Fairy Tales for Children Above Thirty Betty Sam Mathew,2018-02-05 An adventurous life isn t always about conquering a mountain crossing a desert or even soaring through the skies with a parachute At times it s about opening your eyes to find that the life you are seeking has come in search for you But How do you take the plunge and let the crest of the moment carry you when you are used to keeping a tight rein on time How do you tame the lioness within when motherhood exposes a fierce protectiveness and the sound that escapes your lips every time you open your mouth is a roar How do you fall into step with the beat and the rhythm of the dance when tango lessons in Buenos Aires become more about control and confronting fears A little imagination and a pen transform everyday experiences into fairy tales until they are exuding excitement and reeking of sweat until they become that extraordinary adventure right in the middle of an ordinary life
