Live Socialism! Todor Bombov,2017-01-10 This work is divided into two autonomous books The first book The State represents a radically new political system of society one which is the most democratic system ever possible This is a completely new society a real civil society which otherwise in the capitalist system is only a utopia In this book I scrutinize the principles of scientific socialism i e all those principles of Marxism concerning the state that build socialism as a political system The second book The Economic Theory of Socialism is a sequel and as far as I know the only sequel of the greatest work by Karl Marx Capital The economics of socialism makes Marx s socialism already completely possible In this book I scrutinize the economic laws that build socialism as a more effective economic system than capitalism These laws are extracted from Marx s main work Capital From 1917 to 1991 the totalitarian system in USSR and East Europe was called socialism and even by the scientific nonsense and absurd names of communism and communist system In this system the official ideology was allegedly Marxism but really it could not endure any Marxist criticism There was never any socialism anywhere In the twentieth century we passed through a system of utopian socialism as proof that this was not socialism that was not possible but for the utopia of writers before and after Marx We were visited by a utopian socialism which at the

contemporary stage is simply capitalism state monopolistic There is no better application of Keynes s doctrine than the socialism of the twentieth century His planned capitalism is actually planned socialism

The Christ Is Dead, Long Live the Christ Andrew Oberg,2022-07-07 The Christ Is Dead Long Live the Christ A Philotheologic Prayer a Hermeneutics of Healing is a call for renewal and reinvention Following a brief examination of the historical Jesus Yeshua using his actual Aramaic Hebrew name the book moves into a phenomenological study of the image idea and the place of both in our felt experiences Looking closer at what we think were the actual words of this wandering sage the picture we arrive at is one that will surprise possibly unsettle Moved out of our traditional comfort zones we find the need to question what we have been told were Yeshua s teachings compelling us to further rethink messages on the afterlife human finitude so called atonement theologies and above all the kingdom of God Whatever this vision was and might yet be it seems central to Yeshua s efforts and so we finally weigh these kingdom facets against a broader ideascapes offering suggestions for how a Yeshuan kingdom project situated within the panoply of a widely comprehended Judaic way of being might yield fresh life to we who find worth in the utterances and what they point towards to we who wonder about a more human e world

Why Niebuhr Now? John P. Diggins,2011-06-30 In this book

the author tackles the complicated question of why at a time of great uncertainty about America's proper role in the world leading politicians and thinkers are turning to Niebuhr for answers He begins by clearly and carefully working through Niebuhr's theology which focuses less on God's presence than his absence and the ways that absence abets the all too human sin of pride He then shows how that theology informed Niebuhr's worldview leading him to be at the same time a strong opponent of fascism and communism and a leading advocate for humility and caution in foreign policy

Is Rock Dead? Kevin J.H. Dettmar, 2013-01-11 Rock and roll's death has been forecast nearly since its birth the country song *The Death of Rock and Roll* appeared in September 1956 showing that the music had already outraged a more conservative listening audience *Is Rock Dead* sets out to explore the varied and sometimes conflicting ways in which the death of rock has been discussed both within the discourse of popular music and American culture If rock is dead when did it die Who killed it Why do rock journalists lament its passing Has its academic acceptance stabbed it in the back or resuscitated an otherwise lifeless corpse Why is rock music the music that conservatives love to hate On the other side of the coin how have rock's biggest fans helped nail shut the coffin Does rock feed on its own death and rebirth Finally what signs of life are there showing that rock in fact is surviving *Is Rock Dead* will appeal to all those who take seriously the notion that rock is a serious musical form It will appeal to students of popular music and culture and all those who have ever spun a 45 cranked up the radio or strummed an air guitar

Crises of the Sentence Jan Mieszkowski, 2019-04-02 There are few forms in which so much authority has been invested with so little reflection as the sentence Though a fundamental unit of discourse it has rarely been an explicit object of inquiry often taking a back seat to concepts such as the word trope line or stanza To understand what is at stake in thinking or not thinking about the sentence Jan Mieszkowski looks at the difficulties confronting nineteenth and twentieth century authors when they try to explain what a sentence is and what it can do From Romantic debates about the power of the stand alone sentence to the realist obsession with precision and revision to modernist experiments with ungovernable forms Mieszkowski explores the hidden allegiances behind our ever changing stylistic ideals By showing how an investment in superior writing has always been an ethical and a political as well as an aesthetic commitment *Crises of the Sentence* offers a new perspective on our love hate relationship with this fundamental compositional category
