Midnight's Children Salman Rushdie, 2010-12-31 Winner of the Booker prize and twice winner of the Booker of Bookers. Midnight's Children is one of the most important books to come out of the English speaking world in this generation. New York Review of Books Reissued for the 40th anniversary of the original publication with a new introduction from the author. Salman Rushdie's widely acclaimed novel is a masterpiece in literature. Saleem Sinai is born at the stroke of midnight on August 15, 1947, the very moment of India's independence. Greeted by fireworks, cheering crowds, and Prime Minister Nehru himself, Saleem grows up to learn the ominous consequences of this coincidence. His every act is mirrored and magnified in events that sway the course of national affairs; his health and well being are inextricably bound to those of his nation. His life is inseparable at times indistinguishable from the history of his country. Perhaps most remarkable are the telepathic powers linking him with India's 1,000 other midnight's children, all born in that initial hour and endowed with magical gifts. This novel is at once a fascinating family saga and an astonishing evocation of a vast land and its people, a brilliant incarnation of the universal human comedy. Midnight's Children stands apart as both an epochal work of fiction and a brilliant performance by one of the great literary voices of our time.

midnight's simulacra Nick Black, 2024-01-17 Code stoned. Debug sober. Document drunk. And never trust the Nuclear Regulatory Commission. Michael Luis Bolaño is the scion of Mexican oil wealth gone to rot in Texas. Sherman Spartacus Katz is the hyperliterate son of evangelical eccentrics from the North Georgia mountains. One hopes to restore what's been lost, the other to attain what never was. Together at an elite Institute of Technology they train as engineers. Together in the dark they study forbidden teachings. By graduation they're formidably competent, audacious to a fault, and wholly ungovernable. Need LSD precursors. Biosynthesize them in yeast. Need souped up wheelchairs. Disarm the governors. Need enriched uranium. CO₂ TEA lasers in the garage. Where there's a black market they disrupt it. Where there's no black market they create one. **midnight's simulacra** is a hysterical, scientifically rigorous, and fast-paced thriller, a modern picaresque, a portrait of autists as young men, and unlike any other novel you've read.

Becoming Multicultural Terry Ford, 2014-01-21 This book argues that becoming multicultural is a process of recursive cycles that must involve confrontational dialogue for change Multicultural education texts often describe multiculturalism as a process where a person develops competencies of perceiving evaluating believing and doing in multiple ways However the dynamic fluid and changing qualities central to the process of interpersonal interaction often results in mastery of a product focusing on lists of static features of generalized groups rather than on the individuals who make up those groups Rather than listing and describing objectified features of cultural groups from a theoretical view this book details the interactions of 21 ethnically diverse individuals through one classroom experience First the personal histories and meanings constructed from lived experience are detailed and analyzed to reveal the ways in which personal identity constructions influence learning events in a singular classroom context Second from this analysis the author develops a conceptual model for the process of becoming multicultural Then the author applies the model to herself and describes specific ways in which interaction with these individuals has influenced her present teaching strategies for expecting and facilitating confrontational dialogue toward developing education that is multicultural Specifically the book addresses the questions 1 What does it mean to become multicultural 2 What does it mean to be culturally sensitive 3 How can the process of multiculturalism be facilitated in a classroom setting 4 What is the teacher's role in the multicultural classroom 5 What are some expected predictable outcomes of a multicultural classroom Includes bibliography and index
