Loose Ends Russell Reising, 1996 In this study of American cultural production from the colonial era to the present Russell Reising takes up the loose ends of popular American narratives to craft a new theory of narrative closure In the range of works examined here from Phillis Wheatley's poetry to Herman Melville's *Israel Potter* from Henry James's *The Jolly Corner* to the Disney Studio's *Dumbo* Reising finds endings that violate all existing theories of closure and narratives that expose the often unarticulated issues that inspired these texts Reising suggests that these non endings entirely refocus the narrative structures they appear to conclude accentuate the narrative stresses and ideological fissures that the texts seem to suppress and reveal shadow narratives that trail alongside the dominant story line He argues that unless the reader notices the ruptures in the closing moments of these works the social and historical moments in which the narrative and the reader are embedded will be missed This reading not only offers new interpretive possibilities but also uncovers startling affinities between the poetry of Phillis Wheatley and the fiction of Henry James between Charles Brockden Brown's *Wieland* and Melville's least studied novel and between Emily Dickinson's poem *I Started Early Took My Dog* and Disney's animated classic *Pursuing the implications of these failed moments of closure* Reising elaborates on topics ranging from the roots of domestic violence and mass murder in early American religious texts to the

pornographic imperative of mid century nature writing and from James s descent into naturalist and feminist fiction to Dumbo s explosive projection of commercial racial and political agendas for postwar U S culture Jesus Left Loose Ends William R. G. Loader,2021-11-10 Bill Loader has been one of the leading New Testament scholars not just in Australia but globally for half a century What is immediately apparent is that the clarity of communication and the exceptional precision in analyzing the details of ancient texts which are the hallmarks of his scholarship were present even in the earliest essays Without exception every essay in this volume is a contribution of exceptional insight for all who seek to learn from an exemplary scholar Loose Ends Tara Janzen,2011 WHITE HOT DOWN AND DIRTY PASSION IGNITES WHEN A SEXY SOLDIER ENCOUNTERS AN IRRESISTIBLE THIEF WHO S CHANGED HER WAYS Six years ago the Special Defense Force mourned the loss of J T Chronopolous Now the striking soldier is back with scant memory a new name Conroy Farrel and one single mission to bring down SDF But SDF has its own plan get him back at any cost And so they ve set a trap for Con a trap that Jane Linden accidentally steps into With darkness falling and the night heating up Con finds himself on the run in an oddly familiar 1967 Pontiac GTO with a drop dead gorgeous brunette named Jane by his side Who she is he doesn t know Or does he Jane certainly hasn t forgotten him When she was a teenager he caught her picking his pocket Now the former street thief is all grown up and gone legit and the effect she has on Con is all too clear pure sweet longing Con s not sure if Jane is there to save him or to take him down But one thing s certain With desire leading the way all bets are off **The Loose Ends List** Carrie Firestone,2016-06-07 A refreshing funny and moving debut novel about first loves last wishes and letting go Seventeen year old Maddie O Neill Levine lives a charmed life and is primed to spend the perfect pre college summer with her best friends and young at heart socialite grandmother also Maddie s closest confidante tying up high school loose ends Maddie s plans change the instant Gram announces that she is terminally ill and has booked the family on a secret death with dignity cruise ship so that she can leave the world in her own unconventional way and give the O Neill clan an unforgettable summer of dreams come true in the process Soon Maddie is on the trip of a lifetime with her over the top family As they travel the globe Maddie bonds with other passengers and falls for Enzo who is processing his own grief But despite the laughter headiness of first love and excitement of glamorous destinations Maddie knows she is on the brink of losing Gram She struggles to find the strength to say good bye in a whirlwind summer shaped by love loss and the power of forgiveness **Loose Ends** Michael Weller,1980 A study of a failed romance *The Discipline of Subjectivity* Ermanno Bencivenga,2014-07-14 Through an interpretation of Montaigne s philosophical vision as expressed in his Essays Ermanno Bencivenga contributes to the current debate about the death of the subject by developing a view of the self as a project of continuous construction rather than the source and foundation of knowledge This latter Cartesian conception of self consciousness as a logical and epistemological starting point is Bencivenga contends delusive the certainty it provides is more akin to faith than to a cognitive state How then do we acquire knowledge of the self Montaigne makes for a productive

case study in this regard he declares that he himself is the matter of his book and that nothing but the constitution of his own self is his business A study of Montaigne reveals that the fundamental category missing in the Cartesian conception of the self is that of practical effort The self is not a ready made entity available for inspection and analysis but something whose generation requires exercise training and discipline It is the result of an operation that must be performed not just once but as in all training over and over again until it becomes second nature Bencivenga characterizes the particular training required by the project of constituting a subject as a revolutionary transgressive critical one which shares with philosophical activity a profoundly playful irrelevance to the ready to hand Originally published in 1990 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

[Some Novel Types of Fractal Geometry](#) Stephen Semmes, 2001 The present book deals with fractal geometries which have features similar to ones of ordinary Euclidean spaces while at the same time being quite different from Euclidean spaces in other ways A basic type of feature being considered is the presence of Sobolev or Poincaré inequalities concerning the relationship between the average behaviour of a function and the average behaviour of its small scale oscillations Remarkable results in the last few years of Bourdon Pajot and Laakso have shown that there is much more in the way of geometries like this than has been realized Examples related to nilpotent Lie groups and Carnot metrics were known previously On the other hand typical fractals that might be seen in pictures do not have these same kinds of features Some Novel Types of Fractal Geometry will be of interest to graduate students and researchers in mathematics working in various aspects of geometry and analysis
