

look the universe is dreaming

Now I'm talking about everybody having proper sustenance. I'm talking about everybody having properly protected, clothing, water, building, water, sanitary water, everything you need physically, taken care of, and a very great deal of accommodation of your wants, even and above great abundance outside your mind, especially and so forth. That's what I'm talking about—standard of living in that way. I'm not saying without further going to be happy or not.
