their unity We have lost this knowledge yet it is integral to the Western understanding of what gives humanity its vocation
 our spiritual physical our earthly heavenly nature In this astonishing and inspiring book Peter Selg focuses on the evolution
 of the spiritual understanding of the heart as transmitted through Aristotle the Gospels and Hebrew Scriptures to the Middle
 Ages when in the light of the Mystery of Golgotha and its sacramental life it was synthesized and transformed by Thomas
 Aquinas after whom with the rise of modern science it was lost until Goethe began a process of recovery and development
 that led to its complete renewal and transformation in Rudolf Steiner The Mystery of the Heart tells this story in three parts
 Part one The Anthropology of the Heart in the Gospels examines the spiritual anthropology of the heart in the Gospels in the
 light of Ezekiel's prophetic saying I will give you a new heart and put a new spirit in you I will remove from you your heart of
 stone and give you a living heart of flesh Part two De Essentia et Motu Cordis describes Aristotle's understanding of the
 heart and its transformation and deepening in Aquinas Part three The Heart and the Fate of Humanity examines the spiritual
 scientific view of the heart as developed in Rudolf Steiner's teachings Also included is an appendix containing selected
 meditative verses and therapeutic meditations for the heart This volume was originally published in German by Verlag am
