Catalog of Copyright Entries Library of Congress. Copyright Office, 1972 **Good Girls, Good Food, Good Fun** Meghan K. Winchell, 2008-12-07 Throughout World War II when Saturday nights came around servicemen and hostesses happily forgot the war for a little while as they danced together in USO clubs which served as havens of stability in a time of social moral and geographic upheaval Meghan Winchell demonstrates that in addition to boosting soldier morale the USO acted as an architect of the gender roles and sexual codes that shaped the greatest generation Combining archival research with extensive firsthand accounts from among the hundreds of thousands of female USO volunteers Winchell shows how the organization both reflected and shaped 1940s American society at large The USO had hoped that respectable feminine companionship would limit venereal disease rates in the military To that end Winchell explains USO recruitment practices characterized white middle class women as sexually respectable thus implying that the sexual behavior of working class women and women of color was suspicious In response women of color sought to redefine the USO's definition of beauty and respectability challenging the USO's vision of a home front that was free of racial gender and sexual conflict Despite clashes over class and racial ideologies of sex and respectability Winchell finds that most hostesses benefited from the USO's chaste image In exploring the USO's treatment of female volunteers Winchell not only brings the hostesses' stories to light but also supplies a crucial missing piece for understanding the complex ways in which the war both destabilized and restored certain versions of social order

an accidental friendship they begin noticing each other in ways they promised themselves they'd avoid. After all, Xia's isolation is self-imposed for a reason and the last thing Gloria needs is more upheaval, especially after her parents kicked her out of the house for being gay. Ever since she has spent her nights under the stage in the school auditorium and her days terrified of being discovered, Xia just wants to keep her head down until the end of senior year. Gloria just wants to keep her living situation quiet until her parents come around. But as their feelings for each other intensify and the truths they've hidden work their way to the surface, what they truly want will change forever.

 Kiley Williams-Bowls, 2013-09-20 A Collection of Poems, Thoughts and Empowerment *Rock 'n' Roll Myths* Gary Graff, Daniel Durchholz, 2012-06-12

It's perhaps the relative modernity of rock n roll that makes the genre a minefield of myths and legends accepted as truth. History hasn't had time to dissect the bunk. Until now. Discover the real stories behind rock's biggest crocks: how they came to be, but why they have persisted. Did Cass Elliott really asphyxiate herself with a ham sandwich? Did the Beatles spark a spliff in Buckingham? Did Willie Nelson do the same in the White House? Did Keith Richards get a complete oil change at a Swiss clinic in 1973 to pass a drug test necessary to embark on an American tour with the Stones? Then there's the freaky: did Michael Jackson own the remains of the Elephant Man? the quasi-medical Rod Stewart and that stomach pump the culinary did Alice Cooper and Ozzy Osbourne really do all those things to bats, chickens, etc. onstage and the apocryphal: did Robert Johnson sell his soul to the Prince of Darkness in exchange for mastery of the blues? In all more than 50 enduring lies are examined, explained and debunked.

Romance Writers of Australia *Fun-Size Academic Writing for Serious Learning* Gretchen Bernabei, Judi Reimer, 2013-07-31 Sometimes a student's best teacher is another student. Just as the pressure for students to perform well on state assessments escalates ever higher and the call to raise students' achievement in narrative opinion argument and informative explanatory writing grows louder, Gretchen Bernabei and Judi Reimer publish *Fun Size Academic Writing for Serious Learning*. If ever there were a book to answer every need, this is it. You see, Gretchen and Judi have been concerned about adolescents writing for years, and they have had amazing success using mentor texts by students to teach the ins and outs of writing in any genre. So with this book, they hand over their file drawers and provide you with 101 essays written by students with one-page companion lessons that address text structure, imagery, dialogue, rhetorical devices, grammatical structures, textual blends, all the different tools that writers use. Organized into three major sections that align with the Common Core, STAAR, and other major state assessments, *Fun Size Academic Writing* delivers succinct, powerhouse instruction on topics such as: How to choose a structure for argument, informational, or narrative writing; How to read a piece and extract thesis statement and main points; How to layer a wide range of details to support points; How to use rhetorical devices and grammatical constructions for effect; How to write from the point of view of a fictional character. The essays are also available in reproducible form on the companion website. Each essay demonstrates something striking, something imitable, something concrete. They give students a bank of choices to call upon as they write. The lessons are short, practical, and full of variety. Collectively, these essays and lessons have the potential to move the needle on American students' writing achievement, once and for all. They show what has been done by students, and they reveal to you how your own students can do it too.
