a hidden black site, and a domestic dispute that could end Jeff and Kitty's marriage are nothing compared to finding not one but two hidden labs where dangerous and deadly things are brewing. But when the President and his entourage finally get to the peace talks, things are no better. Mossad rightly suspects something's wrong with both their Prime Minister and the President of Iraq. A hidden-in-control superbeing, an android replacement, and an army of Fem-Bots turn the peace talks into a Battle Royale that the team might not actually survive. And if they don't make it, Earth won't make it either. But no pressure.

Alien Research Gini Koch, 2013-12-03 When rumors of a new super drug surface, the FBI comes to Jeff and Kitty Katt Martini for help. It becomes quickly apparent that the drug is merely the tip of a deadly iceberg, and a much more insidious plan is underway involving Titan Security, Gaultier Enterprises, and YatesCorp. As newly discovered A.C.s and hybrids begin to surface, each with expanded and deadly talents, more and more signs point to a new evil genius who's using the A.C.s and their enemies both as guinea pigs. Then Area 51 and the Dulce Science Center go silent while Alpha Team Airborne and most of the worldwide A.C. Security team are there for training. And if that's not bad enough, Centaurion Division is hit with more bad and deadly news. Chernobog, the Ultimate, isn't a hacker myth; he's a real person, and he's on the bad guys' side.

The Dragon of Doom Bruce Coville, 2003 Moongobble, who is not a very good magician, and Edward Moongobble's assistant must face the Dragon of Doom.

Alien Education Gini Koch, 2017-05-02 Sci-fi action meets steamy paranormal romance in the Alien novels as Katherine Kitty Katt faces off against aliens, conspiracies, and deadly secrets. Futuristic high jinks and gripping adventure. RT Reviews. It's a typical day of

bureaucracy and stress for President and First Lady Jeff and Kitty Katt Martini in part because Kitty s been tapped to represent Earth in the Galactic Council Kitty feels that s a bad idea and she might be right When her first official TV morning show goes awry it s only the quick thinking of the actor determined to make the Code Name First Lady movie a reality that saves the day It also forces Kitty to work with Hollywood Meanwhile the Embassy Daycare kids are all about to enter real school and none of them want to go They may have grounds to be concerned because many of the other students and their families seem shady and everyone seems to have an evil agenda Dealing with the assimilation of the aliens who have come to Earth while fending off advances from a variety of Hollywood types seems like Kitty s biggest challenge But then she and Jeff discover that Stephanie Valentino Jeff s niece and the true Heir Apparent to the original Mastermind is back Can Jeff and Kitty thwart the most insidious attacks yet while keeping tenuous peace on Earth and goodwill toward all sentient species going And can they also find time to be part of the most truly terrifying organization they ve ever encountered the school s parent teacher association
